Four New Profs Join HJC Staff

New members of the staff at HJC this session are Miss Harriet Jackson of Water Valley, Miss Ria Clinkscales of Montgomery, Ala., Miss Mildred Herrin of Bentonia, W. P. Cox and G. M. Robertson of Ellisville. Miss Jackson succeeds G. A. Stevens as head of the foreign language department. Mr. Stevens has been commissioned as a lieutenant (j. g.) in the U. S. Navy.

Miss Jackson was formerly head of the language department and critic teacher in the University High School at Oxford. She holds both B. A. and M. A. degrees from the University of Mississippi. She has also done graduate work at the University of Wisconsin, University of Colorado, University of Tours, France, and University of Mexico. She has traveled extensively in France, Mexico, and

Active in professional organizations, Miss Jackson is a former secretary of the Mississippi Chapter of American Association of French Teachers, a former president of the North Mississippi Classical Association, a member of Eta Sigma Phi, honorary classical fraternity, and Pi Kappa Pi, an honorary scholastic fraternity at University of Mississippi. She has also been an active member of the A. A. U. W. chapter at Oxford.

Before joining the University faculty, Miss Jackson taught foreign languages for a number of years in the high schools at Gulfport and Water Valley.

Miss Clinkscales is the new instructor of high school mathematics. Last sesion she taught public school music at Shaw. She is a graduate of Brenau College and University of (Continued on page four)

'42-'43 Campus Activities Begin After Recess Following Summer Term

After a recess of only one week last session. following the third or short term of summer school, the HJC campus is again buzzing and stirring with the clattering of feet, the familiar clinking of the bell, and the chattering of

Over 350 students have been classified. Many changes have been made on the faculty, with five new instructors on the staff. They are Miss Harriet Jackson, Miss Ria Clinkscales, Miss Mildred Herrin, G. M. Robertson, and W. P. Cox. On the War Production Training staff, in addition to Local Supervisor G. M. Robertson, are T. O. Baucum and Henry Berry. Cox, Baucum, and Berry joined the staff during summer school. W. C. Beazley and James Ferrell were instructors in this department before the close of

Six members of the faculty have joined the armed forces. They are Lt. Col. H. J. Bankston, who two years ago was granted a leave of absence as head of the chemistry department, PFC L. K. Clark, now stationed at Camp Shelby, Private Walter Gibbes, who was granted a leave of absence last year before his induction in the army, Lt. (j. g.) George A. Stevens, who will report for duty in October, Lt. Eddie M. Young, who was called into active duty last month, and Ensign Florence Hutchison, who joined the WAVES last week.

Miss Janet McDonald, registrar, is on a leave of absence for the second year to do work on her doctor's degree at University of Chicago. Miss Martha Wallace has resigned to become a supervisor of NYA work in the southwest district of the state.

Last week's activities included registration on Monday, Tuesday, and Wednesday, a picture show on Tuesday night, an orientation program on Wednesday night, a student body get-together on Thursday, a faculty reception on Saturday night, and vesper services at Raymond Lake Sunday evening.

The program this week began with regular class work and a study program each day. Freshmen were administered placement and achievement tests. On Wednesday morning they reported to the library for an orientation drill in library work. Their classes and instructors in freshman English will be assigned today.

The main event of the week will be the football game with Scooba Friday night at 8 o'clock. On Saturday evening there will be a campus social.

Clubs have met this week at their usual time and activities in each have already begun.

New CPT Class Begins Ground School Work Here Thursday

ing will begin work here tomorrow. The local quota is ten. Hinds Junior College has contracted for ground school training and Mississippi Airways, Inc., for the flight training.

Those who will be enrolled in the class are John Chester Toole, Louis H. Perkins, Earl Graves, Charles Henry Boone, Robert P. Neblett, Jr., A. R. Powers, Charles B. Donner, Harry K. Faija, Gammill, and Mc-

Names of the ground school faculty released by Coordinator H. E. Worley are: A. L. Denton, physics; C. E. Stuart, physical education; Miss Ria Jane Clinkscales, mathematics; Mrs. E. S. Samuels, mathematics; J. E. King, radio; Paul Lackey, navigation; and Shelby Maxwell, meteorology and civil air regulations.

Three of those who completed their elementary CPT work in ground and flight school here this week will go

A new class in Civilian Pilot Train- to the army glider school. They are Edgar P. Harris, Jr., Jackson; Ernest Ray Harper, Jackson; and James Morgan Farmer, Mendenhall.

> Pursuing courses towards instructor or service pilots, the following will take secondary CPT courses: Robert Watson, Hattiesburg; Owen Debs Elliott, Jackson; Royce Leo Culpepper, Jackson; and Jack E. Ford, Vicks-

> Charles Brame of Jackson completed his flight tests, but on account of an appendectomy he will have to take the ground school tests later.

What's Your Name?

"What's your name?" is a common question, but it is out of date at HJC. All teachers and students are given name badges (dog-tags to you, Freshmen), and everyone goes around craning his neck to see what everyone else's name is. Look out, boys, don't bump heads looking at that campus belle's dog-tag.

And there was the experience of a certain little freshman. When asked where history class met, she proceeded to give the unknowing one a full discussion of direction in detail but toward the end of it she stopped abruptly when she found that he was only staring at her name badge. Such a pity-but maybe the latter was more interesting! Ha!

Our Silver Anniversary

. 1

Twenty-fiive years ago - in the fall of 1917, the halls of Hinds Junior College opened its doors—a small school with few students.

Since that time, HJC has steadily progressed. Its students, its faculty, its buildings, its equipment-all have made HJC one of the best junior colleges in Mississippi.

What has made this possible? The greatest contribution was the cooperation on the part of the students. Someone else made the past 25 years successful; so let's do our part toward making the next 25 even better.

"It's All Up To You"

The best piece of sound advice which has come to this writer's ears in quite awhile was recently given by Miss Ruth Boyd, one of the HJC instructors, in her sophomore English class.

Written in poetry style, the advice is something that will not only start one to thinking, but aspire one to higher ideals. The author is unknown. Read the selection and take heed.

Who's Who?

You are the fellow who has to decide Whether you'll do it or toss it aside; You are the fellow to make up your mind Whether you'll lead or linger behind, Whether you'll try for the goal that's afar, Or just be contented to stay where you are. Take it or leave it. Here's something to do. Just think it over-It's all up to you.—Anonymous

Send It Home

Does the Hindsonian contain anything which is of interest to you? Are you receiving information, pleasure, and enjoyment

If your answers to these questions are yes, those things which interest you should interest your family., They are interested in what concerns you.

When you have finished reading your copy of the paper, don't just throw it away, but send it on to your family. A postage stamp isn't much, and they will receive more than that amount of pleasure from it.

The 1941-42 "Eagle"

Bubbling over with pride and joy, we view our 1941-42 "Eagle." It is to the graduates of '42 that we are greatly indebted, for they are the ones who made it possible.

As a sophomore class privilege, the job of getting out an annual is a large one but reaps a great deal of pleasure. Although the annual is sponsored by the upper classmen, it will be entirely impossible without the whole hearted support of the student body.

What Are You Doing Here?

Why did you come to HJC? Every student goes to school for some reason or reasons. Are you here only because your parents wanted you to come? Or are you here because you like to pla yball and could get a scholarship?

He who goes to college should go to get an education, which is

really "the only difficult thing to do." Robert M. Hutchins, president of University of Chicago, says: "In order to get an education he must bring with him these three things: (1) a certain minimum intellectual equipment, (2) habits of work, and (3) an interest in getting an education. You can go to school for four years and graduate, have a good time, and get a degree, but you cannot get an education."

Unless you find good teachers to listen to and good books to read you will find that school, aside from social life and athletics, is a dull place.

Pres. Hutchins continues to say that college should make a man manly. The student who tackles work and gets a general education and masters all fundamental principals of sciences and arts can adjust himself to the world. "You can lead a horse to water, but you can't make him drink."

Hello, fans of Hallie Hinds! Here I am, back again this year, ready to tell you all you missed this summer.

It seems that there has been plenty of serious business going on lately-Third finger, left hand-for further references, see our librarian.

It has been told to me that our last year's editor, Frankie Lewis, who so successfully guided the Hindsonian and the football team-over many tight spots, failed to truck successfully. Result: a Collision.

A Thought for the Week

There is one task before all of us: That of rendering our maximum service in the war effort. When victory is achieved, other objectives can take their places in their order of importance. Let each one do now what he can even though it appear small.

Tryouts for Band And Majorettes Held This Week

Tryouts are being held this week for one of the busiest organizations on the HJC campus—the band. In addition to playing on the campus, the musical group will make several trips (unless Uncle Sam gets the tires).

All students who play or want to play are invited to band practice. Those who have twirling aspirations will be given a chance to exhibit their skill the latter part of the week.

Otho Joins The Army

Otho, the negro cook whose familiar face shone on the Hinds Junior College campus for more than ten long years, left last June to do a little cooking for his "uncle" in the United States Army.

Otho's father came here in 1917 and was Hinds Junior's first cook. Otho was only five then, but after his school day was over he'd drop in and help his daddy. To begin with Otho was just a chore boy about the kitchen, but later he became "head cook" and before he left for the army he was promoted to the position of "chief cook." He said he learned to cook by watching the other fellow and by "trying things for experience." Hundreds of former students remember Otho's banana pudding, which he served every Tuesday before the sugar rationing went into effect.

Otho's classy all white outfit, which he wore on Sunday during warm weather, has been replaced with a new khaki suit.

Otho wrote a letter back to some of the teachers. This one he wrote to Prof. Wheeler:

Otho Glaze Pyt. Co. A, 2nd Training Battalion B. I. R. T. C. Fort McClellan, Alabama

Hello Prof. Wheeler, How are you these hot days? Good as usual, I know. How is Mrs. Wheeler, Mr. Horton and Mrs. Horton. Well how is all the faculty getting along? I left Camp Shelby. He is fat as a former sports editor of this journal, East Mississippi 7.

Eagles Round Into Shape For Opener With Scooba Lions Friday Night

Hinds Eagles are finally rounding into shape for their opening game with Scooba Friday night at 8 o'clock. Coach Stuart will put the finishing touches on his boys this week and is

If Hindsonians will come out and root for the team, the boost will help keep up the team's spirit.

The following boys are out for the team-Ends-J. High School Football Abandoned For Duration

In step with the other Hinds County schools, the athletic department of the high school department will abandon football for the duration.

This announcement comes as a surprise to all who anticipated a highly successful season for the Baby Eagles. Such stalwarts as "Skin" Boteler, Jim Liollio, and Charles Crawford are working out with the college eleven, and may see service in the j. c. tilts

So far, no announcements have been made concerning the abandonment of basketball.

NEW COURSES OFFERED

Each year HJC tries to expand the curriculum to meet the current needs. In this way, students will have a varied program for selection.

Two new subjects are being offered this year for the first time. These courses are designed to aid both the boys and the girls of the college.

As part of the National Defense Program, physics is now offered to the boys. Special places are held for those students who are connected with a re-

HINDSONIAN TRYOUTS

Tryouts for positions on the 'Hindsonian' staff are now open. Those students who wish to try out should make their wishes known to either the editor or some staff member.

When speaking to a staff member about tryouts, students are requested to give any past experience and to state the department in which he is most interested.

Applicants should make their desires known immediately as it is necessary to fill vacant positions.

Ensign Hutchison Reports for Duty With the WAVES

Ensign Florence Hutchison, just last week a member of the HJC faculty as ground school aviation instructor but now an officer of the WAVES, arrived at Northamption, Mass., Sunday night to report for duty at Smith College.

Miss Hutchison left Raymond Thursday for New Orleans where she was inducted as an ensign in the Woman's Auxiliary Navy Service. She passed the preliminary examinations in New Orleans in August. Lt. Amos, office of Naval Officer Procurement, notified her Wednesday that her commission had been approved in Washington.

Ensign Hutchison is a graduate of HJC and Millsaps. She was formerly a teacher at Carrolton. Two years ago she earned her private pilot's license in a CPT class here. At that time she was instructor in high school mathe-

Miss Herrin of Bentonia, former secretary to the president of Hinds Junior College, has returned here as head of the commercial department replacing L. K. Clark, who entered military service in June. Last year Miss Herrin was teacher of commerce at Mount Olive High School in North Carolina. She has also taught at Trigg County High School in Cadiz, Kentucky. Miss Herrin is a graduate of Hinds Junior College and Bowling Green College of Commerce where she received her A. B. degree.

Mr. Robertson of Ellisville succeeded Eddie M. Young as local supervisor of war production training the first of August when Prof. Young, a member of the reserve corps, was called into active military service as a first lieutenant. A graduate of Mississippi State College, Mr. Robertson was formerly coordinator of vocational education in the Biloxi Public Schools and local supervisor and instructor in the Hattiesburg Vocational Schools. He has also taught commerce in the high school at Liberty.

Gay Appoints 12 Girl **Company Leaders**

Twelve girls have been appointed by Miss Bess Gay, head of the girls' physical education department, to direct companies in marching in the girls' military unit which will be organized next week when the new physical education program gets underway.

First training for the girl company leaders at Hinds will be conducted by Lt. (j. g.) G. A. Stevens.

Those appointed by Miss Gay are as follows: Ann Lois Menger, Marjorie Swenson, Mary Alice Clark, Rose Lee Britt, Barbara Holman, Althea Magoun, Mary Ruth Holliday, Polly Taylor, Thelma Prassel, Doris Butler, Mary Filgo, and Bettie Sue Jones.

It is probable that a company composed of women faculty members will be organized. Company leader, appointed by Miss Gay, will be Miss Marguerite Vanderburg.

Lt. Stevens To Assist Stuart In New Physical Ed Program

Former Prof. George A. Stevens, recently commissioned lieutenant, j. g., in the U.S. Navy, returned to the campus yesterday to assist Athletic Director Stuart in directing the new physical education program which goes into effect at Hinds this week.

Having been ordered to report at the Naval Air Station, Quanset Point, Rhode Island, on Oct. 20, Lt. Stevens will probably leave here about Oct.

Mrs. Stevens, also a member of the faculty last year, will join Lt. Stevens here this week.

The Eaglettes are facing a year's other two hours will be made up work on concentrated activity which largely of calisthenics. Girls may will include a combination of the aims of National Physical Fitness Clubs and an expanded intramural program, Miss Bess Gay, head of the girls' physical education department, announced Monday.

"The specific aims of the Hinds program will be more than improving physical strength, vigor, and endurance," she said. Good health habits, good posture habits, physical and mental vigor and stamnia that will prepare a girl for service in an allout war effort will be encouraged.

"The function of this effort will be to guide and stimulate rather than to direct all the activities," she pointed

Sievers To Enlist In Navy; Biggs Takes Over Band

Prof. C. Aubrey Sievers, director of the HJC band for the past two years, and Mrs. Sievers left Raymond Sunday for New Orleans where Mr. Sievers will enlist in the Navy.

Before coming to Hinds, Prof. Sievers was director of the Utica band. He is a graduate of the Music School of L. S. U., and has studied at Vandercook.

Until he is called into active service, Prof. Robert Biggs, '36, will direct the Hinds band. Mr. Biggs is a graduate of Northwestern University and was formerly director of the band at Metropolis, Ill. His home is in Raymond.

Band rehearsals will be held each night this week. A full schedule for the band will get underway next week when Mr. Biggs will continue classwork and private lessons formerly taught by Mr. Sievers. At the first rehearsals Tuesday night, Mr. Biggs assured the band that Hinds would sion.

A Victory Health Program

In these days of war and strife, it is up to us as citizens of these United States to try in every way possible to help our country to uphold its principle of freedom. It is our responsibility to do these things which will be of the greatest help rather than the greatest hindrance. Therefore, we should especially be mindful of the many programs which our government is emphasizing and we should cooperate in these programs as best we can.

Advertised in magazines, on the radio, and in newspapers, is the now seemingly all important program of National Nutrition. This is being emphasized in connection with the Physical Fitness Program. All of which means that we should have as a slogan "Health -For Victory."

You may ask, "Why should we cooperate with this health program? Isn't our health our own business?" The reasons for complete cooperation are many, but briefly stated three are:

- 1. Healthy people require little professional medical attention.
- 2. Healthy people require little of the new necessary medical supplies.
- 3. Healthy people work better.

These three reasons are most important answers to the question of

Hinds Junior College, as usual, is pitching right in by the side of Uncle Sam and is offering to its students an all-out victory physical fitness program. It is up to us as students to take advantage of this opportunity, and to cooperate wholeheartedly with Miss Gay. director of girls' physical education, and Mr. Stuart, director of boys' physical education.

Marching from 8:00 to 9:00 on Monday, Wednesday, and Friday morning is required of the girls. This extra assignment may be hard on them at first. It won't hurt; instead it will doa world of good. Last year the boys participated in a successful early morning program. They are advancing from the plan started last session.

Let's cooperate! If our habits are healthy, we are sure to have a happier Hinds!

Get Out of The Rut!

In yesterday's edition of the Clarion-Ledger, an excellent editorial was written concerning the necessity of teaching American history to every American boy and girl. The editorial further stated that only 82% of the American colleges required students to take American history.

If you have always thought of history as nothing but trouble, "get out of the rut!" Get into an American history class today!

Poet's Corner TEACHERS

By Lillian Jackson

Teachers are such handy things, But somehow they just don't stay. Some are influenced by rings, And others the army takes away. A few won't make it the whole year through,

For Uncle Sam has a job for them to

But regardless of where they go, And regardless of what they do, They may always surely know That students think of them too-For they have been their inspiration And won their love and admiration.

ALLEN'S POETRY

By L. J. and D. S.

The Poet's Corner is cluttered up; Everything has gone wrong. Nobody knows how to write a poem Since dear poet Allen has gone.

Oh, he could really write a rhyme; For his verses we can never repay But his ability is of no value now Since he has gone away.

It was easy for him to write About sunsets, his philosophy of life But since he has passed on We've found nothing but constant strife.

The poems he composed for us We really appreciated; But who's going to write it now Since he has graduated?

A Thought for the Week

By Coach C. E. Stuart

Probably never in the history of our country has the demand for physical fitness been so great. We are engaged in a life and death struggle of total war. To win - which we shall - will require the very best in the way of physical equipment from every boy girl, and adult in our land.

May I beg of you - every student and faculty member — to take advantages of our facilities to fit yourselves to meet whatever task you may be called upon to do.

the '42 grid season Friday night by defeating the Scooba Lions 7 to 0. The lone tally came in the second period by a pass from Sam Ridley to Joe Moss who took the pass on the Scooba ten and cantered to pay dirt. Larry Petitt made the conversion.

Tough luck seemed to bound the Stuartsmen throughout the game by their having two touchdowns called back. One of the touchdowns came in the first period by a pass from Byrd to Moss, and the other came in the final period by Sam Ridley's 30 yard interception.

Scooba was outplayed throughout the game having only four first downs in contrast to the Eagles' 11. The aerial offense of the Stuartmen clicked well the entire game.

Outstanding stalwarts of the Eagles were Ridley, Boteler, Moss, Parker, Fowler, Griffin, and Johnson. However, the Eagles were continually receiving trouble from Lions Barrett, Waites, and Kovalick.

After a year in the nation's capitol, I just can't describe how good the campus looked as I walked slowly up the concrete semicircle of Hinds Junior College. periences in the capitol, but I am sure that my most treasured remembrance was that of being introduced to the first lady of our land, Mrs. Franklin D. Roosevelt. For over six months, I had been singing in the vested choir of the Foundry Methodist Church and therefore was only a few feet away from her when she delivered an interesting address to the young people of the church one Sunday evening in April. She spoke for approximately thirty minutes on the subject, "The Rising Youth of America." It was a very excellent talk, and throughout she emphasized loyalty to our beloved land. At the close of services, I rose eagerly from my seat in the choir loft, and hurried down to meet her. As I was introduced, she politely shook hands and said she was glad to meet a young man from Mississippi.

Another interesting and unusual experience was that of seeing the Washington Senators defeat the New York Yankees 3 to 0 in a pitcher's duel to the finish. Even though Joe DiMaggio banged out three clean singles in three times at bat, the big city boys just couldn't seem to clock.

Teachers Responsible For Departmental Press Reports

Each teacher will be responsible for the news that is printed in the Hindsonian and in county and city papers cocerning his department this session. Heretofore, reporters have been assigned to the teachers, with the student reporters having the responsibility of seeing that the stories were covered.

The set-up this session is somewhat different in that if the teacher wants a story concerning his department published, it is his duty to drop the story which he has written into the Hindsonian box, or to see some member of the staff and request that an article be written. If the story is of sufficient importance to necessitate immediate attention, the teacher should communicate with Miss Steadman who will send the news to the press.

To eliminate repetition and to prevent misunderstandings, all press notices should be filed in the Hindsonian office although the teacher or student does not necessarily desire that the notices be published in the campus

If a teacher requests that a regular reporter be assigned to him, every effort will be made by the staff to grant the request. Club reportres are responsible for the news of their respective clubs.

Among HJC visitors for the Hinds-Scooba game were the following former students: Allen Prassel, Nelon Davis, Lindsay Noble, Lucille Noble, Ney Williams, Jr., Rosemary Parker, Curtis McGee, Ben Gregory, Louie Wilkins, Ray Cannada, Hal Phillips, William Noble, Malcolm Gary, Joe Reynolds, Louise Comfort, Aubrey Chambers, and Jack Farrell.

War Industry **Needs More Aircraft Riveters**

A telegram was received Monday by Local Supervisor G. M. Robertson, War Production Training, from an aircraft concern requesting the number of males in aircraft training here who have deferred status. Robertson replied that HJC had no males ready for this work at the present time.

Since there has been an acute demand for trained aircraft riveters, the local shop has had to turn down requests because the demand was greater than the supply. As fast as local trainees have finished their course here, they have been sent to immediate employment.

People interested in this type of war work should not wait, but enroll at once, Robertson stated.

Classes in aircraft riveting and sheet metal are operated from 12:00 noon to 6:00 p. m. and from 6:00 p. m. to 12 midnight. The training consists of layout work, drilling, riveting, bucking, removing, cutting, shaping, and blueprint reading.

An enrollee must be 18 years or older with his Selective Service classification not higher than 3-A. It makes no difference as to the state or county in which a person lives. The individual should be able and willing to accept employment in war industry at the completion of the course and should be able to pass a physical examination based on the one given in war industry.

There are no charges for the training. Employment opportunities are excellent at the present time since millions of additional war workers

"Lunch Bucket Brigade" All-Out In War Effort

Washington, D. C.—Rural schools will be an important cog in the big war machine being built by the Nation's educational system, the War Savings Staff of the Treasury Department announced. When the records of accomplishment are added up the farm children of America will have done their part in every "branch of the service" in "Schools at War."

Already the sturdy farm youngsters who cover thousands of miles daily in order to get an education have begun individual programs to aid the armed forces. Boys and girls of the 4-H Clubs and Future Farmers of America groups are raising livestock for War Bond money. The care they are devoting to feeding and grooming of their stock is resulting in a better grade and bigger volume of food for freedom. Hand fed poultry is furnishing an increasing amount of War Stamp money and food. Farm youths are also participating in the collection of scrap iron and

Victory gardens, planned, planted and picked by farm children are not only helping share the burden of food production but are also designed to produce the maximum nutrition so vital to the health of young America. In addition a number of rural schools have organized co-operative school gardens to supplement home production.

All of these farm activities will naturally and quickly fit into the Schools at War program and they will combine with the many other vital activities of the war program to present a solid and valuable front of accomplishment on the part of the "lunch-bucket brigade" of the schools of rural America.

Save! Serve! Conserve!

Schools at War is the title of a national program now being conducted under the auspices of the War Savings Staff of the Treasury Department and the United States Office of Education and its Wartime Commission.

The program, which began on September 25 and will extend through February 22, 1943, will include approximately 30,000,000 young citizens of the United States. It is designed to unite these young people into a Home Front army which is imperative to our chances of winning this war.

The "Schools at War" plan has set up three aims which, stated briefly, are:

- 1-To encourage the schools to develop a program of war activi-
- 2-To educate the American public to the value of a school war program.
- 3—To give awards to all schools enlisted in the program.

This national program was recently adopted by Hinds County, and the official opening of the Hinds County School of War over WJDX was heard last Friday by every HJC student.

The program presented at that time emphasized the following main ideas:

- 1—Putting savings into bonds and stamps.
- 2-Collecting scrap.
- 3—Providing services that people in school can render.

Included in the Hinds County plan were:

- 1—Save money
- 2—Salvage metals
- 3—Serve community

Hinds Junior College, as one of the finest schools in Hinds County, should be among the first to take the lead in promoting the program.

On the campus, be thoughtful and conserve — conserve electricity, water, food, heat, paper, clothing, furniture, and all utilities. When leaving your room, turn off the lights and the radio (needless to mention that your radio is not to be turned on during study hour). Eat every bite on your plate (it's considered good manners to do so now); if you don't like banana pudding, leave it in the serving dish. If your room is too hot (if it is - we "froze" Monday and Tuesday because of lack of heat in our classrooms), turn off the radiator. If your roomie is not so fortunate as you in getting a copy of your "Hindsonian" share it with him (remember there's a paper shortage)! And of course last year's clothing will be in style on the HJC campus this year; don't buy that new sweater unless you need it. Take care of those innerspring mattresses, girls; we may not be able to get any more any time soon. Leave off that candy bar and drink once a week and buy a ten-cent war stamp.

Always be ready and willing to render any part you can to the

Do You —?

Do you use all the sugar you possibly can now because you are afraid you can't get any later?

Do you spend all your allowance fulfilling your desires and forget to buy Defense Stamps?

Are you buying a large supply of hair pins or razor blades fearing a shortage?

Have you bought several pairs of rubber soled shoes to wear while Uncle Sam is searching for rubber?

Do you drive the family car as much as possible in order to use up the present supply of tires and gasoline?

Do you make frequent long distance telephone calls and perhaps interrupt or delay important military messages?

Have you stocked up on silk stockings so you will be sure that you will be wearing silk ones?

Do you always have something planned to do so you can refuse to help in all kinds of war work?

If your reply to any of these questions is affirmative, YOU are not a TRUE patriot.

Liaison Trainees Offered Advantages

CPT Coordinator H. E. Worley announced today that men in the liaison CPT class will be furnished room and board including blankets, sheets, and towels. Although they will receive sick and accident insurance during the time of their training, they will receive no pay.

Opportunity is now afforded students entering CPT Elementary training. Upon completion of this training, according to a communication from the Department of Commerce, Civil Aeronautics Administration, CPT, Region 2, the student is enlisted in the field artillery and sent to the Field Artillery School at Fort Sill, Okla-

There he receives eight weeks of fied artillery basic instruction in "grasshopper" technique. Upon graduation from this course he gets rated as a staff sergeant, with wings and flying pay. This fact is made evident by articles which recently appeared in the daily press of these countries and which have just reached Washington from private sources.

On the basis of these reports teachers appear to be the most widely persecuted professional group in the occupied countries. At the same time the teachers seem to be the most persistent in their refusal to cooperate with occupation authorities and their own Quislings.

Official decrees and news stories appearing in local newspapers from Greece to Norway, and from eastern Poland to France reflect the teachers' determined resistence to Nazi educational principles and school politics.

Mass arrests of college professors have been made, and some of Europe's leading universities have been closed in an effort to stamp out this intellectual opposition to Nazism.

Before the closing of the University of Brussels, stories in Belgian papers disclosed that 20 university departments were without faculty heads as a result of "retirements, deaths or other reasons." A Swedish correspondent in Brussels reported the university had been closed because its board had turned down a Nazi ultimatum to transfer authority to a committee from which its own president had been excluded. Ten faculty members arrested at the time of the closing were the latest of a number of Brussels professors to be purged.

Several Norwegian newspapers recently carried accounts of the imprisonment of Rector Seip and several well-known professors of the University of Oslo. They were held under a new decree calling for the arrest, without trial, of Norwegians jeopardizing their country's "peaceful development."

In Yugoslavia, 25 faculty members described as "freemasonry and left elements" were recently dismissed from the University of Belgrade.

The press of the occupied countries also reported recently the purge of many professors in France and Luxembourg. These include Professor Sciences.

Every Student Purchasing Is Goal Of Stamp Drive

Every HJC student purchasing war stamps will be the goal of the 1942-43 War Stamps and Bond Drive at Hinds Junior College, according to Miss Harriet Jackson, chairman.

"Our main purpose will be to encourage each student to have some part in the drive," she said. "Of course we want quantity, but rather than quantity we prefer regularity of purchasing by each student. It is essential that each student realize that he is playing some part in the war effort. One of the simplest ways is to have a definite weekly or daily plan which will aid in saving dimes which can be used for war stamps."

To stimulate interest in individual and class plans the local committee is considering a contest for those on the campus. Members of the committee in addition to Miss Jackson are Miss Willie D. Hearst and Prof. J. R.

Twirlers To Tryout

Tryouts for twirlers will be completed this week, HJC Band Director Robert Biggs has announced.

Those participating in the tryouts are: Nell Shelton, Ann Doherty, Sunny Barnette, Clara Margaret Cagle, Jane Allen, and Julia Gonia.

Preparations are also being made for the band to give an exhibition at the Hinds vs. Perkinston affair here Friday night.

I Am Old Glory:

For more than eight score years I have been the banner of hope and freedom for generation after generation of Americans. Born amid the first flames of America's fight for freedom, I am the symbol of a country that has grown from a little group of thirteen colonies to a united nation of forty-eight sovereign states. Planted firmly on the high pinnacle of American Faith my gently fluttering folds have proved an inspiration to untold millions. Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity. They have prayed that they and their fellow citizens might continue to enjoy the life, liberty and pursuit of happiness, which have been granted to every American as the heritage of free men. So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers; so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of

Beazley, instructor in auto mechanics in the War Production Training program.

Baucum has returned to his home in Memphis where he is awaiting his call to report with the V-5 Naval Reserve. He will be succeeded by E. T. Potts, Jr., of Vicksburg, a former HJC student.

Beazley has volunteered for the Army and will report as Staff Sergeant in his type of work. He is also awaiting his call to report to duty. His successor is C. L. Cagle of Raymond, who has completed a course in auto mechanics and has been in business in Raymond for several years.

J. D. Ferrell has resigned as welding instructor to accept employment in the Delta Shipyards, New Orleans, and at the present time H. R. Berry is teaching both classes in electric

Booth at Fair To Show HJC's Part In War Effrot

The part Hinds Junior College is playing in training war workers will be revealed in a display at the State Fair next week. Also on exhibit in the HJC booth will be a poster stressing the fact that Hinds Junior College is partly self-sustaining as far as food is concerned.

Although the exhibit has not been definitely planned, it is expected that a large portion will illustrate the service of the Meat Curing and Cold Storage Plant, located on the campus here, to Hinds county farmers.

Other phases will be the War Production Training and Civilian Pilot Training programs.

Members of the State Fair booth committee are G. M. Robertson, G. L. Sheffield, H. E. Worley, Z. D. Wheeler

Students and faculty members who go to the Fair are urged to go by the HJC booth in the Exhibits Building.

No Hindsonian for Next Two Weeks

As is customary on test weeks and on the week following a holiday, the Hindsonian will not be published for the next two weeks unless unusual, unforseen, or extraordinary events occur on the campus. Next week will be the sixth week, or end of the first term, and the following week will be | Monday. after the holiday for the Fair in Jackson.

Other changes which will probably Miss Ria Clinkscales from high school mathematics to the CPT ground school faculty, Pres. G. M. McLendon has announced. Miss Clinkscales will teach meteorology and civil air regulations. Prof. Harris will take over the physical education work of Lt. (j. g.) G. A. Stevens, who will leave this week to report for duty at a naval training school. Lt. Stevens has been assisting Coach Stuart temporarily.

"These changes have been necessitated by the war program," Pres. McLendon stated.

Hinds Junior College at the present time has concentrated programs for training workers in several departments. Among these are the courses in Civilian Pilot Training, physical education, agriculture, aircraft riveting and sheet metal, auto mechanics, and electric welding.

Homecoming Called Off

Due to the war program of conserving tires, gasoline, etc., there will be no Homecoming Day at Hinds Junior College this year.

The Homecoming Day celebration was originally planned for October

A cordial invitation has been extended by Pres. McLendon to all alumni to come back to their Alma Mater at anytime. Every day will be Homecoming Day, instead of having one gigantic celebration.

Virginia Massey Heads Girls' Chorus

Virginia Massey has been elected president of the Girls' Chorus. Other officers are: Betty Callender, vicepresident; Mary Jean Woodard, secretary; Boncyle Fairchilds, reporter; and Mrs. L. B. Davis, sponsor.

Mae Bloxom was treasurer of the club, but withdrew from HJC last week to enroll at Pearl River Junior College.

Eighteen girls belong to the chorus. They are now making plans for a sacred concert to be given in the local churches, and for a patriotic program to be given in Vicksburg. Dates for these events have not been scheduled.

Holiday for the Fair

As customary, HJC students will be given a holiday for the State Fair in Jackson next Friday, October 16, Pres. G. M. McLendon announced

The holiday will climax first term test week.

Keep It Flying

As a part of the National Newspaper Week celebration, member newspapers have been requested by Associated Collegiate Press to display the flag of the United States of America in their papers during this week and to keep it flying for the duration. In keeping with this program and with the efforts of the Hindsonian to promote constructive activities on the Hinds Junior College campus, the Hindsonian presents the following three objectives to the HJC faculty and student body:

1. That a Flag of the United States be purchased for use at assembly programs, when both students and faculty will give the "Pledge to the Flag."

2. That each HJC student learn at least the first stanza, if not all four stanzas, of "Star-Spangled Banner."

3. That the ceremony of hoisting and lowering the Flag, north of the Administration Building, be properly observed.

Elsewhere in this edition several suggestions concerning proper respect to the Flag are published. In the college library may be found pamphlets and adequate references for those wishing to learn how to display and respect the Flag.

National Newspaper Week, Oct. 1-8

By Dean Kenneth E. Olson, Medill School of Journalism, Northwestern University

You lay down two or three cents for your home town newspaper as a matter of habit, expecting it to bring you the latest information from all over the world and never give a thought to how important this press is to you or your family. You never stop to think how much liberty and happiness is bound up in the fact that you can read this kind of a newspaper; you never stop to realize that today only in the United States and some parts of the British empire can men and women read the news of their neighbors and of the world without the blighting touch of governmental control.

Should you be denied that right you would soon realize that more and worse would be coming. You would know that soon your spare time would not be your own, that at any time you could be called out to a party meeting or to a parade before the local or national ruler, with terrific penalties imposed if you failed to obey that summons. You would know that you could no longer swap ideas with your neighbor without letting yourself in for trouble with the secret police. You would know that you could no longer go to your own church or send your children to your Sunday Schol. You would know that you would soon have no individual rights at all-you would be but the slave of a dictatorial state.

We may perhaps realize these things vaguely but few of us ever stop to think that the newspaper we take so much for granted is the keystone of the liberties of all individuals. Once this free press of ours is muzzled it will be the signal for the suppression and persecution of religion, of the right to belong to a labor union, of the right to speak our minds.

Where the press is free it can function as a protector of the rights of our people and of our free democratic institutions. Where the press is enslaved, these rights of the individual and the free democratic institutions which Americans hold so dear, soon disappear.

Star Spangled Banner

O! say can you see by the dawn's early light,

What so proudly we hailed at the twilight's last gleaming,

Whose broad stripes and bright stars through the perilous fight,

O'er the ramparts we watch'd, were so gallantly streaming? And the rockets' red glare, the Bombs

bursting in air, Gace proof through the night, that our

Flag was still there; O! say does that star-spangled Banner

yet wave, O'er the Land of the free, and the

Our Flag

What should the Stars and Stripes mean to us at home here today?

When our boys are defending the flag on distant battle fronts, doing the work, fighting, and dying, there is no place for blind, fanatical patriotism which merely shouts and weeps. Action, deliberate, determined, and untiring, is essential.

Are we on the campus here really patriotic? Let us continue to sing "The Star-Spangled Banner" every day, but let us also honor our flag on the home front by working harder than ever before, by buying more and more war stamps and bonds, and by setting for ourselves higher and higher standards of daily achievement.

Warriors To Come Here Thursday

The game with the Decatur Warriors has been definitely set for Thursday night, October 15, at Raymond, Pres. G. M. McLendon announced this week. The date previously scheduled was Friday night, October 16, with the place undecided.

It is expected that students will not want to leave the campus until Friday morning when a holiday will be given for the annual State Fair.

How's This for Obstacles?

College Station, Texas (ACP) -Army officers graduated from A & M college in the future not only will be well grounded in established military tactics but plans are now under way to train them in Commando practices, according to Col. Maurice D. Welty, professor of military science and commandant at the college.

Lieutenant Colonel C. L. Caphton senior instructor in the infantry unit, ROTC, has been placed in charge of the Commando training and, with cooperation of the college landscape art department, has designed a cross country course that should fit a soldier for almost any hazard he might find in combat.

Log hurdles, 10-foot high fences to be scaled, barb wire entanglements, natural obstacles such as trees and thick underbrush, ascension bars, low bridges spanning creeks, other water hazards, culvert pipes some of which will have to be traversed on hands and knees and others on stomachs in snake fashion, and swinging ropes to cross gullies and streams have been incorporated into Colonel Caphton's

Otho Cheers for Eagles!

All the way from Maryland came greetings and cheers for the Eagles last week. Otho Glaze, for 14 years in the culinary department of HJC, better known as "Chef Otho," "Chief Cook," "Head Cook," or just plain Otho, is one of the strongest Eagle supporters. He sent the following telegram from Edgewood Arsenal, where as a private in Uncle Sam's Army he is stationed.

"President, faculty, students, coaches, and entire football squad wishing you all kinds of god luck and great success through the season years team YEAH TEAM HOLD 'EM."

Perkinston Bulldogs To Oppose Eagles Friday Night in Third Game Here

Following the Eagles' second | straight game win of the season, Coach C. E. Stuart's thirty-seven man squad began preparation Monday for Friday night's clash with the Harrison-Stone-Jackson Bulldogs.

At the end positions, Stuart will probably start Moss and Parker. However, Townsend, McCoy, Farr, Chopek, Virden, and Huff showed plenty of ability in Friday night's encounter and all may see considerable action.

Teamed with Captain James Griffin at tackle is Jack Harmon, who has shown up exceptionally well the past few weeks. Close on their heels for the starting position will be Hixon, Mackie and Boone.

Coach Stuart will probably start Humble and Roberts at the guard slots, but plenty of assistance can be counted on from such stalwarts as Johnson, Durst, Mathews, Pettit, and

With Fowler, Ferrell, and Henry in good shape for the tilt, center should be one of the Eagles' strongest points.

In the backfield, Stuart has a fine aggregation in Redley, Dirago, Luckett, Wiygul, Baskin, Byrd, Montgomery, Boteler, Bullen, Carr, Simmons, and McCorkle. Probable starters will be Wiygul, blocing back; Ridley, left half; Simmons, right half; and Boteler, fullback.

Even though the backfield has played magnificently during the last two games, much credit should be given to the line. Their blocking, charging and tackling have largely been responsible for the Eagle vic-

The Eagles won a decisive victory | The first touchdown scored by the over the Poplarville Wildcats by a Eagles came midway in the fourth score of 32-18 last week. This marked the second win of the season for the Hinds Eagles who also defeated the strong Scooba team 7-0.

Taking the opening kickoff deep in their territory, the Wildcats were unable to advance on two plays. A costly fumble gave the Eagles the ball deep in the Poplarville territory. On a series of running plays, Ridley, Boteler, and Simmons advanced the ball to the two yard line. From here Ridley carried the pigskin over for the score. So after only three minutes of play the Hinds Eagles went out in front 7-0. Again in the first period the Eagles crossed the pay stripe. This time Louis "Skin" Boteler carried the ball over from the three yard line after Ridley, Byrd, and Simmons, alternating, drove to the three yard

HJC Wins Cash Award and Ribbon

A red ribbon for second place and a cash award for \$50 were won by Hinds Junior College for its booth and display at the State Fair in Jackson. "Our Part in the State Fair" was the theme of the assembly program October 13, 1942, with Perry Luckett, president of the sophomore class, acting as student chairman.

Marital music, under the direction of Mrs. Lucile Davis, began the program and was followed by the devotional led by Rev. R. L. Wallace of the Raymond Baptist Church.

After the singing of the "Star-Spangled Banner," "Training for Victory" was presented by Professor H. E. Worley who spoke on Civilian Pilot Training and War Production Training and Coach C. E. Stuart, who explained the present physical fitness

"Food for Freedom" was explained by W. M. McKenzie, director of high school vocational agriculture and Z. D. Wheeler, manager of the Hinds Junior College farm.

Mr. Grady L. Sheffield, manager, talked on the canning unit, the HJC Meat Curing and Cold Storage Plant.

Mrs. Rowzee To Succeed Miss Guy as Librarian

Mrs. Gertrude Rowzee, recently associated with the Washington, D. C. Public Library System, and formerly librarian and high school principal at Newton High School, will arrive on the campus next week to succeed Mrs. Lee Sullivan, the former Miss Lucille Guy, as HJC librarian.

Mrs. Sullivan left the campus ten days ago to be married at her home in Macon last Sunday morning, October 25. She had served on the local faculty two years.

ENSIGN HUTCHISON CAPTIVATES AUDIENCE

Ensign Florence Hutchison completely captivated her audience here last Wednesday evening as she spoke to the dormitory girls and faculty members at the Y.W.C.A. hour. Former faculty member at Hinds, and ground instructor in the CAA course, Ensign Hutchison has received her commission as ensign in the WAVES, and has recently completed her course of indoctrination at Northampton, Massachusetts, serving there as drill and discipline instructor during the past few weeks.

Ensign Hutchison was most attractive in full dress uniform of the WAVES. She spoke enthusiastically of her training at Smith College, the navy traditions and customs, and the many interesting contacts she has

Prof. McKenzie Chosen Sponsor of Two Classes

Prof. W. M. McKenzie must be the most popular high school instructor if the elections of class sponsors have any weight. Two classes, both the high school juniors and seniors, elected him as their sponsors.

The high school seniors had previously elected Prin. A. L. Denton as their sponsor. The college sophomores chose Prof. Robert Biggs as class sponsor and Miss Bess Lance, who held the same position last year, as "Eagle" sponsor. The freshmen named Miss Marguerite Vanderburg, and elected Billy Brent as class rep resentative.

The HJC Service Roster

Plans are being made for an HJC dedicatory program honoring those in the armed service. The program will be similar to that presented at the Methodist church on last Sunday.

In order to make our service roster complete, the names of all former Hindsonians who are in the service must be gathered and checked. We can help immensely by turning in the names of those boys who we know are in the service of our country. Just write the name of the boy, his class at HJC, and the branch of service which he is in on a slip of paper and drop it into the Hindsonian box.

Conserve!

HJC students are conscious of the needs our government has for cooperation among the citizens of the United States. They are wanting to know just what they can do to aid in the campaign for freedom. Many suggestions have been made, such as buying War Stamps and volunteer services.

The part we as students can play is that of conserving. We can conserve the small amounts we have, and let us not forget to turn in old keys and small objects of metal that are so badly needed at this time.

A scrap metal box has been placed in the Campus Grill for the use of the students.

A Valuable Contribution

With the Fair over but not forgotten, one six weeks term gone and well into another, it is perhaps time for us to stop and take stock of ourselves.

Have we been as diligent in our school activities as we could have been?

Have we utilized every bit of our spare moments?

Have our study habits been developed into good ones?

If not, it is time that we turn over a new leaf and begin this new term with a "brand new" page.

Time is precious in these war times and it is up to us to use every minute we have to a good advantage.

Many of our boys may soon be called into the service of our country. Surely they will want to make the best of their last school days.

Our girls, too, will be leaving to take jobs and to help in the war effort. What they learn here may affect their whole life.

A good look at ourselves and a pledge to be diligent in our work during our school days would be a valuable contribution to our war work.

Star Spangled Banner

On the shore dimly seen through the mists of the deep,

Where the foe's haughty host in dread silence reposes,

What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals,

half discloses?
Now it catches the gleam of the

morning's first beam, In full glory reflected now shines in

the stream, 'Tis the star-spangled banner, O!

long may it wave
O'er the land of the free and the home
of the brave.

Kampus Kibitzer Kolum

The G. D. has a new blond occupant. Boys, she's Virginia Forbes of Jackson. Pert little skirt, too, if I do say so.

Frosh Tillie Barrow was seen making merry at the Fair last week-end with a guy who wears—no, not a pair of silver wings—but a Central High letter on his sweater. Not bad, not bad at all—in fact, she was seen with him at our last football game.

Permelia Williams isn't taking any chances. She has two "Joes." Nice work if you can get it—but who can get it except her?

We were all glad to see Ensign Hutchison on the campus the other day. Her snappy uniform took the girls' eyes and she had practically all the girls ready to join the WAVES. I'm afraid yours truly, Hallie, would only be a RIPPLE.

Best excuse of the week, we believe, is the following one confiscated from Mr. Denton's files. (Memo for future reference to married women students: The husband is responsible for excuses for the wife's absence from school.)

The "Stuart House" Faculty Circle Thursday Night

My Dear Mr. Denton-

Although I am very tired it becomes my painful duty to ask your consideration in dealing with Mary Stuart. The case involved is her absence from skool last Thursday and I shall ask you to bear with me while I attempt to state the reasons for this seeming indifference and failure to report to your very fine institution on the above mentioned day. I realize as does she - that to miss class instruction for one day is unfortunate and almost impossible to regain loss ground-however, I beg of you in the interest of patriotism and sacrifice to give her every consideration possible in deciding her case. Should you insist on prying into personal and family affairs she was away on very important business and it was absolutely necessary that she attend to said business on the particular day she was away from school. This business of which I speak was a shopping trip to Jackson at which time she purchased one card of safety pins, two pair of socks and 3 prs. of baby

$A\ Thought\ for\ the\ Week$

By H. E. Worley, CPT Coordinator

Many of us have friends and loved ones overseas. Let us resolve not to let a week pass without writing to them. Write them cheerful letters, full of local news. Most especially should we remember to send our Christmas packages before the dead line of November 1. Be sure to send bright and cheering Christmas messages.

From Staff Room Window

My! It's a b-e-a-u-t-i-f-u-l day at HJC-(another school day is over). The trees outside the staff room window are casting their shadows half way across the campus—and out of the shadows walk Mary Brooks and Jane Williams. And what do you know-Billy Brent is standing over on the sunny side of the street awaiting-them-where's Doc? Out under the "beaten" pecan are Marjorie Lack and H. J. Jennings fighting over a few pecans (those they weren't allowed to eat in glee club) Mary Alice Clark in a hurry (as usual).... Marjorie has tackled another Ann Lois flying high (up the hill).... Mr. "Mac" chatting with two charming girls-pardon me-ladies-Miss Gay and Miss Vanderburg - One would think this was the Lockheed Aircraft Factory — slacks are very popular-don't get excited-Physical ed....Where's Marjorie?-Oh, there she is-I can't see her but I can hear that laugh....

case if you find you can excuse the absence I shall appreciate your doing so. Also—though we don't anticipate her being away from school again—would you kindly file this epistle and use it as a standard excuse in case she should miss another day. As you probably know I'm too busy to do this often.

Thank you, Sur,

C. E. Stuart

In the meantime, don't forget to buy savings stamps sold here on the campus and help us all "Praise The Lord and Pass The Ammunition!"

Yours,

Hallie

Cotton Picking Planned by Y Cabinet

In order to raise money for the YWCA Treasury, YWCA cabinet members have made plans for volunteer girls to be transported to some specific cotton field to spend one afternoon picking cotton.

The girls will be paid wages the same and those of a laborer. Miss Threlkeld will pack a lunch to be served at mid-afternoon.

The girl who picks the most cotton will receive a prize. The field to be picked will be announced later by the Y cabinet.

The Raymond Lions Club entertained the football team and coaches Monday night with a banquet at the Consolidated School.

The speaker of the evening was Coach Stanley Robinson of Mississippi College, who was introduced by Dr. I. F. Simmons, also of the Choctaw faculty,

Other numbers on the program were: group singing led by Mr. Robert Biggs; invocation by Mr. Lamar Puryear; solos by Clara Frances Beazley, accompanied by Florene Lutz; a skit given by Jane Williams, Lillian Jackson and Myles Bell, and

Eagles Play Ellisville Bobcats, Defending Champs, Saturday Night

meet the strong Ellisville Bobcats, defending Conference Champions. The Bobcats are winners of the conference title for the past two seasons. After having a week's rest to help strengthen their squad, the Eagles are expected to be on their toes Saturday night.

Last year the Bobcats defeated the Hindsmen 7 to 0 in the toughest game the champion Bobcats encountered throughout the season.

Three lettermen are on the Ellisville squad, Hawenski, end; and Montgomery and Powerhouse, backs. Coach

The Hinds Junior College Eagles John Reed (Tulane), Bobcat coach, journey to Ellisville Saturday night to has put his team through a hard week of scrimmage, indicating he is expecting a very tough game. Thus far Coach Reed's squad has tied one game, that against the strong Perkinston team, and lost one to the Goodman team, 13 to 7.

The Hinds Eagles, having won three games and lost one, show a much better record than the Ellisville Bobcats. The Eagles will play minus the services of Lloyd Simmons, wing back, and Horace Humble, guard, who have dropped out of school.

The Eagles' probable starting lineup will be: Joe Moss, LE; Griffin, LT; Johnson, LG; Fowler, C; Pettit, RG; Harmon, RT; Parker, RE; Wiygul, QB; Ridley, LH; Luckett, RH; and Boteler, FB.

Obstacle Course for Women

Austin, Texas - (ACP) - A commando-like course in physical training for women at the University of Texas has been set up and new equipment installed to furnish an "obstacle course."

The women's war-conditioning course is designed to build up physical strength so that women students will be prepared for whatever jobs lie ahead, Miss Leah Gregg, associate director of physical training, explain-

The obstacle course includes a window climbing ladder, two balance beams, a series of parallel bars, and a high fence climb. In addition to this, students in the war conditioning classes are required to do regular track work and calisthenics.

Although \$28.45 worth of stamps were purchased the first three days of the local Bond and Stamp Drive, only nine students had reached their quota, Miss Harriet Jackson, commit-tee chairman, announced.

The president has requested that every student in the United States set up 10c as his minimum quota for one week. It had been hoped that 25c per week would be the quota for HJCers.

Stamps are on sale every day at the table just inside the front entrance of the Science Biuding. Students are expected to have their quota of 80 cents for the past 8 weeks of school filled, if possible, by the end of this

Members of the bond and stamp committee are Miss Jackson, chairman, Miss Hearst, Mr. Harris, Perry Luckett, Joe Moss, Lester Wilkes, Boots Burkett, John Virden, Polly Crisler, Ava Lynn Liddell, Peopple Faris, Nell Bankston, and Mary Liddell.

FROM THE SIDELINES

In our opinion, two of the Eagles' | Howell. He's been a consistent ground most underrated players are Jack Harmon, tackle, and "Bubber" Wiygul, blocking back. Jack, despite a bad leg injury, has been playing some splendid ball this season, charging in time after time to break up the opposition's plays...."Bubber" has little opportunity to carry the ball himself, but he has been largely responsible for several of the long runs made by his fellow members of the backfield. He has blocked out many would-be tackles this session, including the guy that almost had Joe Moss when he scored that touchdown against Decatur.

The Eagles lost two good ball players last week when Horace Humble, Maroons? guard, and Lloyd Simmons, back, withdrew from school. Both boys were members of the 1940 squad.

Peeking at the opposition: Two of the big scratchers on the Ellisville Bobcat squad are Kawenski, end, and Montgomery, fullback. Even though they are terrific ball players, they are going to have to do some real scratching if they expect to out-

gainer for the Holmes squad Down at Wesson, Coach Farmer Johnson's chief worries are in the line, where the inexperienced men are having to fill in at the tackle and end position. Led by Barlow and Mangum, the Wolves' offensive looks exceptionally well, but the defense doesn't quite come up to the usual Wesson standard. Did you know that:

The Max Patrick who made a brief statement during the radio broadcast of the Vanderbilt-State game is the same Max Patrick who was one of the first sports writers at HJC and now tub-thumbs for the Mississippi State

Meat curing plant manager Grady Sheffield was first string tackle the two years he was a student here, and was Hindsonian editor in 1936-37?

"Goat" Fortenberry, who gained fame as a Miss. College athlete, played fullback for Hinds that same year? Prediction Corner:

Don't laugh at our predictions the experts don't always get 'em claw the Hinds Eagles....The lad right either. They told us (the bums) taking the place of Russell Reed at that State would beat LSU....Ray-Goodman bears the name of Earl mond, 18, Ellisville, 7.

In his senior year, Pettit was elected captain when he did the placekicking for his team. Larry is five feet nine inches and weighs 180 pounds.

Pettit is an alumni of the same school as Bob Shannon and Marty Garton, former Eagles. Since his arrival at Hinds he has proved to be an outstanding scholar as well as a football play

TURN IN OLD KEYS

"Turn in your old keys," Prof. W. M. McKenzie, chairman of the Hinds county scrap committee, requested HJC Monday.

Keys are of metal, all kinds of which should be conserved. Students having old keys, bathing caps, hot water bottles, electric irons, metal tennis racquets, golf clubs, galoshes, or any scrap iron, steel, or rubber should place them in the Scrap Box in the Campus Grill.

Those knowing of scrap articles at home which would be valuable for use in war materials should write the homefolks to contribute them to the war effort. If scrap iron has not been called for, notify Prof. McKenzie, who will see that the material is collected and sent to the proper authorities.

"Already two carloads of scrap metal have been turned in by people at Raymond, Edwards, and Utica," Prof. McKenzie stated.

Former Bandmaster Sievers Graduates as Honor Man

GREAT LAKES, ILL., Oct. 23 -Charles Aubrey Sievers, 29, former bandmaster at Hinds Junior College, Raymond, Miss., will be graduated from recruit training as honor man of his company at the U.S. Naval Training Station here tomorrow.

Sievers, who lived at 500 Southern Ave., Hattiesburg, Miss., left his position several weeks ago to enlist as a musician, second class. His training completed, he will return home tomorrow on a nine-day leave.

Graduated from Greenville, Miss., High School in 1931, the honor man attended Louisiana State University, Baton Rouge, La., where he was graduated with a bachelor of music degree in 1936. He was a member of the university's band and symphony orchestra, played on the varsity tennis team three years, and was a member of Alpha Pi chapter of Phi Epsilon Pi fraternity.

His wife, Mildred, lives at the Southern avenue address in Hattiesburg. His parents, Mr. and Mrs. Charles Sievers, reside at 107 Walker St., Greenville.

Sullivan-Guy Wedding Announced

Leaving Hinds Junior College temporarily librarian-less, Miss Lucille Guy departed last week for her home in Macon where she was quietly married to Mr. Joseph Lee Sullivan of Birmingham on Sunday Morning,

For the past several years she has served has librarian of Hinds Junior College, during which time she gained the admiration and respect of all HJC students. Before coming here she was librarian at Newton High School.

Mr. Sullivan is labor concillator for the Alabama Department of Industrial Relations with headquarters in Birm-

For her wedding, Mrs. Sullivan wore a Fred A. Block model in henna tone wool with brown accessories. Her corsage was of Talisman roses.

After a honeymoon in Florida, Mr. and Mrs. Sullivan will return to Birmingham, where they will reside at 1256 South Twenty-Seecond Street.

Eleven Liaison **Trainees Arrive** Here Monday

Eleven Trainees in the liaison course of Civilian Pilot Training will arrive on the campus next Monday. Nineteen men were administered the screening tests here this week.

The liaison course consists of ten weeks of elementary ground school training and from 60 to 65 hours of flight instruction in CPT. Before enrolling, trainees are inducted into the U. S. Air Corps Enlisted Reserve Corps. They must also pass physical and mental tests. Age limits are for men between the ages of 18 and 36. There is no charge for instruction. Subsistence and sick and accident insurance are furnished, but trainees receive no pay during their elementary CPT training period. At the present time uniforms are not provided, but will probably be furnished later, according to Coordinator H. E. Wor-

Those in the first liaison course, James Albert Hines, J. H. McKenzie, C. V. Nelson, E. P. Cooper, J. F. Kenfield, and J. D. Hood, will complete their work here on December 23 when they will be sent to the Field Artillery School at Fort Sill, Oklahoma.

The September elementary CPT class will complete their work here November 11. On the following day, November 12, a new class will be or-

Screening tests for the next class in liaison will be held on November 20, at 1 p. m., with regular classwork in liaison beginning December 7.

Math Prof, Lewis Trapped

Sunday wasn't inspection day in the barracks at the local airport, but one little cubby-hole got a thorough going over for a couple of hours by Misses June Lewis and Ria Jane Clinkscales, much to the amusement of Prof. Bob Biggs, (the big, bad, wolf!).

While "prowling" through the barracks with the mischievous music instructor, the young ladies discovered that they were locked in a little room with bars across the windows and no possible means of escape. Suddenly the charming mathematics instructor got an inspiration...maybe there was something to this "fourth dimension" stuff. So for two hours, decided to try turning the keyetaoinn until Villian Biggs decided to try turning the key they desperately scaled the walls in search of a way

At the end of the first three-week period, 14 additional steers, at present in the pen across the highway, will be ready for slaughter.

Two beeves weighing 2100 lbs. gross and one hog weighing 300 lbs. gross were slaughtered on October 14 for use in the dining hall. The meat was stored in the HJC Meat Curing and Cold Storage Plant until needed by the boarding department.

The college has unusual advantages in having its own beef and its own meat curing and cold storage plant, thus enabling HJC students to be well-fed on home produce. In addition to meat, vegetables and dairy produce are furnished from the college garden and the college dairy.

In the fattening pen are 20 head of hogs which will be slaughtered at the rate of one hog per week.

Also included in the plans are a beef barn and poultry unit to be plant on the hill near the Dairy barn. In the poultry unit will be 1000 broilers at all times and 300 laying

"Let's Get In the Scrap!"

Scrap of all kinds is needed in the war effort

Hinds County has had a plan of collection since June. Each beat has a collection center and the W. P. A. furnishes the labor while the County furnishes the truck.

In addition to these, all towns have their local collection plan, generally under the supervision of the 4-H club, F. F. A., Boy Scouts or some other Civic Club.

Then the schools have a plan set up to collect all small metal such as keys. In addition to this, each child in school is suppose d to collect 10 pounds of scrap each week.

The army is calling for all old radios put aside to use in training soldiers in the repair and use of parts. Mr. J. A. Bennett and Prof. W. M. McKenzie, who are in charge of collecting these in Raymond, will be glad to arrange for someone to call for any scrap which might be useful for the war program.

Harder Collegians

University of Michigan students have improved their physical fitness by at least 20 per cent with completion of one term of the institution's compulsory "hardening" course, it is reported in a survey just completed by the university's department of physical education and athletics.

Recently made compulsory for every male student on the campus, the program consists of four and a half hours each week of supervised calesthenics, obstacle racing, mass combat activities, rough and tumble drills and competitive activities.

Tests given more than 1,000 men at the beginning and end of the course indicate they have changed their physical condition from "unsatisfactory" to "satisfactory."

Physical ability of the average man enrolled in the course improved by not less than 20 per cent during the term. Tests on which the progress report is based include pull-ups, push-ups, right and left hand grip, 440-yard run, 60-yard dash and vertical and broad

"Before and after" achievements of the average student revealed the following gains: pull-ups, 7.45 to 10.20; push-ups, 15.93 to 21.18; right grip, 56.77 to 59.86 kilograms; left grip, 53.43 to 55.67 kilograms; 440-yard run, 74.05 to 68.30 seconds; 60-yard dash, 8.03 to 7.92 seconds; vertical jump, 19.52 to 20.25 seconds; and broad jump, 91.04 to 92.01 inches.

The report points out that major gains are shown in those events which place heavy demands upon "physical conditions" (pullups, push-ups and the 440-yard run), while minor changes are shown in thost activities which place a higher premium upon "non-enduance and explosive power" (strength of grip, 60-yard dash and the vertical and broad jump.)

The report also shows that the amount of gain was directly proportional to the amount of time spent in the conditioning course. While most students spent the full four and a half hours a group of 262 ROTC students were enrolled for only three hours per week. Comparative tests indicate these students gained less than 70 per cent as much as the others.

Evidence that the whole, rather than merely a fraction, of the group had gained is provided by the report, 90 per cent of the test records representing individual improvement.

A careful check on the attitudes of students was kept throughout the term. While never less than 70 per cent liked the course and never more than 16 disliked it, the report indicates the matter of proper attitude is important in producing results. The small group which disliked the course gained only 18.2 ptr cent as much as those who enjoyed the program.—Associated Collegiate Press.

Star Spangled Banner

By Francis Scott Key (Third Stanza)

And where is that band who so vauntingly swore

That the havoc of war, and the battle's confusion,

A home and a country should leave us no more?

Their blood has washed out their foul footsteps' pollution.

No refuge could save the hireling and slave,

From the terror of flight or the gloom of the grave, And the star-spangled banner in tri-

A Thought for the Week

By Dean W. B. Horton

During these trying days students should give much thought and attention to their immediate future. Before a student makes his final decision he should seek the advice of his father and mother. He should also seek the advice of others who have information that may be beneficial in the making of the final choice. The U. S. wants the use of your best abilities. You should keep this inmind as you work toward a final decision. Maybe your choice should be immediate enlistment, or maybe you should join one of the reserve programs in order that the army of tomorrow might be properly' officered. Whatever you do, make your final decision on the basis of information and facts that are available to you.

Eagles, Bulldogs Scrap Next Week

With an open date this weekend, the Eagles are pointing toward their game next week with the Holmes Bulldogs at Goodman. The following week they will tackle the Wesson Wolves on Thanksgiving Day in Jack-

Last year the Eagles defeated the Bulldogs 14-6 in the Homecoming Day festivities. The score-sheet since 1935 is as follows:

1935 — Raymond, 0; Goodman, 46 1936 — Raymond, 7; Goodman, 25 1937 - Raymond, 0; Goodman, 47 1938 - Raymond, 0; Goodman, 33 1939 — Raymond, 0; Goodman, 7 1940 - Raymond, 2; Goodman, 13

We March and Like It!

1941 — Raymond, 14; Goodman, 6

"What? March to the lake! Why I never heard of such a thing. Why that is every bit of two miles." These were some of the remarks heard when the news was confirmed. Into one long straight (?) line were herded the girls in the G. D. and some from town

Past the boys' dorm (oh, boy) right into the highway and up the road to the beautiful Raymond Lake. Oh, but those rocks hurt. And those little hills were nothing to be sneezed at. Half the time some of the girls were running trying to catch up with the squad in front of them. Really, no one saw how on earth Polly kept up with Ozzie-he takes such long steps. But, oh, well, we finally got to the lake (or did we?) When we finally came in view of it, the command "Column left" was given twice and back we began our merry march to the cam-

That little march wasn't so bad, but when the march began last Friday, well, that's a different story. So here 'tis. That wind was cold and those rocks were sharper than those encountered on the way to the lake. Left, right, left, right, and so on and on and on until we passed right out of civilization into the wild and dusty backwoods. The lines weren't so the road was so zig zagged.

Girls Tackle Obstacle Course

She's over — she's under — she's on top - but who is she? do my eyes deceive me or-Oh, yes, I knew it - why it's none other than Anne Doherty, a member of the girls' p. e.

And there is the rest of the class 'maneuvering" over, under, and top of that obstacle course. The boys of HJC will have to work mighty hard if they expect to keep ahead of the cute campus co-eds who find it all in a day's work to do the things the boys have been practicing since the first of the session.

Auditorium Seating Plans Completed

Final arrangements for student seating in the auditorium have been completed. The high school will occupy the left section, the sophomores the middle, and the freshmen, the right section. The rolls will be checked and students are expected to have a reasonable excuse if absent from the assemblies.

Physical Efficiency Tests Slated; Boys Give Opinions of P. E. Program

given each boy early in December to determine the progress of the indiviin the local physical fitness program, Athletic Director C. E. Stuart announced this week.

Strength tests will be included in the tests which will be given from time to time to ascertain progress and individual needs. Until the present time stress has been placed on general body conditioning and posture drills based on military movements and military commends. Later on as boys round into shape and Coach Jobie Harris plans more strenous exercises and competitive sports such as volley ball, basketball, and soccer.

Henry Creel — "Never before has dual since the beginning of training physical fitness been more important than now and I think it is as essential as anything we take in the class

> H. J. Jennings-"The United States of America is now at war. This conflict may well determine whether or not we maintain our democratic ideals, namely: freedom, equality, justice and humanity. To do this we must be physically fit and able. We must realize the vital importance of the physical education program under which we are now operating, whereby we make our bodies more responsive to the tasks they must perform."

> Clark Massey-"In my estimation physical education now or at any other time is of vital importance to everyone. I have enlisted in the Naval V-5 program and this physical education program will greatly help me in my training for the Navy."

> Henderson Covington-"Due to the present conditions of the war and in behalf of the nation-wide program, I consider physical education very essential, both to the boys who cannot join the armed forces and for the boys who will in the near future be in the armed forces."

> From Bobby Howard, former student at HJC, we have this bit concerning the physical fitnes program. "The boys at school are lucky to have someone that will make them take exercise and plenty of it. I'm speaking of Coach Stuart. I'm only too sorry not to have had more of his physical education before I came here. Boys think it's fun to be 'Gold Brick,' but believe me when you get into the service you are pushed beyond endurance and it takes a man in good physical condition to do the best, and stand in the same position with other men."

Jones Bobcats Defeat Eagles By Meager Two Points, 9-7

The Eagles lost a hard fought | back sneak was good for a touchgame to the Ellisville Bobcats last down. The try for extra points was Saturday evening. The Jones boys defeated Hinds 9-7 at Ellisville.

The Bobcats scored in the first quarter when a punt by Ridley was returned to the Hinds 30. Line plays netted a first down on the 18. Hinds then held for three downs but on fourth down a pass was completed across the middle for first down on the five. On the next play a quarter-

All were faring fairly well until Captain Swenson began to slow us down and gave the command to "Column right" twice and back we started over the same dirty, rocky road. Oh, but it was fun and the straight either, but not because the fresh air made everyone (?) feel girls weren't in line, it was just that so-ooooo good. Really, boys, you ought to join the girls!!

no good. The latter part of the first half was spent with both teams showing good offense.

The second half opened with Pettit recovering a fumble for Hinds on Ellisville's 45 yard line. Ridley gained nine on an end run and Boteler gained five for a first down. Two running plays failed and a pass was completed on the 20 for first down. Ridley went to the four-yd. on an off tackle play, Boteler then plowed over from the four, Ridley converted from placement and led 7-6.

The score was stationary until the last minutes of the game when Ellisville recovered a fumble on the 30. Line plays carried to the 11. There the Hinds' forward wall held and on the fourth down Ellisville kicked a field goal to win the game 9-7.

The line play of Harmon, Moss, and Griffin stood out for Hinds. The kicking of Boteler was outstanding all through the evening.

Service Roster Is Incomplete

Before an HJC service roster can be completed it will be necessary to learn names of former students who have joined the various branches of service. Records in the Hindsonian office show that two women have joined the WAACS, and two, the WAVES. The roll of men is too incomplete and inaccurate to publish. Those who know ex-students who have joined the armed forces are urgently requested to turn in these names to the Hindsonian office this week.

In the WAACS are Nell Breeden, '40, and Cela Berry; and in the WA-VES are Miriam Steen, '39, and Miss Florence Hutchison, former HJC ground instructor in CPT.

Records are inaccurate concerning the following men. If you know that one of them is in the army, navy, marines, or coast guard, please write on a slip of paper his name, his rank, and the branch of service in which he is enlisted. Sign your name on the slip, and drop the paper with the information in the Hindsonian box which is located on the first floor of the Administration Building.

Most teen-aged college students won't be called into military service until the end of this school year. This is particularly true of competent students, especially those taking scientific and technical courses.

After this year, when inroads on college teen-agers are likely to be relatively heavy, the question of who shall remain in school will be a stickler. The draft bill itself isn't likely to lay down strict stipulations on this matter—it will be left to administrative decision.

Broadly, administrative officals will base their decision on two major considerations: the course a student is taking and his scholastic record.

13 New WPT **Trainees Arrive**

Enrollees in aircraft riveting and shipyard welding are arriving on the campus each week. Vacancies are being filled rapidly.

Eight trainees in aircraft riveting who began their work here recently are William P. Stevenson, Truitt Hawkins, Raymond; Mr. and Mrs. J. K. Slaughter, W. L. Douglas, Carpenter; Mr. and Mrs. Q. T. Knight, Crystal Springs; and Ervin Summers,

Five trainees in shipyard welding to enroll recently are Elbert Roy King, J. W. Foster, J. H. Foster, Carpenter; and Sidney Crews, Liberty.

Four aircraft riveters will be graduated this week. They are Mr. and Mrs. Charles M. Eggleston, Tom E. Eggleston, Yazoo City; and Paul Brannon, of Utica.

Next Monday afternoon, November 16, at 5 o'clock a bus loaded with a group of trainees to be enrolled in the War Production Training Program here will leave Crystal Springs for Raymond. Those wishing to make the trip have been requested to make their reservations with Grady Parker at Crystal Springs.

Demands for welders increase, according to Local Supervisor G. M. Robertson. Last week Mr. Robertson received a call for welders who had completed as little as 100 hours of instruction in welding.

Thanksgiving Holidays

Holidays for Thanksgiving will be observed at HJC on Nov. 26 and 27, according to information received by the Hindsonian. However, no official announcement has been made concerning either the Christmas or Thanksgiving holidays for this session. The only change in the calendar recently is the date for the football game with Wesson, previously scheduled on Thursday, Nov. 26, in Jackson. Coach C. E. Stuart announced yesterday that this game will be played in Raymond next Saturday afternoon, Nov. 21, at 2:30 o'clock.

Top Wallace and Freshman Class Win Special Recognition This Week

the Bond-Stamp selling program this week goes to Top Wallace who bought \$10 in stamps, and class recognition to the Freshmen who bought stamps amounting to \$44.75. The entire sale for the campus took a decided upward trend this week with a grand total of \$175. This improvement is encouraging, and it is hoped by the committee that the quota will soon be reached. The "follow ups" are: 10th grade, \$44.65; College Sophomores, \$37.75; 11th grade, \$25.95; and 12th grade, \$23.90.

A contribution of \$23.00 was given the HJC library by the Mississippi Fertilizer Association for the purchase of books concerning the fertilizer industry, Pres. G. M. McLendon announced Monday.

The donation was given when members of the Association visited the HJC campus to inspect experimental pasture improvement projects and the War Production Training Program here. After their tour of the campus members were entertained at a barbecue at Raymond Lake.

New CPT Liaison Class Begins Training Here

New trainees in the liaison course of Civilian Pilot Training, who began their work here Monday, are O. W. Collins, George Martin Jones, Fred A. Smith, John F. Easterly, W. A. Harper, B. F. Culberson, A. F. Parker, Edward Clark, and L. D. Williams.

The course for this group lasts ten weeks and will probably be concluded about January 15.

Tell It To Us

During the past few weeks the Hindsonian has been subject to much criticism on the part of the many students of this institution. It seems that we do not print enough student news, or we do not print enough features....continual jabbing about something our critics know little about..something that doesn't help us the least bit, except to enlighten the staff as to how ignorant some people in this supposed-to-be learned group really are.

Are you one of these know-alls who think putting out a newspaper is nothing but fun? If you are, why don't you come up to our staff meetings at 8:30 a. m. Thursday and tell us about it, instead of sneaking off where no staff member is present to spout off your hot air? You might have something that this newspaper needs. If you could do one-half the things you say you could do if you were editor of this journal, then you're tne one we're looking for to help us win pace-setted ward among junior college papers this year.

We don't know who it was, it he was certainly a wise chap who

"The school paper is a great invention, The school gets all the fame; We don't know who gets the money, But the staff gets all the blame."

Good Luck, CPT Boys!

During the past 11 weeks it has been our privilege to become acquainted with some of Uncle Sam's own boys. Although not in uniform, the CPT trainees are a part of the U.S. Army. Today the September class left our campus.

Before leaving they wrote a letter to the faculty and student body expressing their appreciation for the kind way in which they had been received on the Hinds Junior College campus. They especially wished to thank the students for "taking them in" the social and othr activities on the campus.

We have truly enjoyed their stay with us and the interest they have shown in our activities. All the luck in the world and best wishes are extended to the CPT boys who have been a great part of our campus family.

Kampus Kibitzer Kolum

Hello, folks, and fans of Hallie Hinds! I've got some brand new "news" to spring on you this week.

If screams are heard coming from over the G. D. way, don't be alarmed. girl ran into the skeleton adorning the walls of "Mo" Ozborn's room contributed by Billy Moss.

Wanted to know: If Bubber Wiygul is really as immune to girls as 'tis rumored. Certain girls would like to try to disprove that!

Latest prospects - Thelma and Buford; Jane Allen and Sammy; Cockerham and Callaway (now how did that get in there!)

Joe and Permelia, mighty embarrassed about something - Jane and Billy holding down their usual places-David without Clara Frances and Lillian without "Skin" - Boots and George, squeezing a rabbit's foot.

What's that "Doc" said about these "female Tarzans"? We point with pride to Mary Brooks' agility on the obstacle course.

We certainly are going to miss the CPTers! After all, they made history here-ten men escorting one girl to a football game (how 'bout it "Tex"). More power to you, fellows!

And, Miss Gloria — how did you find "Alabama" getting along this past week-end?

We're curious about Billy Chadwick's spur-of-the-moment trip to Mississippi College this past weekend—especially Room 52!

Complaint - We verily dislike these boys who telephone and don't tell their names, don't we, Rosa Lee? Also, we dislike for two boys to phone on the same nickel.

Maybe Ozzie and Mary Alice can tell us of the advantages of S. H. Day.

Lights out - so we close this time with a reminder — Buy stamps for your country, class, and college-

Eagles, Goodman Bulldogs Tie for Third Place

A 9-7 defeat administered the Eagles by the Ellisville Bobcats dropped the HJC Eagles from second to third place in the junior college conference. To date the Eagles have won three, lost two, and tied none. Only one team in the league, Perkinston, has not been defeated but its record has been marred by a scoreless tie with the strong Ellisville team.

Gervin Boys Help Uncle Sam

When Charles C. Gervin of Edwards (now Private C. C. Gervin of the U. S. Army) enrolled at HJC in September of 1941, on his personal data card he listed as his hobbies making model airplanes and collecting bullets.

Instead of making model airplanes he is now flying airplanes for Uncle Sam. Charles, the youngest of the four Gervin boys in the services, enlisted in the Army in January, 1942. He received his training as a radio technician and gunner on fighter planes at Scott Field, Ill. After finishing there in July, he was sent to England where he is now with the U. S. Air Forces.

Three of he Gervin boys attended HJC. A fifth member of the family, Sergeant Noble Windham, who married Louise Gervin, is also in the

The first to enlist was Lieut. Jack E. Gervin, 24, who joined the Army in February, 1941. He received his commission at Ft. Benning, Ga., in Sept., 1942, and is now stationed at Camp Robinson, Ark. He was graduated from HJC in 1938 and from Miss. State in 1940.

Sergeant Pilot R. H. (Bob) Gervin, 22, had his primary training in aviation and received his civilian pilot's license while a student here. Later he enrolled in the Wm. R. Moore School of Technology in Memphis and in the Whitehaven Aircraft School near Memphis. He enlisted in the Royal Canadian Air Forces in April, 1941, and received his wings in November, 1941. He landed in England in December, 1941, and since then has engaged in many raids over enemy territory. At the present time he is a pilot in a bomber squadron of the RCAF

The oldest brother, Private Alfred L. Gervin, Jr., enlisted in the Army in Oct., 1942, and is now stationed at Keesler Field, Miss.

The husband of the former Louise Gervin, Sergeant Noble Windham, 29, entered the Army in April, 1942, in completed their training as long ago the Enginners Corps. After training as January, 1920, to apply for governat Camp Claiborne, La., he was ment nursing jobs. The jobs pay transferred to Seattle, Washington.

Co-eds Wanted

Washington — (ACP) — Need for nurses is most urgent. Some 55,000 are wanted immediately. A survey of two-thirds of the country's nursing school reveals that we're going to fall about 19,000 nurses short for that quota.

The only way to reach the goal now would be for 19,000 new girls to enroll in nursing courses in January and February.

Decision to become a nurse doesn't necessarily mean an interruption of your college course. Perhaps you can do it simply by including biological, physical, medical and social science courses in your schedule at the start of a new term this winter.

Estimates of he number of nurses needed have kept growing throughout the war. Some 3,000 a month have been taken from civilian life for army and navy duty. That's 36,000 a year, as against an original estimate of 10,000 for 1942.

Those figures add up to a migraine headache for local hospitals throughout the nation.

Symptomatic of the trend is the announcement of the Civil Service Commission here recently that liberalized rules would permit nurses who \$1,620 a year and are open to all who have had nurses training. Apply to the Commission here, or by way of ing event for youth as well as for your postoffice.

For general information on nurse recruitment, write Miss Florence wing of the National Socialists a few Seder, National Nursing Council of days ago.

War Service, 1790 Broadway, New York City.

Both Army and Navy aviation technical branches are after instructors in airplane mechanics, radio operating, engineering and general shop

To get a "student instructor" job, which pays \$1620 a year, you must have completed one year of college -although a CAA ground instructor's certificate or satisfactory practical experience may be substituted for the college training.

For a "junior instructor" job, which pays \$2000 annually, a bit more experience-or college work-is required.

No written test. There's a catch, though, for many undergraduates you must be 20 years old.

Application must be made through the Civil Service Commission. Get blanks at your post office or by writing the commission in Washington-801 E. Street, N. W.

If you've taken some engineering courses and have some practical electrical, mechanical or shipbuilding experience you may qualify for a job in the Navy Department as a ship inspector. They're badly needed. Pay Civil Service Commission.

HJCers Aid In United Community Campaign

In an effort to put the citizens of Raymond in a spirit of giving 'til it helps" for the United Community and War Campaign, the various musical organizations of HJC played an important part in the town's patriotic rally last Wednesday night.

The numbers played by the band were "America," "Marine Hymn," "Legionnaires on Parade," "On Wisconsin," "Army Air Corps Song," 'Victory March," and "Star-Spangled Banner."

The Girls' Chorus contributed to the program with "America," and 'Song of Peace." The Mixed Chorus sang "America, the Beautiful" and "Marine Hymn."

Juanita Cochran told "The Story of the Flag," and Mary Alice Jones gave the selection "I am the American Soldier." Supt. W. W. We Are Disappointed

The spirit of competition has been a means of increasing interest. All through the ages games and sports have had the word competition as one of the behind-the-scene motives. Sometimes the competition has been fair, and sometimes it hasn't. Competition has its good points and its bad ones. Sometimes it spurs us on to good and better things, and again sometimes it is the underlying of things

On the campus of HJC there is now prevailing a spirit of competition which should be of good and beneficial value. But some have taken advantage of the situation and are cheating themselves and the school in the Bond and Stamp Drive, which is now progressing so nicely on the HJC campus.

At first the effort was small, but lately the campaign has been going forward and we can now be proud of it. But it is with disappointment that we learn that some people who, after buying stamps on the campus, go to the Post Office, cash their stamps, and return to buy more stamps on the campus. Of course we want to buy stamps. We help ourselves and our government. But when we cause unnecessary trouble to employees, and in a way deceive the promotors of the drive on the campus, we destroy the spirit of the competitive aim of the drive. We must continue to buy stamps, and more of them, but let us not deceive others by cashing them in and returning to the campus for more stamps and more credit.

Unfair Tactics

In either military life or college life, it is disgusting to see the person who has the power of a burley-burley big shot trample his inferiors under his feet, when he knows that his inferiors are in a position where they can't strike back.

Can't these would-be leaders realize that kindness can succeed in demanding discipline where harsh words and cruel orders absolutely fail? Can't they realize that even though they may hold a private grudge against their inferiors, the position they hold demands that they discard these grudges and give these poor rascals a fair deal? Such fair tactics by these would-be big shots should be done away with-either by those who are in command over them or by a revolt from those who have to take this abuse.

Stop and Think

By Billy Moss

What do you think of when you hear the word Thanksgiving? Is it a large turkey dinner, or perhaps it's the Georgia-Georgia Tech classic or the Ole Miss-State game. To some of you it might mean holidays with sleepy mornings in bed. A lot of us are guilty of the wrong ideas about this great American holiday. Let's look back to the origin of Thanksgiving and find the underlying reason for this annual celebration.

Due to internal difficulties, a group of English left their island home and sailed to Holland. When their children began to acquire the habits and language of the Dutch, they once again boarded a ship, this time to sail to America.

After depositing their tiny cargo on the stormy New England coast, the Mayflower hoisted sail and returned to the Old World. That landing was made one cold December day, and the following April less than half of the original settlers remained. The Pilgrims found a few baskets of corn and with the help of some friendly Indians, a crop was planted and carefully raised. When the harvest was in, it was quite natural that Governor Bradford should declare a feast. The friendly Indians were invited, and they all gave thanks for a successful crop upon which their lives would depend during the coming winter. Those Pilgrims on that New England coast many years ago were thankful for what they had, a crop of corn and some cured meat.

Readers of this paper have a lot more to be thankful for. Stop for a moment and think.—There are innumerable blessings—Let's not let this Thanksgiving go by without giving our thanks to the

James F. Hawkins With \$500 Award

Ninety per cent of his \$500 cash award for winning second place in a National Youth Foundation correspondence course was invested in War Bonds by James Floyd Hawkins, college sophomore, Monday.

Hawkins won the prize for his work in a course which taught the operation and care of farm machinery. First place, a college scholarship valued at \$1000, went to Dick Robinson of Brandon, a student at Mississippi

Second prize, which went to Hawkins, would also have been a scholarship had not Hawkins previously joined the Army Air Corps.

Boys over 16 years of age living on farms in Mississippi, Louisiana, Arkansas, Tennessee, and a part of Alabama were eligible for the coruse sponsored by Ford Motor Company.

Hawkins is the 19-year old son of Mr. and Mrs. Floyd Hawkins who live on Route 5, Jackson, near Forest Hill. James was graduated in 1941 by the Forest Hill High School, where he was manager of the football team, and sports editor of the high school newspaper. He also received a letter in football. His hobbies are making model airplanes and flying.

A TRIBUTE TO OUR MEN

By Lillian Jackson

Regardless of the service in which you may be, You are an American son. In the Army, Marines, or the Navy, The fight you fight is a just one.

We can't all go out and fight battles, We've each a different job to do; We are the men behind the guns, And we pledge to be true to you.

May your sacrifices not go unrewarded,

May the peace which follows this war Be one that will be everlasting, One you'll find worth fighting for.

To our men-God bless you, To our Flag-may she forever wave O'er this great land we love-The home of the free and the brave.

Eagles Trounce Co-Lin 21-6

The Hinds Junior College football Eagles successfully completed the 1942 season on November 21, by downing the traditional rivals from Copiah Lincoln Junior College, 21 to 6.

The Eagles were never in serious trouble, Sam Ridley scoring a touchdown and kicking the point immediately following the opening gun. In the second period the Eagles built up their lead over the Wolves when Henry Led Parker fell on the ball behind the goal line after Norman Fowler had made a magnificent block of a Wesson punt. Larry Pettit kicked the point.

The Wolves opened up a beautiful aerial attack that netted them a touchdown shortly after the second half got underway. Middleton, a second strong Wolf end, took one of Barlow's tosses on the 25 and galloped the remaining distance unmolested. The try for extra point was no good.

"Motor" Carr scored the final touchdown for Raymond on a reverse from the ten yard line in the final period. Ridley again added the point.

Throughout the contest the Eagle line, Parker, Townsend, Johnson, Pettit, McCoy, Roberts, Henry, Fowler, Griffin, and Harmon played magnificent ball, charging in time after time to break up t he opposition's plays.

Leading the backfield attack were Boteler, Wiygul, Ridley, Carr, Montgomery, and Dirago.

By defeating Wesson the Eagles took third place in the conference, behind Perkinston and Ellisville. During the season the Eagles won a total of five games and lost two.

Quarters To Replace Semesters

"Hinds Junior College will probably go on a quarterly basis after this session," President G. M. McLendon stated last week on his return from the meeting of the Southern Association of Colleges and Secondary Schools at Memphis.

Dividing the session into quarters instead of semesters and a summer term is expected to aid students who want to acelerate their school programs to prepare for war work.

President McLendon reported that the association meeting was well attended and that representatives were eager to learn means of service in the war program for their institutions.

"At Hinds Junior College we shall continue to be thorough in our scholastic requirements and to be observant of opportunities of entering fields of service," he stated.

Harold Majure, Bill Graves Killed in Plane Crashes

Two more names of former students of Hinds Junior College who have been killed in the service were added to the list this week when information was received that Lt. Harold B. Majure had been killed in a plane crash in New Guinea and that Sgt. William P. "Bill" Graves had been killed when a transport plane crashed at Maxwell Field, Alabama.

Majure was a member of the 1940 CPT class here, and Graves attended having participated in many of the sending drafted 'teen age men back the Glee Club and Dramatic Club.

Holidays Begin Friday Noon

"Won't Friday noon ever come? That's the time 325 eager Hindsonians will lay aside all cares and worriesall thoughts of school and depart for approximately 300 respective homes in anticipation of a great Christmas holiday from 12 noon, Dec. 18, to 8 p. m. on Dec. 28.

Even now, the smell of "good ole Christmas cooking" seems to float in through the dormitory windows. How can one study with such a grand and glorious week coming up? The entire week has been spent by many students thinking up some possible excuse to leave school just a little bit early (bus schedules, etc., work wonderfully). By this time next week, the little HJC family will be scattered over the entire eastern half of the

All the joyous expressions of Hindsonians are best summed up by "Li'l Abner," comic strip creation of Al Capp, who uses as his favorite expression, "OH, HAPPY DAY!"

Is There A Santa Claus?

Published in the New York Sun, September 20, 1897

We take pleasure in answering at once and thus prominently the communication below, expressing at the same time our great satisfaction that its faithful author is numbered among the friends of "The Sun."

Dear Editor: I am eight years old. Some of my little friends say there is no Santa Claus. Papa says "If you see it in 'The Sun' it's so." Please tell me the truth; is there a Santa Claus?

VIRGINIA O'HANLON

115 West Ninety-fifth Street.

Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except what they see. They think that nothing can be which is not comprehensible to their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to our life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus. It would be as dreary as if there were no Virginia. There would be no child-like faith then, no poetry, no romance, to make tolerable this existence. We would have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in theworld.

You may tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man that ever lived, could tear apart. Only faith, fancy, poetry, love, romance can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding.

No Santa Claus! Thank God! he lives and he lives forever. A thousand years from now, he will continue to make glad the heart of childhood.—Francis P. Church.

The Borrower

(Any resemblance to persons living or dead is purely coincidental.)

The sky's the limit—skirts, sweaters, belts, ribbons, kleenex, James (the hot-plate), hats, purses, gloves rouge powder soap mascara, shoes, toothpaste, socks, etc.— all are subject to immediate call. At times I've even become a bit timorous over my tooth brush, gum and upper plate.

They aren't restricted—they thrive anytime, anywhere, and

especially at college. If something isn't done, the victims (suckers), or "borrowees," will soon be extinct. Why not set aside a season for them like a bird or squirrel season? Then that unfortunate clan to whom the lot falls can be prepared and away. For they come in anytime, and all the time. "Got a stamp?" "I've decided that plaid skirt you wore yesterday would look wonderful with this ribbon — where is it?" — "Where's your soap—it's such a bother to remember those things when I'm home." (as if you didn't know.)

The situation had become so bad that the conversation began to sound like this, "Got a---?" "Uh-uh"——and for a time it worked.

But I guess we must bear with them. In fact I feel so strongly on that point that I intend drawing up my will in this manner:

"I, Pauline Russell Taylor, of sane mind and healthy body, and in the presence of witnesses, do hereby bequeath all my wordly goods to a clan that will never be obsolete—'The Borrower.'"

Poet's Corner THE CHRISTMAS STORY

By Clara Frances Beazley

The world has long remembered The story of Christ's birth—How in the town of Bethlehem A King was brought to earth. Men will never cease to love That story dear and true, So now in my own humble way I tell it again to you.

'Twas on a starry wintry night And myriads of twinkling stars Smiled down on the lowly manger That cradled the Child of God. And shepherds came from far and

To see the innocent Babe, And kings bowed down in his presence With rich gifts of myrrh and jade.

The Virgin Mother Mary and Joseph, the father kind,
Were awed in the presence
Of this Prince of all Mankind.
The frosty air was keener still;
The moon gave a more mellow glow;
The whole world seemed ever joyous
The nativity scene to behold.

And thus it is many years later,
We still have the twinklin gstars;
We still have hope and joy and peace
And the amazing grace of God.
So let's all spread the Christmas
Spirit

To the utmost parts of the earth, And remember again at this season The story of His WONDROUS BIRTH!

Kampus Kibitzer Kolum

Fletcher Callaway left his mail bag in the girls' lobby and after scrambling through these letters this is what we found:

Dear Santa Claus,

Please send me a great big beautiful baby (doll) just like Ann Doherty. Since I can't get her, I would like to have a dollie the spit image of her. Please dress her in a little gold majorette suit and little white boots. And please send me a rationed bus ticket to Vicksburg where I may get a chance to see her after she gets away from here and all these boys.

Yours truly, Erle Loftin

Dear Santy:

Send me a solja-boy in any form or fashion. (I had just as soon have a sailor or a marine). I saw some cute ones in the five-and-ten last Saturday.

A Thought for the Week

By President G. M. McLendon

To all the student body and faculty, I wish a very Merry Christmas and a Happy New Year!

From Staff Room Window

What a sunshiny day, not at all like the one "around the corner" from Christmas should be Sammie taking advantage of it....just resting peacefully high on a hill....Red Townsend and as usual a big mob of lassies....Darrell Selby entertaining a group of gentlemen with his talents Bubber and Ann Lois entertaining themselves Buford Roberts halting his work to chat with Boncyle....Boteler's old "T" sitting steady (full up of gas) Boone, McCoy, and Pat Durst resting after satisfying their appetites in the Grill ...Babs McKenzie all dressed up and nowhere to go Gladys and Swenson closing the Grill after a hard afternoon....Ah, Mildred and ParkerWhat was it Mr. Harris said about this twosome?.... I hope you all have lots of fun—
And a MERRY CHRISTMAS too!

Griffin and Ridley Make All State

Hinds Junior College placed two men on the All-State junior college football team, it was announced recently by Knox Broom, state junior college supervisor. The two men are James Griffin, tackle, and Sam Ridley, backfield.

1942 Captain Griffin, hard-hitting Union Springs, Alabama, lad, is the only returning letterman from last year's team.

Ridley, fast stepping Tuscumbia, Alabama, back playing his first year here, gained fame on the gridiron for his outstanding long runs.

Norman Fowler, center from Millville, New Jersey, was placed on the second team.

Coaches of the various junior colleges participated in the poll.

What's Your Answer?

The Hindsonian's vote for the most timely answer to a reporter who popped the question "What does holiday mean to you?" goes to Texas Magoun. Other answer range all the way from the war to Carolyn Hux's case of indigestion.

"Christmas usually means home to me, but not this year. My home is off at war!" Texas Magoun.

"It means — Santa Claus." Perry

"It means a time to forget all your troubles, catch up on sleep, and get school off your mind." Otto Hall.

"Christmas is the end of the year. Your work is all over, and it is a time for rejoicing. The world stops and thinks what it might have done instead of what it did." Mack Parker.

"I think of home-family, food, and trees-evergreens, holly, and mistletoe!" Mary Holladay.

"Christmas won't mean much to me this year, for 1,400 miles is a long way." Mamie Sue White.

"Stomach-ache!" Carolyn Hux.

As has been true since Santa Claus had a long white beard, there's nothing like having a friend (especially a Christmas friend). This old saying has been the theme in the G. D. this past week.

From the mysterious and unknown Christmas Friends, everything from notes to nuts have been flying around from room to room.

"Boots" Burkett, when asked what her friend had done for her, stated "I have a wonderful Christmas friend. She sent me some safety pins (that was really a sacrifice), a stamp, some Christmas stickers and a lolly pop.

ACP's Jay Richter Reports from Washington

After It's Over

Washington - (ACP) - As colleges and universities lose their young men to the services at an ever-increasing rate, more and more attention is being directed at post-war educational opportunities for those who will be veterans of World War II.

After the last war, the government financed the education and vocational training of only those veterans who

Almost from the beginning, Billy, assisted by Blanche, did the really hard work in preparing the Hindsonian-type-setting, running off the paper, and everything, until he joined the Navy a few weeks ago.

suffered injury during the war. This time the government's intentions appear to be much broader. When he recently appointed a com-

mittee to study the problem, the president said nothing about woundstripe pre-requisites for the post-war education of veterans-to-be. He also referred to the educational policy of the last postwar period as "provisional," thus indicating he thought it quite inadequate.

He said that the plan this time should "enable young men whose education has been interrupted to resume their schooling and afford equal opportunity for the training and education of other young men of ability.'

Canto-Sonoras Exchange Gifts

The Canto-Sonora Club met this afternoon in the Auditorium for their last program of the semester. Bettie Sue Sullivan presided.

The stage was appropriately decorated for the occasion with a Christmas tree and evergreens. Gifts that will help each student along in his musical career were exchanged.

The club presented Mrs. Sullivan, the president, a musical powder box, as a wedding gift.

The following program was pre-"Reverie" by Horrecy; Florene Lutz, "First Movement from Moolnight Sonata" by Beethoven; Freddy Cox, This year he is assistant business "Malaguena" by Lecuona; Elizabeth Crisler, "Second Mazurka" by Godard; Voice Solos: Mary Jean Woodward, "Nocturne" by Curran; Loraine Albritton, "Sylvia" by Speaks; Duet: Beazley, "Berceuse" by Maelled; Mary Alice Harrison, "Lullaby" by Mozart; 'Bird In The Rose" by Foneilles; Bettic Sue Sullivan, "Let All My Life be sing the traditional "Santa Claus Is Music" by Horeck; and Dorothy Goyd, Coming To Town."

Keeping 'Em Sighted

From the Public Relations Officer at Miami, Florida, comes word that Milton Peck has successfully completed his advanced aircraft carrier flight training at the Miami Naval Air Station. He now wears the Marines' coveted "Wings of Gold" and has the rank of Second Lieutenant.

Peck attended Hinds Junior College and was introduced to naval aviation at the Naval Reserve Aviation Base in New Orleans.

Lee Darnell is in the Navy, and he has gone overseas.

John Bell Williams has been promoted to the rank of First Lieutenant in the Army Air Corps.

L. K. Clark has been promoted to Corporal in the Army.

Lonnie Goolsby has been commissioned a Second Lieutenant.

Bill Newsom and Bobby Howard, class of '42, have completed a course at the U.S. Navy Pre-Flight School at Athens, Georgia, and have been ordered to the Naval Reserve Aviation Base at Memphis, Tennessee for primary flight training.

Such People!

Such people! Mr. Worley and June Lewis were very much amsued Monday afternoon when Mr. Sheffield's automobile collided with the back end of his garage. It seems that Mr. Sheffield had difficulty in getting it started and got out and gave it a mere little shove. The first thing he knew all of the boards from the end of his garage were flying in every direction and the car went right on through and down hill in the back yard. The amusing thing was that Mr. Sheffield couldn't catch the car to stop it, but succeeded in doing so just before it wrecked his fence. Friends hope that Mr. Sheffield's hand will soon heal so that he can replace the back end of his garage.

The high school juniors will have charge of assembly Tuesday morning, December 29.

New Year—1943

With the arrival of the new year, come hopes and longings for the end of the war, peace, reunited homes, normal college life, and all the things that have so recently undergone changes.

We can expect even greater changes during the coming weeks and months. The latter part of the month, 40 or 45 boys are expected to leave the campus for active duty. We shall miss them, for others can't take their places. It is true that another president and another vice-president of the sophomore class can be elected, but Perry and Joe will not be here. Neither will Fletcher, the mailboy, nor Buford, president of the YMCA, nor 40 other individuals — not 40 anonymous students.

This year will probably bring fewer trips home, heavier schedules, meals that won't be as good as others, fewer desserts, (possibly no servings of HJC's specialty—Banana Pudding), single cups of coffee, no silk hose, fewer clothes, longer work hours, and fewer personal pleasures. But these will not dampen our HJC spirit of loyalty, self respect, and cooperation. Neither will they reduce our high standards of scholastic and cultural training. We realize that this is our war and that we in the "Army Without A Uniform" are out to help win it.

Going Into Service

A number of the boys on the campus will soon be leaving us — going into the armed services. Some will be sent to other colleges, or into the army. Wherever they go, they will always be representatives of Hinds Junior College.

If they are sent to duty even many miles way, we feel that their accomplishments there will be a credit to their work here. We are confident that their record will come up to the standards set by other HJCers who are making a name for themselves in this great conflict.

Good luck to you, boys!

The War Claims the Eleventh

Another black shadow was cast over the HJC campus when a telegram was received by Amos Gray's parents reading: "Private First Class Amos H. Gray, U. S. Marine Corps, was killed in action in the performance of his duty and in the service of his country." A letter following the telegram stated that the accident was thought to have occured on November 10th.

Gray was enrolled at Hardin Simmons College, Abilene, Texas, when ten days after Pearl Harbor he enlisted in the Marine Corps.

While a student at HJC, Amos played on the football team, and was a hard running back, good defense man, blocker, and kicker. He is well remembered by his million dollar smile and pleasing personality.

The death of Amos brings the death toll of HJCers in the war up to eleven. Others who have been killed in service are Keith Joyner, who died in action at Pearl Harbor, Dec. 7, 1941, Charles Willard Maxwell, Connie Oglesby, Clayton Head, Edwin Snyder, Lloyd Davis, Fred Carr, Allison McGee, Harold B. Majure, and William P. Graves.

Those listed as missing in action are Murray Lee Lewis of Terry and Joe Hubbard of Jackson.

Kampus Kibitzer Kolum

Flash! Put on the war paint, girls—Hendricks is on the loose again. P. S. He's also going to be here the whole year. P. S. No. 2. Cedric Barr also imparts the information that he's always been on the loose!

Sounds in the night: "And, boys, you know I think Polly Taylor is the cu-test girl in school," quote—from Francis Ponder. From Pat: "I haven't got a date tonight, but if Willie hasn't got one, I'm gonna sit by Willie"

"I don't love nobody, and nobody don't love me" moans Boone.

Another addition to the first paragraph: Libby is also on the loose — (Maybe some of them that're so free could get together, eh?)

"Oh, Jimmy, oh, Jimmy"—who in the world is that yelling for Jimmy? —Could it be Nell Shelton calling that cute CPT boy?

Peobble has been begging for publicity, but so far the only thing she's done to deserve recognition is to flirt with the rest of the CPT bunch.

Billy and Melba are saving dimes—Trying to make this love affair permanent after the war, eh, Bill?

We may have been mistaken in the first paragraph—George — lipsstick, eh? Boone and Mackey, simply covered with it.

Something new to talk about — The Parker-Doherty, the Hamilton-O'Quinn, and the Huff-Neeley romances.

A new service is now being rendered by employees of the Campus Grill — They deliver letters at night for love-sick couples who can't wait until breakfast to tell their loved ones what they thought about during study hour.

What roommate in the G. D. is trying to steal another roommate's boy friend right out from under her nose? We wonder—

Parker must have a good line to have all these girls thinking he's not engaged.

Do you know what? Miss Morrison has a bee-yoo-ti-ful ring from a certain Corporal at Camp Shelby — It leaves me speechless—

Lovingly yours,

—Hallie

Thirty Football **Letters Awarded**

Since a majority of the 1942 players on the Eagle football squad will probably be in the armed services soon, and would have no further opportunity to earn football letters Coaches Heifer Stuart and Jobie Harris will award an unusually large number of letters this year.

Those who will receive the coveted "H" are: Fowler, Henry, Ferrell, Pettit, Johnson, Roberts, Durst, Humble, Matthews, Griffin, Harmon, Boone, Mackie, Hixon, Moss, Parker, McCoy, Townsend, Farr, Huff, Ridley, Byrd, Chopek, Boteler, Montgomery, Wiygul, Dirago, Carr, Luckett, and Simmons.

Physical Fitness **Tests for Girls** Administered

Physical fitness tests based on the first semester's work in physical education have been administered to the girls this week. Those passing all the tests will receive a certificate of membership in the Physical Fitness Club. This certificate must be renewed in the spring by passing further tests in endurance, agility, and skill.

The items included on the test are: Medical examination, 2 pull-ups in succession, 12 sit-ups in succession, 12 foot-raisings in succession, 25 deepknee bend, 4 push-ups, 2 minute straddle hops, 10 alternate leg extensions, 12 body turning in succession, 30 second arm balances, run and walk a mile in 10 minutes, basket ball throw 50 feet, walk 3 miles in an hour, and low hurdles and shoulder vault balance run on the obstacle course. There must be evidence of good sportsmanship at all times.

The library will be open at the noon hour in the future.

Fighting Eagles Drub Millsaps Majors 57-42; Fri. Tilt Called Off

The fighting Hinds Eagles jumped into the win column here last night by thoroughly drubbing the Millsaps Majors 57 to 42.

The Eagles were never in trouble, keeping a substantial lead over the Millsaps team throughout the contest.

The game's principal attraction was the battle between the Carr brothers, "Motor" Carr of Raymond, and "Buddy" of Millsaps, for high point honors that resulted in a tie, each hitting the basket for 22 points.

"Buddy" Carr is a former student here, and at one time was a leading basketeer for the Eagles. This is the first time he has returned to play against his brother and his alma

FROM THE SIDELINES

Looking Backwards:

Many changes and improvements were made in the athletic department the first semester, and through the efforts of Athletic Director Stuart and Coaches Harris and Gay, the athletic set-up at Hinds is now one of the best in the state.

Military Training

This semester the physical education department constructed an obstacle course, similar to those used by the army, for use by the boys (and girls, too) in training themselves for milid of the old twic panded, and now every student is required to meet once a day for a wellthat consists of calisthenics, running, mass games, tumbling, and dozen other things to build up the body.

The Girls

Arnold Vinson, '40 **Tops Score** In Africa Battle

New releases in the Jackson Daily News and Clarion Ledger Monday told of the heroic deeds of Capt. Arnold Vinson, '40, of Monticello, in the Tunisian attack.

Vinson was announced as "top scorer of an American squadron which knocked down 23 enemy planes in one day's action." With the 12th Air Force, Vinson was serving as part of an RAF unit.

The Daily News states that Vinson "was credited with two planes destroyed by himself, and got one-third of the credit for another, as two other Americans were also in on the kill. Vinson shot down one of the Junkers after a chase.

"'I machine gunned it, and closing range, delivered a burst of cannon fire,' Capt. Vinson told United Press correspondent Bill Ault at North Africa allied headquarters, 'I saw that Office of Educatoin. That figure will the engine and fuselage were hit. Food, Fiber and Colleges

Secretary of Agriculture Claude Wickard has made it clear that we cannot possibly produce more food and fiber next year than the United Nations can use, even if America's 6 million farmers meet the record goals they are now setting for themselves for next season.

Besides food demands of gigantic proportions, we face the necessity of building stockpiles for post-war feeding of ill-nourished Europeans and hunger-worn Asiatics. If these peoples hear our promises of Freedom from Want, they probably envision a global war against starvation. That vision must develop into something more than a mirage.

Lack of manpower is the No. 1 obstruction in the way of successful food and fiber production next year. Secretary Wickard has already congratulated college men and women

throughout the nation, as well as others who helped bring in the 1942 harvest, the most bountiful in our and university enrollment has dropped history. Accompanying his congratulatory message is a call for even greater effort in 1943. His plea is echoed by Washington officials generally.

No wartime job takes priority over food production.

Womanpower

One of three of the nation's largest aeronautical firms is at work on a womanpower plan that makes good sense. By way of the American Council of Education, the firm sent questionnaires to college deans of women to discover whether co-eds would be interested in continuing their education for a year as "engineering cadettes" on the company payroll — then take a regular job with the firm.

The response from deans has been terrific!

Altogether; the firm wants 1,000 women. They must have had two years of college, including some mathematics. Now the company is getting in direct touch with the colleges.

Notes on Nylons

The stocking salvage program will be in high gear by February. Here are a few things co-eds might remember if they aren't aware of them:

"Useable stockings" include silk, nylon, mixtures of silk and rayon, silk and nylon, nylon and rayon, silk and cotton, and nylon and cotton... Don't contribute other silk or nylon garments....Don't expect to be paid for your contributions — it's strictly a proposition for patriots.... Hosiery collection depots are set up as hosiery counters in retail stores....

Keeping 'Em Sighted

A recent visitor on the HJC campus was Priavte A. M. Linton who is stationed at Keesler Field, Biloxi.

P. J. Carroll is now a full fledged navy parachute rigger. Carroll is stationed at the U.S. Naval Air Station at Corpus Christi, and was selected for an intensive course by his commanding officer.

Billy Gibson, a former HJCer, has enlisted in the United States Naval Air Corps and has been accepted for flight training.

Charles Gibson, Jr., brother of Billy, is now in foreign service with the U. S. Army Air Corps.

Charles Cook, ex-Hindsonian editor, has just completed an intensive preflight school course at the San Antonio Aviation Cadet Center.

John Fuller is now in Alaska as machinist's mate with the Sea Bees. He has been in training since the first of August.

Thomas Russum, a member of the freshman class, first semester, is now located at Keesler Field.

Where To Find Who He Is

"I could not find any information about the author of the book I am reporting on, Prof" will no longer be an adequate excuse for HJC English students. The library section of biographies has recently been supplemented by books which should meet the needs for average book reports.

Included in the list of new books are American Authors, 1600-1900; Contemporary American Authors, 1900-1940; British Authors of the Nineteenth Century; Current Biography, 1940, 1941, and 1942, supplemented by a pamphlet issued monthly which contains sketches of the lives of outstanding people of today.

Replacing Living Authors and Authors Today and Yesterday will be Twentieth Century Authors which is expected in an early shipment.

And So You Gripe!

And so you gripe! You don't like this, and that posi-tive-ly "curdles" you. It "burns you up" because jelly is out and you cry in your milk over the loss of banana pudding—all in all—you'd sign on any dotted line that you're "simply starving to death!" Who don't we all wake up — oil up the old bean and use it for something besides displaying our newest toupee? Draw a few sensible conclusions out of it — We're at war—

It's still our fight—our country— our religious liberty and our Bill of Rights that are at stake. No, we can't get on the tail of a Messerschmit or a Hienkel and give'er the gun—Nor can we do any of the active front line work. But while we're in school we can remember a plane that may be down at sea—an excellent target for a machine gunning slant eyes. We can think back to Bataan, Wake, Midway, Guadalcanal, and all those other places and to the boys who were taken and those who still are — giving it all they've got. Their blood, sweat, courage and more than a little of their hearts—boys we've lived near, laughed with and maybe cried with a little—They're giving honor, security and peace to our homeland—and our job is to take sacrifices at home willingly, unselfishly, and with a gladness in our hearts that we can contribute even a little, while they give it all——!

Hitler's Fate

Take it on the authority, of University of Cincinnati expert on social psychology, the current world drama in which Adolf Hitler has assigned to himself the leading role is likely to see the final curtain rung down with the fuehrer committing suicide.

This is the opinion of Dr. Ernest L. Talbert, associate professor of sociology in the university's college of liberal arts.

Without waiting for permission of Herr Goebbels, Dr. Talbert has sketched Hitler and the "spottiness and contrariness of his personality which make him a nuisance to the world and poor company to himself."

Dr. Talbert prefaced his analysis by a discussion of Hitler's background, starting with his love for his mother, a "simple, kindly woman," and hatred of his father, "a harsh, tyrannical parent who dominated Hitler's mother;" and concluded with a study of contradictory twists in Hitler's character.—Associated Collegiate Press.

Library Open During Noon Hour

That the library will be open at the noon hour for the benefit of day students was good news to day students. With crowded class and bus schedules, it has been difficult for many to have opportunity to go to the library more than a period or two during the week. If the day students want to keep this privilege, it would be well for them to use the library. Thirty minutes will give a student ample time to check out a book which he can take home with him if he does not have eufficient time to read it while in the library.

Saturday in Jackson seemed to be Raymond Day; for everywhere I turned, I ran into some of my college kin.

Early Saturday morning I was walking down to the bus station, and I ran right into Sammy, Jimmy, Townsend, Griffin, and "Mo" Hixon—all going to put "Grif" on the train.

A swell send-off, I'd say.

Our fellow staff member, Melba, trying to stir up some excitement to write about in this column—Butch climbing the hill—Leonese Callaway exiting from the Ad building....

Melba in pursuit of Joe Roy Newsome

Finally in the bus station, after checking the time of my bus, I turned around and saw others of the gang. Doc and Ponder were geting on the bus, also with a royal send-off. Of course we're expecting Francis back, but the Navy has first claim on Doc. Good luck, Sailor!

I chatted with Lodena and Helen Messells, and Swenson and Doris Butler a while—before going to the show. But it really was a funny sight to see "Texas" and George shopping — George had all the bundles. Darrell wasn't assisting much with his cigar.

And speaking of cigars—I was passing the Paramount and I saw a whole bunch of familiar faces clustered around the bus stop—Fitz McCoy (and a cigar), Boots and Mary Leon (without cigars), Bubber (another cigar), and "Little Speedy." Upon inquiry I learned that they were waiting for Mary Brooks—already 15 minutes late— and then they were going to put Bubber on the bus. That bus station really made history on January 16!

After telling them all good-bye, I met Sammy, Jimmy, and Townsend, again —this time going to put Jimmy on the train. I was at the point of wondering why Sammy Wasn't leaving then, but I saw him with Eloise—so I stopped wondering.

In the picture show at last I thought I was through with good-byes—but not until I saw Julius Long, Perry, Mackie, and Henry Lee.

It was 4:15 when I got out, so I hurried around to the bus station. "Big Speedy," George, Curtis Magee, and Fletcher came to see us off, and a misty-eyed crowd started back to school, beginning to realize that some of "our boys" were gone for good.

But HJC will always be here, and all our boys will always be wecome back here.

Couple of the Week: Kathleen Sanford and Creel.

We hear that Boots has been struck again. Reckon it's the real "McCoy" this time?

Carolyn, those air-mail letters you've been getting lately didn't have anything to do with your break-up with Will, did they?

David and Clara Frances were circulating around the campus again Monday.

Gin Forbes has been skipping around humming the "Jersey Bounce," lately. Could this have anything to do with No. 8 on the basketball team?

During the week of January 11-15, the students of HJC purchased only \$42.75 of stamps. While this makes each student average a 10c stamp a week, only a few are doing the buying. The plan of the U.S. Treasury Department is for each student to buy one stamp a week as a minimum.

The War Savings program should feature:

A. The thought of sacrifice through the arrangement of restraint in luxury spending such as giving up two bars of candy or two cokes a week to buy one dime stamp.

B. The installment feature of stamp buying; that is, War Stamps should be bought with the intention of later buying a bond, not just for the sake Jangle, Jingle." We had steak so tinof buying a few stamps and stopping.

Betty Bankston Tells of WAVES

Betty Bankston, '41, wrote the following letter to some of the members of the faculty.

> Deck 3, Room 315 USS Willard January 15, 1943

Dear folks at HJC,

I've just completed my first month in the Navy and I'm wildly enthusiastic over life in the WAVES and everything that verges on the nautical side.

Our training school, which is strictly for yeomen, is located on the campus of Oklahoma A. and M., and we are quartered in one of the newest dormitories, which not only houses all of the 650 WAVES and women officers stationed here, but has a beautiful lobby and mess hall, large recreation room, ship's store and medical department. Our class rooms are in the Commerce Building of the college, and we take a regular stenographic course, besides various Naval subjects. Our training lasts over a four month period, and we finish with the rating of Petty Officer 3rd class, and then are sent out to the various Naval Bureaus and recruiting stations where we are needed.

Our classes take so much of our time that there are few military duties for us. However, we do have an hour's drill a day with Captain's Inspection and review each Saturday and competitive drill between the different platoons every two weeks. Also our rooms are inspected daily and we are assigned to various duties, as Security Watch during the night and serve as mates, messengers and quartermasters frequently.

The class I am in went into uniform on the first of January, and it was a proud day when we donned the Navy Blue and made our first salute. Saluting still fascinates me and I go out of my way to get in the path of an officer. By the way, we were quite here as there are a Blue Jacket surprised to learn that Lt. Commander McAfee had changed the salute for women, and instead of bringing the arm out from the side with upper arm parallel to the ground, we raise our lower arm straight up to the forehead from the side. The reason is that it doesn't pull our jackets out of line quite so much.

Liaison "F" Class To Graduate Here This Week

Graduating here this week is the Liaison "F" Class. Included in the class are Winton Walter Bryant, Jr., Bonnie Fulton Culberson, Oscar Will Collins, John Francis Easterby, Alexander Howard Epperson, William Harper, George Martin Jones, Albert Franklin Parker, Fred Akin Smith, Joseph William Turner, and Lyman Delbert Williams. This class started October 15, 1942.

Class "E", which finished December 23, was sent to Waco, Texas.

The next class to leave will be the "G" class, which bega non December 7. Those in class "G" are: Frederick Lyle Boyer, William Edward Clark, Burnell Clinton Faris, Alfred Leland Funderburk, James Otis Gentry, John Thomas O'Keel, Durward Dewitt Prestridge, and Harry Moore Vitter. This class will end February 15.

The newest class, Class "H," began January 6 and finishes March 16. Those enrolled are Morgan Frazier Jones, Terry Barney Blailock, Homer Earl Brunson, Paul Augustus Jones, REQUIRED FOR Lee Anthony Hurdin, Herbert Lee Polk, Charles L. Russel, and John Le-

To date under this fiscal year HJC has trained twenty-four men in ground school. Twenty-seven are being trained now in CAA-WTS. Classes are scheduled to begin February 1 and each four weeks thereafter.

"We hope to obtain sufficient trainees to complete our contract with the CAA War Training Service," Coordinator H. E. Worley stated.

Joe Hubbard, Joe Ainsworth Held Prisoners of War

HJC learned this week that Joe Hubbard, who attended school here in 1938 and 1939, and Joe Ainsworth, who attended school here in 1937 and 1938, had been located. Hubbard, who was reported missing in action last May, is now a prisoner of the Japs in the Philippine Islands. Ainsworth, who also had been reported missing, is now held prisoner by the Italians. He had been in action in Northwest Africa. Both Hubbard and Ainsworth are from Jackson.

Second Semester Enrollment: 282

Enrolled at HJC at the beginning of the second semester were 151 high school students and 131 college students, or a total of 282. Of this numbr there are 13 new students, seven in the high school department and six in the college. The Known Soldier

(The following editorial by Julian Bowman, feature editor of the Clark College (Dubuque, Iowa) Courier, won first prize in the 1942 editorial competition sponsored by Pi Delta Epsilon, national honorary collegiate journalistic fraternity. It is republished here through courtesy of the Courier).

I have watched him on the gridiron and on the track field; he was calm in the face of opposition, clean-headed under the stress of circumstance I have listened to him in the classroom explaining with a halting eloquence the beneficence of democratic government, the necessity of liberty, the honor of freedom, the justice of equality.

He was born at the close of the first World War; he grew to manhood in a virile, growing America; he has just reached his majority, to citizen's estate, when his nation called him to his first service. Having been reared under the paternal protection of his country in peace, he would now become its defender in war.

Willingly, American that he was, he gave what he had to offer: the vigor of his youth, the courage of his soul, the strength of his will to victory. All that he asked in return was security, safety, peace for freedom-loving peoples the universe over.

And, and if to show that his concern was not alone with the welfare of America, he sailed overseas the better to stay the coming aggression. Because peace is international, he did not question the locale of the conflict, but assumed his place among the legions striving for a peace above nationality, one that would be for all men. To him, peace was so vital to the common weal of the human race, that he would war to win it. If needs be, he himself would die that others might live under its salutary influence.

The world he would win would be one wherein authority would be rightly administered; wherein laws would be enacted and judgments decreed in wisdom and in justice; wherein government, executed in righteousness, would be eminently useful to the people. The world he would win would be one wherein harmony would be preserved, human happiness promoted, knowledge increased, and equal liberty per-

To him is entrusted the winning of the world security, the victory of peace over war. He is prepared to die that what he would live for may be preserved inviolable. Yet, he was not even captain of his college team; he is "private first class" now. He never established a national record for the high hurdles; but he is surmounting international tyranny today. He will not be graduated this spring with his college class, for his personal ambition has been deferred to support his country under arms. He may not become President of the United States, but he is fighting to keep the fact of the presidency a reality.

He is ready to give his life as the price for peace if his own youth's ambition may be fulfilled by others in the security he shall win. He could take defeat, but he is "all out for victory" in the defense of freedom — He is the known soldier.—Associated Collegiate Press.

Fifth Consecutive **Victory Scored** By Eagles

Led by Carr, Hickman, and Laird the Eagles won their first contest over Mississippi College, and their fifth consecutive conference victory, here Thursday night, 64 to 50.

Although the Choctaws hit the basket with regularity, they were never able to overcome the lead that the Eagles tacked up in the opening minutes of the game. At half-time the Eagles were leading 40-22.

"Motor" Carr captured high scoring honors with 19 points, followed closely by Hickman and Laird, who scored 18 and 16 points, respectively.

For the Choctaws, White tallied 10 points to lead his team in the scoring department. Jones and MacMurray scored 9 points each.

Lineups: Hinds — McKissack (2) Carr (19), Ponder (2), Laird (16), and Boteler, forwards: Hickman (18), and Sessions centers; Hall, Virden, Chopek (8), and Durst, guards.

Mississippi College — Skelton (9) MacMurray (5), and Jones (9), forwards; Price (6) and Kitchens, centers; White (10), Hurt (4), Farrell (6), and Gunn, guards.

Referee: Harris (Millsaps).

Choctaws Turn Tables On Eagles, 43-39

As revenge for their defeat by the Eagles on Thursday night, the Mississippi College Choctaws, with Ted Farrell scoring two last minute crip shots, overcame the Eagles at Clinton Friday night, 43-39.

"Motor" Carr, Eagle forward, again captured high scoring honors, dropping in seven field goals and two free pitches for 16 points.

Center Price scored 13 points to lead the Choctaws, followed closely by Jones, who sank six long range shots for 12 points.

Several times during the contest the Eagles were in the lead, but each time they were easily overtaken by the fighting Chocs, who were leading 25-24 at the half.

Lineups — Mississippi College — Jones, f, 12; Skelton, f, 6; McMurray, f, 2; Price, c, 13; Farrell, g, 6; White, g, 2; Lindsley, g, 2.

Hinds - Carr, f, 16; Laird, f, 4; Boteler, f, 3; Virden, f; Hickman, c, 9; Sessions, c, 1; Chopek, g, 4; Mc-Kissack, g, 2; Durst, g.

Ordnance Cagers Outclass Locals

The Hinds Eagles were outclassed in Jackson last night by the Cagers from the Ordnance Plant, 37 to 24.

The soldiers hit the basket from all angles to wen the game by a larger margen than any other team that has defeated the Eagles.

Carr, with 8 points, was high point man for Hinds. High point man for the MOP's was Sinram, who hit the hoop for 11 points.

Two of the books (Blood, Sweat, and Tears and Berlin Diary) in the "driving force" which "got America into the war" are in the HJC library, according to Mrs. Rowzee, librarian. The thirteen books listed below are those responsible, Mrs. Rowzee said.

People Under Hitler - Wallace Pattern of Conquest - Joseph C.

Hersch. Is Tomorrow Hitler's - H. R.

Knickerbocker. You Can't Do Business with Hitler -Douglas Miller.

The Eagles, in their only contest with the Guards, set a new league scoring record, burying the Guards under an avalanche of points to the tune of 91 to 30.

The loss of Steve Chopek, who was called out by the ERC Sunday, and the possible loss of Will Hickman, and "Motor" Carr, the league's highscorer, who haven't as yet returned to the campus, may hinder the Eagles considerably, but the fast improving second string and the return this week of Perry Richardson will help fill the gaps caused by these untimely departures.

J. P. Gradick must have a home interest too.

Wonder if there's any possible way to get Mildred Newman to move into gas rationing is bad!

Many girls are looking downhearted this week because Chopek was called out by the ERC Sunday. "Motor" and Hickman also left with their clothes. We wonder if they will be back, because they are ERC boys too, as well as outstanding ball play-

Since so many new girls are coming in and the boys are so few, I'd better stop writing this column and start looking out for my own interest.

If you didn't have it in print before you, could you spell NUCLEUS?

If not don't be disturbed because it is one of the most frequently misspelled words in the language, at least by college students, finds Harold V. Anderson, chemistry professor at Lehigh univerity.

For 15 years Anderson has listed every misspelling of the word discovered in written work of his students. He has found it incorrectly spelled hundreds of times, and spelled 61 different ways!

The professor found that the rank of the student seemingly had little to do with his ability to handle this word. Graduate students misspell it as often as freshmen.

Commonest among incorrect forms were such spellings as "nucleous," "nucelous," "neclueous," "nuclues," and even "neuculus."

Some time ago Anderson called attention of the Brown and White, campus newspaper, to his collection. Student journalists ran an article about it. In the article, the B & W spelled it "neucleus."

Other sticklers for college students, according to Anderson, include: separate, dissolve, precipitate, soluble, and molecule.

FROM THE SIDELINES

Meditations:

He's not the high scorer on the ball club, neither does he play the most spectacular ball on the court, yet he's always on; we've never seen him have an "off-night" yet. He's always in there battling; maybe he doesn't get over 3 or 4 points a game, but he keeps the other side from scoring. Who are we talking about? "Buddy" McKissack, one of the finest guards in the conference and certainly a swell kid.

Off the Record:

Had the Eagles won over Mississippi College Friday night, they have tied for first place in the conference with the Choctaws. Since they were defeated, they are tied for third place with the Air Base (This was written before the Tuesday night game). Millsaps is now resting in second place, until the Eagles get a chance at them again. Incidentially, if the season would end now, our preseason prediction would have been perfect - Miss. College, Millsaps, haven't watched so many). Any-per-Hinds, Air Base, Ordnance Plant, and State Guards. That' sthe order in Loyola's Wolves gets marked up in

with the exception of the Guards. They weren't in the league at that

Glimpses at the Opponents:

One of the greatest shows on the basketball courts will be staged Feb. 1 in Jackson when Daney Banks and the New York Celtics meet our fellow members of the AC League, the Miss. College Choctaws. The game should be close (as far as the score's concerned), possibly ending with the Celtics winning about 59 to 56. Daney Banks will probably be the Choctaws' high point man. He never fails to help his opponents catch up when they fall behind.

"Buddy" Carr, former Eagle, was refered to in Sunday's papers as one of the South's greatest offensive ball players. We thoroughly agree. We've seen him in action several times during his basketball career at Millsaps, and he's one of the finest centers we've ever watched (though we son who can score 28 points against which we predicted they'd finish — our books as a real ball player.

Keeping 'Em Sighted

After successfully completing the primary flight training course at Dallas, Texas, Naval Aviation Cadet Robert Shumaker has been transferred to the U.S. Naval Air Station at Corpus Christi, Texas.

Following three months of advanced flight training at Corpus Christi, Cadet Shumaker will receive his wings as a Naval aviator and the commission of an Ensign in the Naval Reserve, or Second Lieutenant in the Marine Corps Reserve.

Ralph Hogan is now enrolled as a student officer in the Army Air Forces Pre-Flight School at Maxwell Field. Hogan received CPT at HJC.

Hinds Junior College boasts another member of the WAVES, this new member being Ann Williams of Raymond. Miss Williams received her orders to report to Smith College, Northampton, Mass., on January 16.

Lieutenant Albert L. Gore, '40, is now stationed at the Air Forces Weather Training School, Grand Rapids, Michigan, serving as signal officer.

Washington - (ACP) - By the end of this year, about 20 per cent of America's industrial workers will be women - a total of 6 million of them, according to the War Manpower Commission.

In aircraft production, employment of women is expected to be greater than that of men.

Again, during the next year, one of America's most urgent needs will be for nurses. Paul V. McNutt, Manpower director, pointed out the other began rehearsals Monday on "Wildcat day that 65,000 young women must enter nursing schools between June 30, 1943, and July 1, 1944, "if even minimum civilian and military needs of the nation are to be met." This number exceeds the 1942-43 group of 10,000. Where state nursing laws permit, schools are being urged to reduce the usual period of training from three years to 30 months, or

Capitalisms

Those now in college who expect to follow careers in Washington will be most grateful to Capital to Campus, we're sure, for the following list of "capitalisms," — those time-honored phrases, those in-the-know catchwords, those respectable cliches which a good bureaucrat wouldn't be found dead without.

You must remember, for example, that no government conference is quite complete without reference to the "over-all picture." The over-all picture, of course, es something you 'should never lose sight of."

When the conference is inter-departmental, you should remember to ask conferees from other departments, "What would your shop think about this idea?"

And when someone asks you how the situation looks, the appropriate preface to your remark is the observation that "The last report from the field was...." "The field" may be any number, or all, of the 48 states.

In ducking a responsibility — an important technique to develop if you wish to progress - always remember to say, "We're not the action agency on this." Or you can say, "That's outside our jurisdiction." Or, if you don't have the slightest idea of what your questioner is talking about, "We'll check the file on that."

When you're in an aggressive Mr. Biggs, like all other young mood, and wish to impress a superior,

Feeling pretty good about his achievement, the official dictated his first letter to the new girl, telling her to type it, including a carbon copy, and send same along the way. The letter was addressed to an industrialist a few states to the north of Washington.

A day or so later, the official dictated a similar letter to the same industrialist, repeating his instruct-

Wedding Bells

Wedding bells — wedding music — wedding dresses — these are the important things in the minds of HJCer's now. No, they're not all getting married, but the Freshman Class will be united in marriage to the Sophomore Class in the traditional wedding ceremony on Feb. 13.

This event is only a young tradition now, for it was only begun last year, but it is a tradition that we want to keep. The persons chosen for the personnel of this occasion should have the full cooperation of the student body in making the wedding a successful event.

Two Favorites Leave H.IC

This week brings to a close the stay of two favorite teachers on our campus. HJC is losing Miss Bess Gay and Mr. Robert Biggs. Miss Gay will go to Keesler Field as an instructor, Mr. Biggs to the Army Air Corps.

Miss Gay, professor of biology, has spent five years at HJC and her presence on the campus will surely be missed. It was under her direction that the girls' marching unit was organized.

Especially will we miss her always pleasant expression, and the girls will never forget her words "Just two more now," and "Attention, beginning left, one, two, one, two." Under Miss Gay's supervision the girls of HJC have learned the importance of physical fitness.

We think we shall miss Mr. Biggs' twinkling eyes most. Although he hasn't been with us so very long he's home folks. Having graduated from HJC gives him a first claim.

We wish Miss Gay and Mr. Biggs good luck and hope that they will "Keep 'em Flying."

If You Don't Want It, Return It to Us

If you have no more use for your Hindsonian after you have read it, the Hindsonian staff would appreciate your returning it to the Staff Room. Either give your copy to the editor or place it in the Hindsonian box in the Ad. building.

Because of the limited number published, the number of extra copies are few, and often occasions arise for additional copies.

If you send your copy to someone else, that is fine, but if you do not want it, we'd appreciate your returning it to us.

On to Home Base!

Casa Blanca made history last week because President Roosevelt and Winston Churchill held an important conference there.

Let's put Hinds Junior College on the map and help it "make history" by buying more war stamps and bonds. The requested time for filling war stamp books is up, but we needn't let that hold us back if we haven't already completed the book.

HJC is just at first base in relation to other colleges in Mississippi as to the amount of purchased war stamps. If we do our part we can get to home base in a short time.

A Thought for the Week

By Prof. H. E. Worley

As many of our boys are leaving to take their places at the front, we on the home front should try harder to do our part. We can help by increasing our bond or stamp quota, by not repeating idle rumors, by writing letters to those in the service, and by being more willing to do without some of the things that we have been accustomed to having in abundance. We should be ashamed to do less, while thousands are giving their lives.

Mrs. Mary Kelly Stuart, wife of Coach C. E. Stuart, will substitute for Miss Bess Gay as instructor of biology and girls' physical education. Miss Gay resigned to accept a position as junior instructor at Keesler Field on Feb.

Mrs. Stuart is well qualified for the position, having served as director of physical education for women at Meridian Junior College, and instructor of physical education at Central High School, Jackson, and at Newton High School.

She holds a B. Eagles Trim Air Base 41-39

The fighting Eagles displaying unusual power defeated a fast Jackson Air Base squad here Friday night

The Eagles started off in great style to lead the flyers 15 points at the half. In the second period, the Air Base tried in vain to overtake the locals, outscoring them 13 points.

LT. KAGAN'S MOP CAGERS TO INVADE EAGLE NEST FRIDAY

Coach Denton said today that HJC will play the State Guards Friday night instead of the Ordnance Plant

Fresh from a 46 to 15 victory over the Jackson Air Base, Lt. Leo Kagan and his Mississippi Ordnance Plant Cagers will invade the Eagles' nest Friday night.

Getting off to a slow start in the conference, the MOP's have suddenly developed startling power, and indications are that they will be plenty tough to handle.

The Eagles recently lost their entire first team, Hickman, Carr, Laird, Chopek, and McKissack, to the service, but the up and coming second team proved their capability by downing the Air Base squad.

Richardson, Boteler, Ponder, Virden, Sessions, and Durst are the remaining members of the squad who will have to bear the burden for the Eagles.

Eagles Romp to 74-21 Win Over State Guards

HJC Eagles romped to a 74-21 win over the Mississippi State Guards here last Thursday night.

High scoring of the night went to Richardson, guard, with 26 points, and Boteler, forward, with 24 points.

Drane, center of the State Guard, led his outfit for the scoring with 6

FROM THE SIDELINES

Meditations:

The Friday night showing of the Eagles (what was once the second team) against the Jackson Air Base proves what we always thought the former second team, now the first team, are perfectly capable of carrying on the good work started by Chopek, McKissack, Laird, Hickman, and Carr, all of whom have withdrawn from school to enter the service -Buell and Wiygul are the other two members of the original squad who have gone.

Off the Record:

don't know what you think, but we idea their consideration.

Clark-Morrison Engagement Announced

Announcement of the engagement of Miss Avis Morrison and Corporal Lemuel Kenneth Clark was published on the society page of the Sunday edition of the Natchez Democrat.

The announcement is of special interest here since Miss Morrison is secretary to Pres. G. M. McLendon, and Corporal Clark is a former member of the HJC faculty. Miss Morrison was a member of the Class of '37. While a student here she was program chairman of the YWCA. a member of Phi Theta Kappa, alumni editor of the Hindsonian, and YWCA delegate to Blue Ridge. Later she received her B. S. degree at MSCW, where she was a member of Pi Omega Pi, honorary fraternity for secretarial science majors.

The announcement follows:

"Mrs. Howell L. Ford announces the engagement of her daughter, Avis Morrison, to Corp. Lemuel Kenneth Clark, of the recruiting and induction station at Camp Shelby.

"Miss Morrison, now a member of the faculty at Hinds Junior College, grew up in Natchez, where she was outstanding during her high school days, being voted the DAR Citizenship Girl of her class. Following graduation from Hinds Junior, she obtained a B. A. degree from Miss. State College for Women and returned to Hinds Junior as assistant secretary to the president of that institution.

"Noted for her lovely and winning personality, Miss Morrison has countless life-long friends here to whom her career has been a source of sincere pride and inspiration. To them the above announcement will be of inter-

"Corp. Clark is a son of Mrs. Muriel Clark and the late Charles Arthur Clark of Girard, Kansas. He received his B. A. degree from the Kansas State Teachers College and his M. A. from the University of Iowa. Prior to his induction into the army, he held an important post as lead of the commercial department of Hinds Junior College.

"Due to the exigencies of war, no definite date for the ceremony has been set, but it is heartening to know that Corp. Clark expects to resume his connection with the college when hostilities are over, and that these delightful personalities will probably make their home in nearby Raymond."

The Eagles will play the Millsaps Majors tonight in Jackson.

War and the Faculty

Washington - (ACP) - The U. U. Office of Education has the war toll figures on college faculties now. It says 8,000 left campuses in the last year for armed services, government, war industry, or other fields.

Faculties shrank by about 5 per cent, with numbers of men teachers dropping 7.5 per cent. Replacements increased in the numbers of women teachers by 1.3 per cent.

Stirred by the exodus, some schools have boosted salaries and retained staff members beyond retirement age. Close to 100 schools have abolished such non-teaching functions as research and supervision of student activities.

History in Class 1-A

Alexander Meiklejohn, author of 'Education Between Two Worlds'' and educator with ideas of his own, sides with those who approve the Army-Navy college training programs in these words:

"I am not saying that a young man will get a good education by going into the hell of war. I am only saying that, if he is fit to fight, he will get a bad education by staying out of it."

Work To Be Done

An "urgent" call has come from the Civil Service Commission for college women to take federal jobs as junior engineers at \$2,600. Tuitionfree, government sponsoreă 10-week training courses, now underway at many colleges, will qualify those without engineering training.

The government also can use college-trained women as accounting and auditing assistants at \$2,000, economists and statisticians at \$2,600

Nutrition Course To Be Completed Here This Week

The five-hour course in nutrition, recommended for all school sby the National and State Nutritional Committees, will be completed this week by HJC students under the instructorship of Miss Zula Threlkeld and Miss Fleta Whitaker.

The course is especially timely and useful since the nation faces additional food rationing and the local school is composed primarily of students who live on farms where nutritious foods can be produced.

Foods and their contents necessary for a well-balanced diet for the healthy individual have been discussed by the local home economists. At the first lecture Monday, Miss Threlkeld discussed certain substitutes for some essential foods which might be rationed. Among those substitutes is oleo-margarine, she said.

"When selecting a butter substitute, be sure you get the product that has vitamin A added," she stressed. "Vitamin A, or the 'Blackout Vitamin,' is useful in preventing night blindness, which handicaps both civilians and aviators. Carrots and other yellow vegetables are rich sources of this vitamin which is also a protective against diseases of the lungs, nose, and respiratory tract."

As a definition for nutrition, Miss Threlkeld mentioned two factors: (1) A well-balanced diet, and (2) proper utilization of food by the body. Quoting authorities, she said that in 1941 forty per cent of the boys called for military service were unfit, and that three-fourths of the American people are not well fed.

"Quite often we feel that if we are able to stay out of bed, we are in good health, but this is not necessarily true," she pointed out. "Good health is more than that; it is 'that High School Senior quality in life that enables us to give most and serve best."

A well balanced meal should contain proteins, the building foods; carbohydrates and fats, the energy foods; minerals, mainly calcium, phosphorus, and iron; and water, she

The vitamins-A, Thiamine, B-1, Riboflavin, B-2, Niacin, C, D, and Kwere discussed in detail. She designated vitamin B as the "morale or pep" vitamin; vitamin D as the "sun- extended the privilege of inviting shine" vitamin; and vitamin A as the "blackout' vitamin.

Tests on the courses will probably be administered Friday.

Uncle Sam Needs Us Strong

Where this little moron story originated we don't know, but it bears repeating. Three little morons were busily engaged in a conversation, each telling what he was going to be and how he would serve his country. The first little moron said he was going to be a soldier, the second said he preferred to be a marine, but the third little moron, very sure of himself, said that he was going to be a Vitamin.

"Why," said the first two, "what do you mean by that?"

"Well," said the little moron, "Isaw a sign the other day that said, 'Vitamin B-1.'"

Well, we can't be vitamins, but we can get them. They are essential to a proper well balanced diet and are the unseen remedies and preventions for many diseases. Much study has been made lately on just two of the many that scientists have discovered. Even though they cannot be seen by the naked eye, or even through the powerful lens of the microscope, they are dynamic in their functions.

The necessity of including foods rich in vitamins has been pointed out to us this week by Miss Threlkeld and Miss Whitaker who have conducted a nutrition course for every student in school. How we use this information will depend on us. No true American would intentionally neglect his health in peacetime, much less in wartime. Uncle Sam needs us strong for all types of war work.

A Wonderful Person

It is as it has always been—This "post-leaving" appreciation that we should have been expressing all along. Although Miss Bess Gay may have never known the sincere, deep-rooted feeling her students had for her, or even if she did—she will never know the extent of it.

We appreciated her ability, her effort and her achievements, but most of all we appreciated Miss Gay as being Miss Gay—We loved her as a person, for her wit, and her kind humor, and we recognize in her the essentials of a wonderful person. Although we may have grumbled over having to march in the early morning, we felt more than compensation in having known a person with such a fresh, unaffected, and wholly "early morning" personality.

We wish her the very best of everything and extend in our warmest manner our most sincere invitation to visit us as much and as long as she will.

So Long, Mr. P. C. (we hope)

Zoom! And a roll flew past my head! Really! HJCers, don't you think it's high time we realized that its a dining room instead of a sty—and there are different ways of eating, according to E. Post, than with your head in your plate, looking as if you're hunting for something as a dog might dig for a bone and only coming up for air every other meal?

The Lamplighters had it on the ball in a discussion at a meeting of theirs in which the topic under fire was "The Dividends of Good Manners." And there are a few, no kidding! Good manners don't in-

clude an absolute necessity of knowing whether to use the third or fifth fork to the leeward side of your plate or at just what angle to fold your napkin when you've finished, but they do include a few simple things like consideration of your "table fellows" and a quiet inconspicuous eating technique. They include the courtesies shown by the gentlemen toward the ladies at their table, and the "excuse me pleases" that herald the departing of a table member. And when things like "pass" might also be accompanied by a please, whether to the girl serving or the person beside you.

It's all really a very simple plan, and through it you'll earn the respect of those eating with you. Pull back a chair here; take no more thanhalf the corn this time; eat quietly and conservatively; and give your friend, Pork Chops, back his pen. Everybody will love you for it.

IF ALL MY LIFE WERE MUSIC

By Clara Frances Beazley

If all my life were music
And my soul a melody,
My heart would sing the songs of old
And set my spirits free.
No sorrows would there now abound
Upon the minds of men,
Only happiness would I let live
Within this realm of sin.
I'd wipe away all sadness
With a lilting little tune,
And all would turn to gladness
Within this world of gloom.

Once, Darrell, in his KKK, Wrote of a G. D. girl and her sweetheart theft.

But could it be that that young lad Sees that he's just getting left???

Now Marjorie—how does the child live

When she's minus her whole heart? Tho' Lane has the biggest part of it— Motor and Miller divide the other part

Cupid says we run things in the ground

When two no longer have love in their hearts.

We accuse, and also excuse,
But Boots and George are doing fine
—apart!

The arrow is stuck in Jane and Billy And to them seems gratifying Not only to meet all hours of the day, But to exchange letters satisfying.

And Ann D. too, seems to be satisfied

To get in a day, a letter or two; Also — if they aren't postmarked "STATE"

She gets disappointed—and oh, so blue

Clara Frances and Permelia, too, Will soon be just plain widows For Uncle Sam took their loves away (Soon we widows will be in numbers.)

So to those who love, and to those who don't

It's a fine and thrilling affair
To love and to be loved
By one for whom you really care.

Now I've gotten myself all in a daze Thinking of love and making a rhyme And here I sit — just in a gaze— So, so'long 'til next Valentine!

EAGLES ROLL INTO TOP SLOT

By Darrell Selby

The Eagles rolled into top slot in the Army-Collegiate League Friday night by trouncing the State Guard basketball five 49 to 33. This record does not include games since Friday night.

The improved .Guards .sparked by Arthur Burns, who hit the net for 13 points, repeatedly tied the score, but were never able to get ahead of the league-leading Eagles.

Richardson was high point man for th night, scoring 20 points.

Scoring were: Hinds - Boteler 8, Ponder 10, Richardson 20, Creel 2, Virden 3, Boone 6. State Guards -Garret 9, White 4, Armstrong 5, Burns 13, Wilkinson 2.

Hinds led 21-19 at the half.

MUSICAL SELECTIONS, ONE ACT PLAY FEATURE ASSEMBLY PROGRAM

Musical selections and a one act play featured the assembly program Tuesday morning. Rachel Stubbs, president of the Canto-Sonora Club, was student chairman. She read the scripture and led in prayer.

With Mrs. L. B. Davis as accompanist, the high school boys' quartet composed of Maurice Flowers, Bill Menger, Stanley Smathers, and Hugh Brent sang "Bull Frog on the Bank," "You're the Flower of My Heart," and "The Old Gray Mare." Elizabeth Crisler played a piano solo, "Second Mazurka," by Godard; and Bobbye Ruth Allen sang "Love's on the High Road," and "L'Amour Toujours," by Friml.

Those in the High School Dramatic Club play, which was directed by Polly Taylor as a class project, were Billy Taylor, Polly Criser, Juanita Bush, Earline Phillips, Mary Alice Harrison, Bill Menger, Jane Allen and Porter Puryear.

Boteler, Richardson Spark Attack on Millsaps Defeat

With Boteler and Richardson sparking the attack, the Hinds Eagles whipped the Millsaps Majors in Jackson Wednesday night, 26-22.

Both teams played excellent defensive ball, keeping the score at a minimum. The Majors led 16-11 at half time, but the two Eagle forwards began hitting the basket to give the Hinds squad the victory.

Boteler and Richardson scored 13 and 10 points respectively to lead the Eagles, while Stubblefield, with 7 points, was high point man for the Majors.

Meditation:

For the second time, the Eagles trounced the Millsaps Majors, but the second game was practically handed to us on a silver platter. The Millsaps Coach got his schedule mixed up; Carr, Lowther, and Glaze were nowhere around, and two spectators showed up for the game to see the Eagles win 26-22.

Vegetables **Provided Here** By Farm

"Because of the present war and local labor problems, the farm program at Hinds Junior College has been changed to meet the vegetable needs in the college dining hall," Farm Director Z. D. Wheeler stated recently.

The program has been extended to provide grain for roughage for the dairy and the newly added beef unit. To help in this new program, three acres of commercial vegetables, two acres of sweet potatoes, and two acres of Irish potatoes have been planted.

HJC has also entered a project for improving 65 acres of permanent pasture for the dairy and beef cattle units. Twenty acres of these 65 are now being cleared. After clearing, they will be terraced, fertilized, lined, and seeded, according to government specifications. The remaining 45 acres that are already in pasture will be terraced and treated the same as the twenty acres of newly cleared land.

To provide roughage for the cattle, sixteen acres will be planted in soy beans in the spring, and after repasture.

Have you thought that a cow might have a name? Or, if you have, have you ever thought how she got it, or who inspired it?

The cows in our barn are given 'barn names" by the boys who work there. Back in '40-'41 when Howard McCord, Brute Barlow, Homer Peden, Claude Holliday, Jimmy McClellan and Charles Tannehill were the "milk boys," it was their privilege to name the cows that were born. It is interseting to note some of the names among them. Brownie - Could it be for Brownie Logue of V'burg, a basketball star here in '41." But finally he walked over to her and asked, "Are you Miss Boyd?" She told him she was, and when he introduced himself as Mr. McLendon, the principal of the Phoenix High School, she said she was shocked beyond endurance.

And the story went on that way until they reached school, which was 16 miles away. Miss Boyd and another teacher were sitting on the back seat of the car, and she turned to the other teacher and whispered, "Is he married?"

Mr. McLendon, as usual, heard her and turned around and said to her, "No, Madam, he is not married."

This experience, Mrs. McLendon confesses, she has never lived down. Although she was thinking, "Well, you need not think I want to marry you, young man!"-he was flattering himself all the while.

Meanwhile, Brig. Gen. Joe N. Dalton, the Army's assistant chief of staff for personnel, has made a point of clarifying the status of men who will eventually enter the specialized training courses.

"The trainee is not a college boy in uniform," says General Dalton. "He's a doughboy in a military unit located at a college. This program is not, designed to offer a nice, soft spot for young men who have been inducted into the service."

Five F's Needed In War Program Listed by Ellzey

Fighting morale, fighters, food, funds, and fight are five F's of importance during these wartimes, Secretary Russell Elzey of the War Production Board told Hinds Junior College students yesterday.

"A fighting morale on the home front, a response to our duties, can prove of extreme value in the war effort," Mr. Ellzey said. "Too, it will take the men of this country, and the food of this country to win the war. We can save our dimes and quarters to buy War Stamps and Bonds; we can collect rubber; we can save tin and grease; and most of all we can fight."

"To preserve our American way of living, we shall fight to the last, even to the bitter end," he stated.

Ninety per cent of the tin collected will come from tin cans, Mr. Ellzey estimated. HJC students can help the war effort, he said, if they will tell their parents to save tin cans, which should first be washed, the labels and tops removed, and the cans pressed for collection.

"The state of Mississippi has been called upon to collect 24 million tons of scrap this year," Mr. Ellzey point-

Also on the assembly program yesterday were Lt. (jg) Marjorie Bartholomew of the office of Naval Officer Procurement and Ensign Robt. I. Blakey, officer in charge of the Navy Induction Center at Camp Shelby. Lt. Bartohlomew is stationed with the Naval Officer Procurement Office in New Orleans, and is on duty in Jackson this week. Lt. Be It Resolved—

We gladly print in this column the following resolutions handed to us by a sophomore committee, and join with them in commending our dietitian, Miss Threlkeld, for the excellent course in nutrition. The program made us vitamin conscious, and now common remarks at the table are "Praise the Lord, and pass my nutrition," "Eat your carrots, they'll make you see in the dark," "We must drnik cur calcium," etc.

Now that Miss Threlkeld has told us the way to good health and a ripe old age through right eating and good nutrition the next move is up to us.

It isn't New Year's but here are a few resolutions made by a group of sophomores to show Miss Threlkeld that all her efforts were not in vain.

Be it resolved, to

- 1. Eat at a reasonable speed.
- 2. Drink a glass of water instead of pouring it into the serving girl's pan.
- 3. Eat oatmeal and other whole grain cereals for breakfast and stop pining for the jelly that is no more.
 - 4. Eat eggs, too everybody doesn't have 'em.
 - 5. Get two vegetables daily plus potatoes.
- 6. Back our ears and try a little spinach. We never will like it until we try a few times.
- 7. Put away the things we need first; then if we are still hungry we can borrow the extra dessert from the next table.
- 8. Dodge the Grill just before meal time and remember that apple juice is good for us.
 - 9. Be cheerful at the table, and that doesn't mean boisterous.
 - 10. Eat meat substitutes and like 'em.
 - 11. Never brow beat serving girls; they aren't run by electricity.
- 12. Button your lips if you don't like the chow nobody can help it if all our favorite dishes are rationed. We're in a war!
 - 13. Remember these resolutions at least three times a day.

Respectfully submitted,

A Sophomore Committee

Have Our Flowers Been Rationed?

"If winter comes, can spring be far behind" is a familiar quotation to us. Even though it is still winter at HJC, before long signs of spring will be noticeable on all points of the campus. The trees will be budding, the grass turning green, and a soft breeze blowing, but what is spring without the beautiful colors of flowers and the sweet fragrance which they send into the air?

We remember the beautiful pansy beds that adorned the space around the flag pole and the verbena which lined the curb around the driveway. The Administration front is perhaps the most impressive view a visitor to our campus sees, and the presence of flowers have always heretofore made it more impressive.

What has become of the flowers that once helped beautify HJC?

Many schools have been observing Arbor Day, beautifying their campuses by planting new young trees. Are we going to sit down and let all the natural beauty of our campus go to waste by simply not helping to make it more beautiful?

YOUTH'S DREAM

By Clara Frances Beazley

Yes, I was young, and I loved life; I gloried in its pleasures. My youth was a vein of purest gold-A rare and priceless treasure.

As all youths have, I had my dream Of a bright and promising futur. Then came a war of the universe-A horrid, ghastly feature.

It took away my dream of youth, Quite rudely threw it aside. It tore up the pattern of my life, And hurt my noble pride.

They gave me a gun and told me to

For the things in which I believed; So I gave my life's blood for the right To speak and worship as I pleased.

And again this year, in '43, Youth have set aside their dreams And renewed the battle in loyalty To fight for their country.

But we musn't worry about our youth No matter how long the strife, For when it's over, they will again Take up their dream of life.

A Thought for the Week

By Mrs. Gertrude Rowzee

Books aren't rationed. And in them can be found the wisdom of the ages. But if one is not in the mood for finding wisdom, then he can find entertainment and recreation as well. Biography, history, travel, science, good fiction and other forms of literature can open doors to worlds hitherto unknown. Books can give you the joy of finding people like yourself or your neighbor in a story and the joy of following the story breathlessly to the end in the excitement of discovery and surprise. Books written by those who have traveled extensively can reveal to you scenes and sights of whose existence you never dreamed. They can lead you to an interest in world affairs of the present and future. When one discovers the joys of reading, he discovers a lasting treasure that nothing can take away.

Time was when-cars, including Prexy's, Lillian's, Jane's, and Florine's were serenly parked (momentarily) on the driveway in front of the Science Building; chocolate bars and cokes were plentiful at the Grill and encouraged sugary twosomes, confections for our snooping eyes in the SRW; boys, and more boys, lounged, courted (under the watchful eye of Four O'clock), nutted, and played (Evidence: the cracked pane in the SRW); pansies waved their greetings beneath Old Glory; rose verbena trailed along the edge of the circular driveway. Some have gone to war; but what about the pansies and verbena?

What You Buy With

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a .45-caliber weapon.

The new gun used by the para-troops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. George Hendrick Directs All-Girl Cast in Play

"The Ladies Discover America," the second in a series of one act plays to be presented by members of the Dramatic class, will be directed by George Hendrick.

The play relates how a group of women, heretofore accustomed to all the luxuries of life, realize the need for war workers and come down to earth and begin to do their part in the war effort.

The all-girl cast includes Althea Magoun, Lillian Jackson, Gloria Jones, Elizabeth Loyd, Carolyn Hux, Maude Stevens, Camille Sadler and Julia Margaret Owens.

Soph - Frosh Classes United

The symbolic wedding uniting the hearts of the sophomore and freshman classes was held on Valentine's Eve at 8 o'clock in the college auditorium, with Laurice "Boots" Burkett representing the freshman class as the bride, and Virginia Mills, the groom.

The college musical organizations gave a program of nuptial music preceding the ceremony and were directed by Mrs. L. B. Davis, who with Miss Gertrude Davis, YWCA sponsor, were in charge of the arrangements and supervised the wedding.

The bride, wearing the wedding dress of Pauline Gore, '42, now Mrs. R. H. Emmert, HJC alumni, was given in marriage by President G. M. McLendon to Virginia Mills, the groom, who wore a white linen suit. Nelon Davis, '42, officiated.

Those in the wedding party were Carolyn Hux, Polly Taylor, Geneva Parish, Leonese Callaway, Maude M. Stevens, Permelia Williams, Almeida Taylor, Juanita Cook, Jean Cockerham, Elizabeth Lloyd, Emelyn Weissinger, Lucy Smathers, Joyce Linton, Sue Martin, Mary Will McKenzie, Rosa Taylor, Bebe Epperson, Martha Gillespie, and Eugene Worley.

Ushers were Stanley Smathers, Maurice Flowers, Hugh Brent, William Mengr, Billy Taylor, and Porter

After the cermony a reception was held in the lobby of the girls' dormitory for the wedding party, high school representatives, dormitory students, and members of the immediate families of the bridal party.

Among the out of town guests at the ceremony and reception which followed were: Mrs. Brealon Parish of Mt. Olive, Mrs. J. H. Williams of Bolton, Mrs. J. CAPITAL to CAMPUS

ACP's Jay Richter Reports from Washington

Where Do We Go From Here?

Washington - (ACP) - Results of a national inquiry into the collegiate mind were announced this week by

Four organizations—the American Council on Education, the Association of American Junior Colleges, the Natinal Student Federation of America and the International Student Service — asked student governments and war councils what questions college students wanted answered.

More than 20 colleges replied. The results, in terms of winning the war and the peace, were good. Questions most often and most widely asked were how students can contribute most to the war and postwar world, how war will affect education, what the fighting's for, what the postwar world will be like.

Here are some of the questions answered by government experts:

What's the most useful thing to do before being drafted?

Keep studying until called. Get into good physical condition. Read about the new kind of war and why we fight

Can I continue my studies in the army?

Yes. After you've been in four months, enroll in the Army Institute or with one of 76 universities and colleges offering correspondence courses

Are more educated men really needed or should we all get into the army or production jobs?

So far as you are free to do so, it's wiser to continue your education but to direct your studies to greater war usefulness.

What are the plans for training and using college women?

WMC is developing proposals for utilizing college men and women in many useful war activities. These plans will be announced soon.

Is there an over-all plan as to the number of soldiers, workers, farmers and doctors, or are we all to be put into the army in the hope the problem will work out right?

A policy for assuring each man his best possible chance for service is gradually taking form.

What kind of world are we going to rraduate into after this war?

One thing is sure. We are not going back to where we were. The kind of world we will have after the war depends in large measure upon what we decide we want and how vigorously and intelligently we plan ahead to achieve the kind of world we want. Therefore it is essential to think, not in terms of what is going to happen, but of what we want to attain.

War Jobs for Small Colleges

Many a small college finds itself east into the stormy night now that the Army-Navy-War Manpower joint selection board has picked the schools to carry out the armed services specialized training programs.

One promising plan comes to Washington from Robert G. Ramsey, dcan of students at Olivet college in Michigan. He suggests such schools be used for rehabilitating and re-educating wounded fighters as they return from the front. Small college surroundings, Dean Ramsey believes, would be ideal for restoring mind, body and skills. For colleges, the plan offers useful war service for the duration and some time after,

The idea has gone to Manpower Commissioner McNutt.

Miss Vanderburg Joins WAVES

The twelfth member of the HJC staff will leave for military service next week. She is Miss Marguerite Vanderburg, acting registrar and instructor in the commercial department for the past two years. Entering as an Apprentice Seaman, V-10 of USNR, Miss Vanderburg will report to Cedar Falls, Iowa, on April 9.

Miss Vanderburg is the second member of the faculty to join the WAVES. The first was Ensign Florence Hutchison, now stationed in Washington, D. C., in the Department of Aeronautics.

Instructors in the commercial department will teach Miss Vanderburg's classes for the remaining weeks of this session, Pres. G. M. Mc-Lendon stated. Miss Janct McDonald, now on leave of absence at University of Chicago, is expected to return as registrar at the beginning of the 1943 fall session. In the meantime, the registrar's duties will be taken care of by the regular office staff, according to Pres. G. M. McLendon.

Miss Vanderburg will terminate her duties here this week when she will go to her home in Clinton for a visit of several days before leaving Jackson next Thursday morning for Cedar Falls. Miss Vanderburg is a graduate of Blue Mountain College where she was a member of Eunomian Society. She also did summer work at Mississippi College.

Other members of the staff in the armed forces are Lt. Col. H. J. Bankston, T. O. Baucum, W. C. Beazley, Aviation Cadet Robert Biggs, Corporal L. K. Clark, Otho Glaze, Corporal W. H. Gibbes, Ensign Florence Hutchi-Capt. E. M. Young.

Specialized Training Program and be drafted within the next year." the Navy College Training Program will take qualifying examinations in the office of H. E. Worley at Hinds Junior College at 9 A. M. on Friday, April 2, Mr. Worley, director of guidance and placement, announced today.

"Most boys accepted for either the Army Specialized Training Program or the Navy College Training Program will eventually become commissioned officers in the Army, Navy, Marine Corps or Coast Guard," Mr. Worley said. "The Army and the Navy will pay all expenses at the colleges of students selected on the basis of the tests on April 2. Since there will be no further tests for some months, all high school students or recent graduates will have to take the April 2 examinations to qualify for this training. This is an excellent opportunity for every ambitious boy,

The purpose of the tests is to aid in the selection of prospective officer material for the Army, Navy, Marine Corps and Coast Guard. The examinations are designed to test the aptitude and general knowledge of the candidates who will express a choice for the Army or Navy at the time of the examinations. Those who are selected for either the Army Specialized Training Program or the Navy College Training Program will attend the college with all expenses paid by the respective services.

War Production Trainees Needed

Housewives and other potential war workers are urged by the U.S. Office of Education to enroll as trainees in a school of vocational training for War Production Workers, according to G. M. Robertson, local supervisor of War Production Training. Their enrolling will aid in relieving one of the manpower problems, he stated.

"There is an acute need for additional trained workers to man the production lines of war industries. Here at Hinds Junior College we offer training in welding and aircraft riveting, fields which are pleading for more workers," Prof. Robertson stated.

Students who feel that they can cooperate in the war effort by offering their own services or know others who might be interested in war production training have been asked to communicate with Prof. Robertson at his office in the Science Building im-

Give It A Chance

Where's all the school spirit that used to prevail on the HJC campus? Has it "gone to war?" Well, it shouldn't have. Now above all times we should do our part toward making our school more alive and a more enthusiastic institution. It's a privilege to go to school, and as appreciation for this privilege we should be willing to put all we have toward making our college days worthwhile.

Too many of us have joined the group whose motto is "Let The Other Fellow Do It." Well, my fellow students, this is just as much your school as it is the "other fellow's," and you should do your part and not depend on someone else to do it for you.

Many of you have talents which only you know about. You haven't given the student body a chance to know and appreciate your talents. Many of you, when assigned a duty, are prone to take the attitude that it really isn't necessary and that you can get by without doing it when that particular duty might mean the success or the failure of a project.

No wonder you think this is a dull place. Have you done your part toward making it more interesting? If not, why don't you give it a chance and see just how alive and appealing you can help HJC become.

The Most Popular HJC Figure

Yes, the most popular figure on the HJC campus is Joe, the mailboy. His popularity lasts from Monday through Sunday and begins all over again. In his keeping are all the joys that can come through the mail—the money from home, a message from a far away friend, the new dress Mother made, those pictures we sent off to have developed, and just thousands of other pleasures that only you know

While Joe is so important in your life, maybe you don't stand so high in his estimation. He gets tired of those everlasting questions, "Did I get any mail?", "Have the packages been brought out?", and "When are you going after the mail?". Don't be so impatient, just wait and you can answer your own questions in a short time.

Maybe it would be a good idea not even to lend your assistance in putting up the mail, for after all, mail is the Government's business and nothing to be trifled with. The mailboy has a great responsibility, and it is up to us to help him shoulder his burden by not getting in his way and by being a general nuisance. Let's try to be more considerate of Joe, our mailboy, and maybe we'll be just as popular with him someday as he is with us now.

Along these same lines, we found some interesting facts in a survey made at Westminister College about co-eds and their mail. Westminister co-eds get more mail on Fridays than on any other day in the week. Wednesday is the record day for the deliveries of letters, airmails, and post cards, and the poorest chances for getting mail are on Saturdays and Thursdays.

Our Part

One thing that each of us can do to help keep our campus beautiful and attractive is to keep paper and trash off the grounds. With the scarcity of boys on our campus there is also a shortage of students who usually keep our buildings and campus attractive. No longer do we have Russell to go around and pick up after us. It is the duty of each of us to do our part toward keeping our campus grounds free of paper and to see that we keep it beautiful and clean.

Kampus Kibitzer Kolum

"In the spring a young man's fancy turns to thoughts of love."

Sure, you've heard that quotation all your days and this spring is no exception, for even that hard-to-get Prassell has lost his heart to fair Elizabeth Mobley.

Boone and Mary Leon are running along smoothly, but we wonder what ever happened to Ann and Parker.

Ozzie and Earline?-Oh, that's an old story. You know-"Love's Old Sweet Song."

Spring is also the time thoughts turn to marriages too.

HJC is becoming quite noted for its number of nuptial knots. There are Miss Morrison and Mr.—(pardon) Corporal Clark, Butch Hughes, now known as Mrs. Ainsworth, and the latest-old buddie Virginia Mills, now Mrs. Rodney Thomas.

And from all the jewelry on third finger left hand, there may be a few more step-offs into the matrimonial sea. Dallas and Florine are the lucky owners of beautiful sparklers.

We've always heard that "Absence makes the heart grow fonder," but neved did believe it until "Cockerham," Mary Brooks and Clara Frances agreed to it.

Wonder why Maude and Camille find it so necessary to go home every week-end? They would lead you to believe they get homesick for Mother, but we know better.

We hear that Permelia will soon join as a new member of the "Lonely Hearts Club."

A romance that's really ticking -Gray and Cotton. Oh, man!

We thought it was Jack Liddell and Thelma Wilson, but where is Jeanie Barber coming in? She came in 'pretty good" the other night.

"Deep in the Heart of Texas" is now the theme song of Mary Elizabeth Luckett and Bettye Jo O'Quinn.

Rosa Lee Britt also gives the impression that her heart belongs to the Navy.

If you ever decide to be awakened at 12:01— that is, one minute after midnight—all you have to do is to make proper arrangements at Room 46 in the G. D. They are equipped with all necessary articles and have a group organized for just that purpose. Just ask Melba Ozborn.

I'll see you next week with some more juicy news.

Volleyball **Attracts Girls**

Volleyball, under the direction of Mrs. C. E. Stuart, has now become the spotlight of the girls' physical education class. The tournament is now under progress and is being played by double elimination.

There are seven teams and each team is composed of seven girls. Captains of the teams are: Doris Butler, Elizabeth Lloyd, Gene Ray, Thelma Prassel, Mary Brooks, Betty Barnes, and Ann Lois Menger.

After all eliminations, the final game will be played as a night game in the new gymnasium.

Other sports offered in the classes. are ping pong, badminton, and shuffleboard. Tournaments in these sports will be held later in the year.

Each student taking physical education is also required to participate in the dancing class which is held two days a week.

From March 22-26, only a total of \$3.75 of war stamps was sold. Possibly the reason for such a small amount was that the Freshmen did not sell at all on Thursday nor the Sophomores on Wednesday. The tenth grade sold \$2.55, Monday, March 22; eleventh grade, \$.50, Tuesday, March 23; and high school seniors, \$.70, Friday, March 26. Those who have been helping with the war effort and have been faithful to Uncle Sam by selling the stamps are: Tenth grade: Nell Bankston, Dorothy Boyd, and Mary Liddell; eleventh grade: Anne Pevton, and Ava Lynn Liddell; high school seniors: Earline Phillips, Marie Giambrone, Gerry Strong, Sybil Sweeney, and Polly Crisler; freshmen: Becky Butler and Mary Brooks; sophomores: Erline White and Marjorie Lack.

Those making the Honor Roll by purchasing \$2.70 or more are; Sophomores: Richard Prassel, Virginia Massey, Virginia Thomas, Helen Scott, Lucy Smathers, Rachel Stubbs, Marjorie Swenson, Bertie Mae Warren, Erline White, Emelyn Weissinger, Jane Williams, Rosa Williams, and Edith White.

Miss Morrison Weds Corporal Clark March 3

Of interest here is the wedding of Miss Avis Morrison and Corporal Lemuel Kenneth Clark in New Orleans Wednesday, March 3. Chaplain W. A. Gamble, former pastor of the Raymond Presbyterian Church, officiated at the quiet ceremony in the United States Army Chapel, Staging Area, New Orleans.

The bride was given in marriage by her maternal aunt, Mrs. Charles Traylor of New Orleans.

For the wedding, the chapel organist played Wagner's "Bridal Chorus" from "Lohengrin" as the processional and Mendelssohn's "Wedding March" from "Midsummer Night's Dream" as the recessional. During the exchange of marital vows, the organist played "I Love You Truly."

Mrs. Clark wore a navy sheer Lottie Lee original model, with matching accessories. Her only ornament was a string of pearls, and her flowers were an arm bouquet of red Radiance roses and small blue iris tied with streamers of tulle.

Following the wedding, attended only by a small group of friends, Chaplain and Mrs. Gamble were hosts at a supper party honoring the bride and groom.

Corporal and Mrs. Clark spent their honeymoon in New Orleans.

Mrs. Clark is the daughter of Mrs. Howell L. Ford of Natchez. She is at the present secretary to Pres. G. M. McLendon and an instructor in the commercial department here. She is a graduate of HJC and MSCW. While a student here she was program chairman of the YWCA, a member of Phi Theta Kappa, alumni editor of the Hindsonian, and YWCA delegate to Blue Ridge. She was voted to membership in Pi Omega Pi, honorary fraternity for secretarial majors, at

Service?

Washington - (ACP) - When today's collegians come home from the wars to resume their education, they are virtually assured of real academic credit for their experience and training in service.

That idea is not new. Veterans of 1918 got credit when they came back. But the way American colleges and universities go about it this time may be new and much better.

At the end of the first World War, colleges lavished credit on students returning from service. It was blanket credit" then. the amount depended only on time served under arms or rank of demobilization.

Of course such "blanket credit" had nothing to do with educational achievement or competence. Indeed, colleges vied with each other in the amount of credit granted the returnng heroes.

To the veterans, however, this enhusiasm was hardly a boon. Many were assigned to academic levels beyond their reach and promptly flunked out. In other cases, there was no adequate recognition of increased competence.

When peace comes this time, leadng educators are determined, it's gong to be different.

Service men and women have at least four broad educational opportunities while in uniform. There are enlisted personnel go to one or an-

What Kind of College Credit for War | cooperating with 79 colleges and universities, offers off-duty education by correspondence. Orientation courses and informal off-duty instruction in camp recreation programs likewise have marked educational value.

The problem of educators is to appraise such educational experience objectively and to grant credit that does justice to educational standards and competence of the veteran. Machinery to do this has been blueprinted and approved by important delphia, Arkansas. institutions.

The plan would work simply. On demobilization, a soldier, WAAC or other service man or woman would apply to the Armed Forces Institute for examination and guidance. The Institute would obtain full information on the person's record, then test him to measure his educational competence and specialized achievements.

Results would go to the college of his choice with recommendations for placing the student where he belongs.

The idea isn't in operation yet, despite approval of many colleges regional accrediting associations and the armed services. The spectre of chaotic "blanket credit" still haunts responsible educators.

The suggested credit program can become effective only if and when colleges take individual and group action to make it effective. The American Council on Education is giving leadership to the drive to see that the program takes hold before it's too late. approving the alternative program Room of the Heidelberg Hotel. which was lacking in 1918.

The issue is being faced on a small scale already, the Council points out. Casualty cases are being demobilized -in numbers now a military secret. Chances are many more such cases will be seeking readmission to colleges before long.

When general demobilization comes, the Council says, it will be too late to block another move for "blanket every campus now.

Ding, Dong, Bell

Since our old bell tumbled from its lofty tower and broke into a thousand pieces, there have been several substitutes for telling us when to get up, when to go to class, and when to eat. First there was the plow share, and now it's a cow bell. We have heard lots of talk and fun made over the cow bell, but this is what we received from one of our readers:

"Not less than twice an hour, if you are around HJC, you hear the unpleasant sound of a cow bell. You wonder what is the meaning of a cow bell on the campus and look around for the cows. But instead of cows you notice the buildings are pouring forth students-high school and college students.

"It seems as if the college could rise above the level of country schools and have an electric bell system. Most of the high schools and several elementary schools have them.

"The electric bell system would eliminate a bell-ringer. This would in turn eliminate one of the jobs on the campus it is true, but it would always be regular.

"The school should have an electric bell system, but don't throw the cow bell away. It has its place, but it is definitely across the road from the campus."

We agree with our reader in thinking that a substitute should be given the cow bell. If wartime restrictions and priorities prevent the installation of an electric bell system, what about a bugle? We regret that the old bell'collapsed under the strain, but it was far from adequate because it could not be heard in many parts of the buildings on the campus. However, we must confess that the old bell was superior to the cow bell.

Summer School

With only six more weeks of school, the time to decide just what you will do this summer is right now. Opportunities are open, just waiting for you to decide which you want the most. Some will get jobs, some loaf, and still others will see the all important point of continuing their education by going to summer school.

This business of going to summer school is particularly important now, because never before has there been the need of educated young Americans as there is now. Oh, sure, you can get a job. Anybody can. But if you are a high school student or even a freshman in college and want to speed up your education, why not think about going to summer school and preparing for graduation sooner than you ordinarily would.

There are many advantages that summer school offers which should appeal to any student. Summer school classes are usually small and it is often in a small class that the student profits. It is there that he receives personal attention.

The Short Bob

By Loraine Allbritton

Most people will disagree with this statement: The modern girl should wear the short bob. As for the careerist in industry, she would agree with me. In the first place the short bob is cooler, more feminine looking, and easier to manage. There is less danger of losing all her hair by a snatching machine, and incidentially her head too.

But then you hear people remark that the long hair-do is more glamorous. Listen closely—that's all you'll hear them say. Is it easier to manage? No. Is it cooler? No. Then don't you agree that the short-bob is the style - and if you're a model of 1943 you should prove your rank by a short-bob?

Mary Ann and Herbie were two of the most popular students on the HJC campus while enrolled here. Mary Ann was Freshman Queen, president of the freshman class, president of the YWCA, "Campus Sweetheart," cheer leader, and a member of Phi Theta Kappa, of Selgae Players, of Girls' Student Council, and of the Dramatic Club. She was awarded the "most outstanding student" medal at the graduation exercises in May, 1940. Since leaving Raymond, she has been employed by the Southern Bell Telephone and Telegraph Company as Directory Compilation Clerk.

Before enlisting in the Marines, Herbie was also employed by the same company. While here he was a valued player on the Eagle football squad.

After their honeymoon, Herbie will return to his station at Turner Field, Quantico, Va., and Mary Ann will be with her parents in Jackson for a short time before joining her husband.

Members of the faculty who attended the wedding were Miss Davis, Miss Threlkeld, Miss Allen and Miss Steadman.

The Easter Cantata

HJC students are looking forward to the Easter cantata which will be presented by the music department Sunday evening at 8:00 o'clock. It has been suggested that each student re-read the Easter story, so beautifully pictured in the 24th chapter of St. Luke, before attending the cantata.

Too few of us realize the real significance and meaning of Easter. We should strive to learn what Easter Sunday really means.

Congratulations to Contest Winners

Hinds Junior College has always been the receiver of many high honors, and her students have been outstanding in many activities in which they have participated.

Our sincere congratulateons go to Mary Ruth Holladay, Polly Taylor, and Earline Phillips in their recent accomplishments. Mary Ruth and Polly were the first and third place winners in a letter contest sponsored by the Mississippi Central Railroad, and Earlene was recently chosen to represent Hinds AHS in the essay contest on "The Harmful Effects of Alcohol."

The New Treasury Flag

Specially designed for schools which report a 90 per cent of the pupils invested regularly in War onds or Stamps, is the new Treasury flag. This flag pictures a Minute Man in blue, encircled by 12 stars, against a background of white. Failure to report 90 per cent participation in any month loses the flying privilege of the flag for the succeeding month.

Hinds Junior College is making a special effort to have all its students bring up their quota of one stamp per week which now amounts to the total of \$3.60 per year. To help further this drive, the sophomores will have a stamp booth at the recital Saturday night for the benefit of those students who wish to purchase stamps to bring up their quota.

All students are urged to bring up their quota and help Hinds Junior College fly the new Treasury Flag.

A check will be made in chapel next Tuesday and see many many have brought u ptheir quota.

Hinds County Leads Again

News comes to the Hindsonian that out of the four 4-H Club exhibits in canning sent to Chicago from Mississippi, the Hinds exhibit was the only one that placed. Since local members had a large share in contributing to this exhibit, we feel doubly proud of their achievement; first because Hinds county placed, and second, because Hinds AHS members helped with the county exhibit. One of the most beneficial clubs on the campus is the 4-H Club.

Math 'Shortage'

Don't blame the school for too scanty instructions in mathematics—it's just that war has created need for large number of young men especially skilled along certain mathematical lines, a University of Texas educator believes.

Dr. A. L. Chapman, writing in the Texas Outlook, journal of the Texas State Teachers Association, poents out that problems currently

taught in high school algebra, geometry and trigonometry are not adequate preparation for wartime computations in naviation and ballistics — nor should they be expected to be.

"Those who claim that schools have ceased to teach mathematics forget that every child who finishes elementary school has studied math every one of his years in that school," he asserted. "It is also almost universal practice for high school students to be given two years of mathematics—algebra, junior business training, commercial arithmetic, or general mathematics."

Dr. Chapman cited registration figures from the university showing that during the preiod from 1936 to 1939, at least 98 per cent of incoming freshmen presented two high school entrance credits in mathematics.

Those who agitate for better instruction in mathematics as in the "good old days" should remember that only the best students finished school then, whild education today is open to all, Chapman said. The better students still have a fundamental knowledge of mathematics when they go into military service, while the poorer students have forgotten and must be taught all over again.—Associated Collegiate Press

A Thought for the Week

By Miss Harriet Jackson

Though yesterday was Hitler's birthday, it's still not too late to celebrate it by buying a stamp. Everybody should strive to sacrifice something and finish out his stamp book.

From Staff Room Window

As I gaze from this ventana down upon the birds (love) and bees (busy) of this spring I scrutinize Lester Wilkes so patiently (?) waiting for Elizabeth (Crisler) to descend from Mrs. Davis' "Blue Heaven" and Top Wallace and Thelma Wilson trying to liquidate one another with rocks and notebooks....Mr. Boone and Tillie (what, again, Boone?) sipping some perfectly beautiful cokes Coach Stuart and the boys indulging in a little tete-a-tete Little Clyde and Mr. Harris returning from a spin in "ol' Jobie's gray car"....and as Mr. Harris says, all young men's fancies in the springtime turn to what girls think of all winter...."

Speaking of feuds -- Roommate trouble No. 1 - Willie Hathorn. Joe and Hardy should not take this too seriously; there are plenty of girls to go around. All right, we know there's only one Willene!

These recitals have been a pretty big help in giving boys a means of expressing themselves. For instance, W. B. Robison was overheard telling Allene Hardy "how well she could sing." Well, well!!!!

"Tyrone" Massey escorted Lodena Walsh to church a few Sunday nights ago. Now that you've broken down, why not keep it up Clark - I mean, "Tyrone?"

New couples along with the changeable spring weather: Boots and Bodron-Creel and "Dimples" Measells-Cedric and Kathleen - Cedric and Loraine - Cedric and Mary Filgo -(Did I say changeable weather?)

And speaking of changes - seen Friday night (at least, heard of) were Dick and an All Saints' girl. (These V'burg gals!). Seen Saturday night - Libby and a lieutenant. (These uniforms!)

Billy Chadwick wishes Helen would come visit sister Nell more often; she's the first girl on the campus that's told him he's cute. (So that's the way it's done - why didn't we know this before?)

Saturday night brought lots of surprises. For one thing, Charles Henry Crawford (informant extraordinary) took his "home town girl" to the soccer game in Jackson. Why the secrecy so long, Charles? And seen on the Roof was Billy Hendrix - with a girl not answering to the name of Marjorie!

Ray Allen is rapidly becoming HJC's biggest flirt-of the masculine not only cute - but the cutest girl on species. We pause here to explain the campus! Wonder if it's mutual! that Mr. Wheeler thinks Margie Lack still beats 'em all.

Lillian Jackson displayed the newest thing in hairdos. It's merely a part down the back and two "swooped up" rolls on each side. Try it sometime, girls; it looks easy to do as well as cool and comfy for the coming sweltering heat.

The large majority of footwear on the campus is composed of huraches with a "squeak' here and there. 'Tis said that a good powdering with dusting powder will stop the sound effects.

"Forget-Me-Nots of Music" Presented by Rachel Stubbs

"The Forget-Me-Nots of Music" was the title of the certificate recital given by Rachel Stubbs, pianist, on April 16, 1943. Florine Lutz, soprano, and Rudolph Dendy, tenor, assisted Rachel in her recital. All three are pupils of Mrs. L. B. Davis.

Selections played by Miss Stubbs were: "Moment Musical" by Schubert, "Prelude in D Flat (Raindrop) by Chopin, "Valse Brillante" by Chopin, "Sonata" in C Minor IX by Mozart, "Norwegian Bridal Procession" by Grieg, "Liebestraum" by Liszt and Scherzo" from Mendelssohn's "Midsummer Night's Dream."

Miss Lutz sang, "Crying Water" by Campbell-Tipton, "Were My Song With Wings Provided" by Reynaldo Hahn, and "My Heart at Thy Sweet Voice" from Saint-Saens, "I'm Falling in Love with Someone" by Victor Herbert, "Till the Sands of the Desert Grow Cold" by Ball, and "Kiss Me Again" by Victor Herbert.

Selections chosen by Mr. Dendy were: "The Rose of Tralee" by Glover, "Try Smiling" by Robers, "I Love the Sea" by Becker, "The Desert Song" by Ramberg, "There's a Long, Long Trail" by Elliot and "Mother Machree" by Olcott-Ball.

High School Chemistry and Physics To Be Offered Here During Summer

in science, high school physics and chemistry will be taught in the HJC Summer School which begins on June 7. The session will end August 14.

Laboratory hours will be arranged for the physics and chemistry courses. Other high school subjects which will be offered are ninth, tenth, eleventh, and twelfth grade English, modern history, American history, civics, economics, algebra I, II, and III, plane geometry, business arithmetic, bookkeeping I, shorthand I, typing, Latin I, Latin II, aeronautics.

The college courses to be offered are freshman and sophomore English, algebra, trigonometry, freshman history, political science, accounting, shorthand, secretarial work, typing, office practice, and business English.

Commercial majors will be interested in the following announcement in the Summer Bulletin:

"Due to war emergencies, we are changing our policies so as to permit a student to enter Hinds Junior College and devote his entire time and attention to business subjects, leaving off related courses formerly required. We are accelerating our work in order that students may complete their business training in the shortest time possible and go into positions where their services are so acutely needed. The time required for sufficient training to go into employment will depend, of course, upon the individual student's ability, his willingness to work, and the time he may be able to devote to his courses. An announcement has been received here of the birth of Linda Morris, only granddaughter of Mrs. Gertrude Rowzee, college librarian, on April 16 at Lexington. Linda is the daughter of Lt. and Mrs. Alton Morris of West. Mrs. Rowzee is expected to return this week from Lexington where she has been with her daughter and granddaughter.

Linda is the first granddaughter of the HJC faculty.

Shope-Swinney

Of interest to HJCers is the announcement of the recent marriage of Emily Carolyn Swinney to Tech. Sgt. Roy H. Shope.

Miss Swinney is a graduate of Central High School and attended Hinds Junior College a part of last year. While here she took part in dramatics and had a role in the production of "Everyman."

Pan American Student Chain Founder Tells Of Latin America

Social customs, schools, governments, sports, and people of Latin America were discussed by Mr. B. F. Crowson, Jr., head of Pan American Educational Center and founder of Pan American Student Chain with headquarters at Washington, D. C., last Thursday at a special assembly.

Mr. Crowson is a graduate of William and Mary College and has traveled extensively in the Pan American countries.

At the assembly last Thursday, President McLendon presented Dr. Bolmeyer, director of instruction in the elementary and secondary schools of Jackson, who in turn introduced Mr. Crowson.

4-H CLUB ENTERTAINED

HJC 4-H girls were entertained at a luncheon in the home economics dining room on Monday, April 19.

Alice Smith, president of the club, presided. Guests introduced included Miss Plume Oaks, 4-H Leader of the Raymond Club, and two club officers, Edwina O'Brien and Jean Riser. Miss Zula Threlkeld, Miss Fleta Whitaker, home economics teachers, Mrs. Margaret Cresswell, Home Demonstration Agent, and Miss Frances O'Bryant of Jackson.

Mrs. Cresswell announced the Garden and Canning Contest sponsored by Sears-Roebuck and Company for 1943 and presented Myrtle Lee Thorne, state winner in 1942, with a \$25.00 war bond.

Mrs. Cresswell also announced that out of the four 4-H club exhibits in canning sent to Chicago from Mississippi, the Hinds county exhibit was the only one that placed.

The Credo for 4-H Club members was presented by Audrie Packer, Myrtle Lee Thorne, Alice Brock, Mary Lou Granberry, and Hazel Newman.

Twelve university of California coeds decorated their boarding house with greenery and entertained 24 soldiers at a dance.

The greenery turned out to be poison oak. The 12 co-eds and their house mother were indisposed next day. There was no information on the condition of the soldiers.

Oklahoma Baptist university coeds who have dates with cadets at the Army basic flying school no longer can protest: "But I didn't know he was married!"

On the bulletin board of the girls' dormitory is posted a list of all the married cadets.

Flying must be kid stuff, after all. The civil aeronautics authority in Washington reports experiments in actual flight training among high school students showed they equaled progress of college students in similar training.

Keeping 'Em Sighted

Clyde Steen, '36, is now an Apprentice Seaman in the WAVES stationed at Cedar Falls, Iowa.

First Lt. Albert L. Majure was recently graduated from the training school at Langley Field, Va. He is married to the former Sue Kemp, who was a recent visitor on the HJC campus.

Hinds Junior College now boasts a SPAR. She is Willie Kathryn Russell, who is receiving her training at Hunter College in New York.

Herbert Brinson, of the Marine Corps, has trained at San Diego and Utah State Agricultural College.

Henry Magee, '41, is in training at James Millikin University, at Decatur, Illinois. He is stationed with the Air Corps.

John McCarter, former student here, has recently graduated from the Air Corps technical school at Keesler Field and is now located at the Ford Motor Company's Willow Run Plant to receive further training.

Betty Bankston, yeoman, third class in the WAVES, whose interesting letter the Hindsonian published recently, has completed her training at Oklahoma A. and M. and has been assigned to the Navy Personnel Department in Washington.

Lt. Williams Improves

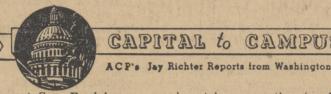

The condition of First Lt. John Bell Williams, who was critically injured in a plane crash several weeks ago, is encouraging, according to reports received here. Lt. Williams is at the Station Hospital, Marrison Field, West Palm Beach, Florida.

"In any event, there is a desperate search going on by all agencies for persons qualified for administrative work of all grades from juniors to heads of bureaus and divisions."

The American Council on Education has made a study of the general needs of a woman planning to enter government service. All such students should be trained in report-writing, the council believes. Government Goes Feminine

Washington - (ACP) - Wartime government is a 3-million job industry rapidly being taken over by the ladies.

At the moment, hiring of both men and women in many sections of government is frozen. Orders from the Budget Bureau have commanded a multitude of important agencies to bring staffs below ceilings in 30 days -or else.

But this unusual freeze doesn't mean the war boom in government service is over. Far from it. The need for trained personnel, especially women, in public service will continue to grow as government war services ex-

How many women will be needed before the year ends is anybody's guess. No authority will venture an official estimate. But whatever the number, it's sure to be large.

The march of women into govern-

ment is a peace-time trend quickened by war. In 1933, 15 per cent of government positions were held by women. By 1942, the proportion had risen to 24 per cent. Now nearly 70 per cent of all new appointments and re-appointments go to women.

CAMPUS

There are virtually no jobs in government today that women can't fill. Thus far, there are comparatively few women in the higher technical and administrative services and in the field services of such activities as forestry and certain aspects of public health work. But that doesn't mean women with the right training can't hold the jobs. Even in industrial occupations, a Social Security Board survey shows, 1468 of 1900 war occupations are wholly suitable for women and 276 partially suitable.

Nor does a government job necessarily mean a Washington job. At the first of the year, only 263,692 of the government's 2,687,093 employes were in Washington. Twenty-four per cent of the women, however, worked in the capital, indicating the field services still have less than their share of

Six Enroll Under **New Concentrated** Short Term Plan

Unique and concentrated in plan is the special short term which began here Monday and will end June 4. Six students are enrolled under the new plan which is designed for students who wish to accelerate their scholastic work more than the already instituted accelerated program provides. Many students are eligible for the new plan since their high schools closed four weeks earlier than the local school session.

In the college department each student will receive three hours of instruction in a single course, and in the high school department, four hours. Thus, a college student is enabled to enroll for two courses to earn six semester hours credit. A student in high school may earn one unit.

Two "little sisters" are in the group of six special termers. They are Deryl Walsh and Ruth Gill. Deryl, a sister of Lodena Walsh, is in the t enth grade, and hails from Goshen Springs. Ruth, a college freshman, is a sister of Lucille and claims Puckett as her home town.

McLendon Believes That Accelerated **Programs Should Be Considered**

Boys and girls having 15 units of hours. With 30 semester hours earned high school credit should give thought to accelerating their scholastic work by attending summer school and earning as many college hours as possible in the shortest time possible, Pres. G. M. McLendon believes.

Forgetfulness

HJC students have always ranked high in worthwhile activities. We believe the reason that they have fallen short in their stamp quota is their forgetfulness and not their disloyalty and lack of patriotism.

From this week's stamp report we note that only four of twentythree students enrolled in the tenth grade bought stamps totaling \$5.00. These four tenth graders were Nell Bankston, Mary Liddell, Doris Mitchell and Gretchen Williams.

The four juniors who bought stamps amounting to \$11.00 were W. M. White, Rose Garland, Ava Lynn Liddell, and Libby Read.

Out of fifty-four seniors the five who purchased the total amount of \$8.50 were Earlton Gibbes, Mary Alice Jones, Juanita Bush, Earline Phillips, and Polly Crisler.

The highest amount was bought by three freshmen out of a total enrollment of the freshman class of sixty-four students. These three students were Elizabeth Crisler, Missouri Tingle, and Ruby Clark

Only ten students from the sophomore class bought the total amount of \$8.50. They were Althea Magoun, Juanita Cochran, Jean Cockerham, Marjorie Swenson, Melba Ozborn, Rudolph Dendy, Rosa Williams, Bertie Mae Warren, Florine Lutz, and John Gradick.

What are the remaining 19 in the tenth grade, 49, in the twelfth grade, 45 in the eleventh grade, 61 in the freshman class, and 34 in the college sophomore class doing?

This fight belongs to them as well as to the students who are purchasing stamps. All of us must do our part, and we must not forget to do this part.

Summer Employment

Usually students think of the summer as a time for vacations and holidays. The summer of 1943 will probably not hold true to these precedents, for there are few students who are thinking of this summer as a time for holidays. An unofficial survey on the campus reveals that the majority who are not eligible for call into military service will either attend school or will seek employment in business or at home.

The opportunities in these fields are numerous. At school, a great variety of courses are being offered; in business, the chances of securing employment are easier since there are more jobs which need to be filled; at home, boys and girls who live on farms (and most HJC students do) have a challenge to help produce more food and farm products than ever before.

The minority who will choose "a holiday" for their activity this summer might join one of the many civilian defense and volunteer organizations which are pleading for more helpers.

Whatever the choice, students cannot afford to be idle during the summer months, for there are many jobs for which they are fitted.

Prof. Worley Leaves

To Holly Springs goes our Mr. Worley next year to be superintendent of schools there. With him will depart his friendly and cheery personality which the students of HJC have become to respect and admire.

We will sincerely miss him and his delightful stories of Eugene and Martha Ann.

Holly Springs will indeed profit by HJC's loss. It is with a feeling of regret that we extend to Mr. Worley our best wishes for a happy and successful experience as he goes to make his home in Holly Springs.

Poet's Corner

SPRING

By Clara Frances Beazley

The heavy sweet scent of honey suckle;

The blackberry bush in bloom; Birds chirping gaily in tree tops; Above—the golden moon.

The sloping green of a hillside; A background of dark green trees; A lake with sparkling waters; Leaves whispering in the breeze.

So again has Mother Nature Set aside her wintry air, And brought to us sweet springtime With its glorious beauties rare.

Kampus Kibitzer Kolum

Excitement in Room 45 of the G. D.—a new one has been added to the collection of sailors. Mary has a picture from Doc.

It's all right when a boy goes home every other week-end—but when he comes back a day late each time, we know that there's more than bus connections to hold him there. Catchings isn't that far off the map.

Sam Bates has been leaving the campus often lately—Could it be unfinished business at Goodman?

Another of these "Music Department romances"—Ruby and Rudolph. It's nice work if you can get away with it. Glee Club didn't do any harm to the Rachel Stubbs-Victor Bruce romance of last year (and this year).

Speaking of Stubbs—Ray Huff has been seen often with Rachel's little sister Sybil. Utica certainly does "Raise 'em cute." Look at Jeanie Barber, and understand!

"Say it with flowers"—and it was really said: To "Melba from Billy"—"Mary from Doc" — "Carolyn from George" — "Tootie from—her mother (oh yeah!)" — "Jean from John" — "Mary Leon from Martin Tyrone (Prentiss)" — "Boots from Milton Terrell (also Prentiss)" — and "Candy from Bodron!!!"

Candy to "Cockerham" from Fletcher, Lila from Cotton, and Tex from Bud. We like that kind of Easter Bunny.

Happy Birthday, Becky! (Just keep the day to yourself.) Speaking of birthdays, Ann Lois was the recent celebratant of one. Ask her how she felt when the day was over.

Nell will have no welding competition to worry about this week since Darrell has gone.

Love, Hallie.

Fashion Notes

The "Easter Parade" apparently was not on the rationed list since there were a bevy of beauties wearing frilly Easter bonnets.

David Wallace should be awarded first prize for his Easter outfit. Just in case you boys would like to copy this style—it's the white uniform of the Naval Air Corps.

Lillian Jackson was the beautiful lady in blue, and Mary Filgo chose a bride-like white outfit.

Well, Easter is over and summer fashions have come out in full swing.

Jimmy Davis seems to be leading the summer school attire with his new sharkskin suit and leather sandals—minus socks.

One to Six

As one of Raymond's belles rode out toward the airport with her friend the other night—all of a sudden he stopped the car—(oh, no, don't go gettin' the wrong idea) jumped out and ran down the road — and she wondered if her dear friend had completely lost his mind—but in a few minutes he returned with a huge 'possum in his arm.

He took it home to give it to one of his friends who liked 'possums, but he decided to keep it that night and give it to the boy the next day.

When he came to school the next morning, the girl asked about the 'possum and he said, "Guess what happened?"

She replied, "I'll bet it ate your chickens."

"No," he exclaimed, "last night I had only one 'possum, and this morning I have six!"

Easter Story Told In Song By HJC Chorus

Again at Easter the music department has told in song the story of Christ's resurrection, giving Hinds Junior College students and friends another beautiful Easter cantata. This Easter the title of the cantata was "The Thorn Crowned King," by Hol-

The program included the following compositions: "Let the Righteous Be Glad," by the choir; "He Chose the Cross of Shame," by Jane Williams; "Betrayed," by Florine Lutz and the choir; "The Thorn Crowned King," by Clara Frances Beazley; "Let Him Be Crucified," by Marjorie Swenson and choir; "Alas! And Did My Savior Bleed," by quartet composed of Rudolph Dendy, Loraine Allbritton, Jean Herring, and Freddie Cox; "They Laid Him Away," by Virginia Massey and choir; "He is Risen," by Juanita Bush and choir; "Glory in the Garden," by Mary Alice Clark, Marjorie Swenson, and choir; and "Praise Ye the Lord," by choir.

Preceding the cantata, Rachel Stubbs and Elizabeth Crisler played a prelude, "Andante," by Toselli; the high school girls' chorus sang "Jesu, Joy of Man's Desiring," by Bach; the quartet sang "The Strife is O'er," by Palestrina; and "Christ Arose," by Lowry; Mary Alice Clark sang "Calvary," by Rodney, and the congregation, "All Hail the Power of Jesus

Rev. Adrian Kolean, pastor of the Raymond Presbyterian Church, read the scripture and led the invocation and benediction.

Following the benediction the quartet sang, "Alleluia, Amen." As a postlude Miss Stubbs and Miss Crisler played "Rondo."

The cantata was directed by Mrs. Lucile Bradbridge Davis.

The stage setting was similar to dows and a cross with a wreath of Easter lilies as the background. In Ready, Too!" front of the stage was a second cross grand pianos was a pair of candleholders with long white tapers. Three placed back of the choir.

Other changes of faculty responsibility announced by Pres. McLendon include the poultry unit which will be supervised by Prof. W. M. McKenzie, director of high school vocational agriculture, and the Grill, which will be in charge of Prof. J. R. Harris.

Dr. Bateman and Dr. Chappell To Be Commencement Speakers

The annual commencement program | list at the age of 17. will begin Sunday morning, May 16, at 11 o'clock, when Dr. Thomas Douglas Bateman, pastor of the First Presbyterian Church of Columbus, will deliver the sermon to the graduates. The final graduation exercises will be held next Friday morning, May 21, at 10:30 o'clock, in the college auditorium. Dr. Clovis G. Chappell, pastor of the Galloway Memorial Methodist Church of Jackson, will deliver the commencement address.

The commencement speakers are two outstanding clergymen of Mississippi. Many Hinds students are members of the Galloway Memorial Methodist Church and know Dr. Chappell. Dr. Bateman has been associated with college students and young people for many years. For the past twenty years he has served as the pastor of the Presbyterian Church in Columbus, where hundreds of MS-CW students have heard him preach.

Before beginning his pastorate at Manager Grady L. Sheffield of the Columbus, Dr. Bateman was an evangelist in England, Canada, and the United States. A native of Derbyshire, England, Dr. Bateman has had experience in ministering to coal miners, lumberjacks and backwoodsmen in this country and to people in all walks of life in the United States and abroad.

He was educated in private schools of England, at Whitworth College, Manchester, and at the Presbyterian Theological Seminary, S. C., where at the age of 28 he was ordained by the Southern Presbytery. He began preaching, however, as a lay evange-

At the beginning of World War II, Dr. Bateman and his son were traveling in Europe. When the time came for them to return home that summer in 1939, they learned that they were unable to secure passage on the Athenia, and would have to make the trip home on a chartered cruiser, the Van Dyke. After two days out on sea, word came that England had declared war. Enemy submarines caused the Van Dyke to have to make a zigzagged crossing which took 14 or 15

Dr. Bateman's son is now a member of the armed forces and is assigned to a medical detachment in an anti-aircraft unit.

Clinkscales, Vanderburg **Enlist In WAVES**

Another HJC instructor, Miss Ria Jane Clinkscales, instructor of meteorology, civil air regulations, and high school mathematics at Hinds Junior College for the past session, has joined the WAVES.

Miss Marguerite Vanderburg, acting registrar and instructor in the commercial department at Hinds Junior College for the past two years, will leave Raymond today to report for duty at Hunter College in New York City on May 18.

Miss Clinkscales will probably receive her call to report for duty as an officer candidate sometime during the summer months.

Last session Miss Clinkcales taught public school music at Shaw. She is a graduate of Brenau College and University of Alabama, where she had a mathematics teaching fellowship. She is a member of Pi Mu Epsilon, honorary mathematics fraternity.

scholastic society)."

Now that the time to leave HJC for the 1942-43 session is approaching, we realize more fully what HJC has meant to us and why we want our friends to come to school here.

Asked to write letters to friends telling them about HJC, a group of students made the following comments:

Edith Dill: "There is a swell spirit of cooperation and a friendliness in a small college that you do not find in a large one. There are no class distinctions and everyone knows everyone else."

Becky Butler: "Our lobby in the girls' dormitory is just like home." Rosa Lee Britt: "There are no sororities or fraternities, but there are, of course, the YWCA, YMCA, and Phi Theta Kappa (honorary

Margie Lee Duck: "There is a Christian atmosphere here,"

Mary Wilson: "Mrs. Askew (the matron) is always doctoring us and worrying about us as if she were our own mother."

Jean Herring: "HJC offers an excellent business course."

Lela McAnally: "The campus is very pretty, especially in the

Dorothy Allen: "HJC has a high scholastic rating."

Polly Taylor: "HJC is cooperating fully with the request of our government in regard to physical education for every student."

James Liddell: "Due to our excellent physical education program I have gained ten pounds since school started."

Carolyn hux: "We have loads of fun here."

These comments well indicate that HJC has a well-rounded program, which her students appreciate.

Congratulations!

We offer congratulations to Earline Phillips for being the Hinds county winner in the essay contest on the harmful effects of alcohol.

Earline's essay will be entered in the state contest, and along with our congratulations we wish for her the best of success in that round.

Traditions

When the sophomores graduate on May 21 and depart from Hinds Junior College, they will leave behind them a number of rich traditions, vibrant spirits which through the past 25 years have made HJC one of the best junior colleges in the state.

Through the years more and more activities have been added to the curriculum. Each graduating class has left a challenge to the underclassmen to hold high and never let down these worthwhile traditions and it is with love in their hearts for HJC that this year's graduating class charges the freshmen to carry on.

It will be their duty to see that the elections of class officers are held in an honest and dignified manner. They will be the ones to lead in the annual Who's Who Contest.

Underclassmen must keep the flame of love, effort, cooperation and loyalty waving high and pass it on to future classes. They should never let the flame die nor be lost in the midst of turmoil.

Poet's Corner

THIS YEAR

By Clara Frances Beazley

I often think as days go by Of what this year has meant, And whether I have reached the goal Toward which my effort was spent.

And yet I know without a doubt My efforts have oft been weak. It's very hard to live up to That goal that I must seek.

But I think that God in making us Gave a purpose to every life; So let me strive even harder now For a success that would repay my

A Thought for the Week

By Pres. G. M. McLendon

Our parting advice for our graduates and to those who are entering their chosen spheres of service would be to give consideration to the following verse of scripture:

"When I was a child, I spake as a child, I understood as a child, I thought as a child: but when I became a man, I put away childish things." 1 Cor. 13:1.

Billy Taylor Stars in Operetta

By Jean Cockerham

One of the best portrayals in the operetta "Windmills of Holland" presented by the high school glee club Wednesday evening, May 5, in the college auditorium, was given by Billy Taylor as Mynheer Hertogenbosch, a rich Holland farmer, and owner of the windmill.

The wooing of Hertogenbosch's daughters created great interest in the plot. Earline Phillips as Wilhelmina became tired of Maurice Flowers as Hans, a student of music, and began to interest herself in Stanley Smathers, the young American. Mary Glynn Williams as Hilda, the other daughter, had love trouble with her suitor, Hugh Brent, as Franz, and before the curtain fell both daughters realized their mistakes and were united with their former lovers.

Gloria Bridgers as Vrouw Hertogenbosch, the farmer's wife, gave an excellent portrayal of a mother who could easily soothe her ruffled daugh-

Earline Phillips Wins Hinds County **Essay Contest**

For the fifth consecutive time honors go to Hinds AHS for the best essay written in the Hinds county contest on alcohol education. The winning essay was written in Miss Boyd's English 4B class by Earline Phillips, high school senior.

Earline is the daughter of Mr. and Mrs. E. P. Phillips of Raymond. She is president of the high school dramatic club and treasurer of the high school chorus, and is a member of the band, tennis team, and basketball team. On completion of her junior college work here, Earline expects to attend LSU.

An award of \$100 will be given to Earline for the best essay. Her theme will later be judged with those of other county winners for the state prize, a four-year scholarship to a Mississippi college.

Other Hinds students who have won the county contest, which is sponsored by the State Department of Education, are Vadine Keith, Edna Sue Campbell, Lucile Noble, George Grava, and Clara Frances Beazley. Vadine Keith also won the state contest. Maurice Laird, who was enrolled here this sesssion until called for military service, was the state winner in 1941 when he was a student at Monticello High School.

The theme of Dr. Bateman's sermon was "The Shadows We Cast," and the

Opening his sermon with quotations stressed the importance of those things which are eternal, and discounted pleasures and troubles which are "but for a moment."

He reminded the graduates that shadows they are casting are significant because they tell stories of both splendor and shame.

"A man who is at 'neat as a pin' may cast shadows as crooked as a serpent's trail," he said. "Cleopatra was all right in looks, but all wrong in shadow.'

When appearances have gone, the shadows remain, he pointed out. The unconscious influence is the shadow of one's soul, which will always be

"You can bury your talent, but you can never bury your influence," he continued. "You cannot think crooked and live straight. Your influence speaks with blistering or blessed effect. What you do makes a noise, but what you are makes a shadow."

Dr. Bateman offered encouragement to those who have not done ahead, he said.

Twenty-Five Years of Service

For the past twenty-five years Hon. Henry Vaughan Watkins of Jackson has faithfully served as the president of the board of trustees of Hinds Junior College. It is fitting that on the silver anniversary of the commencement of Hinds County Agricultural High School that we pay tribute to him, for Mr. Watkins has gvien untiringly and generously of his time and effort in promoting the growth of the school.

"The Shadows We Cast"

As we write our parting editorial for the last issue of the 1942-43 Hindsonian, we think of the shadows which Hinds Junior College has cast during the last twenty-five years. These shadows were brought to our minds as we listened to Dr. Bateman's sermon to the graduates Sunday on "The Shadows We Cast."

They are those good qualities of life which through the years have been reflected in her graduates: H-onor; I-nspiration; N-ame, a good one; D-emocracy; S-cholarship. J-ustice; U-sefulness; N-obleness; I-ndustry; O-bedience; R-everence. C-ourage; O-pportunity; L-oyalty; L-eadership; E-fficiency; G-enerosity; E-ndurance.

HJC Alumni Association

Plans have been formulated by the sophomore class for the organization of an alumni association of Hinds Junior College. Officers of the association will probably be elected this week.

For many years departing students have considered organizing an alumni association, but for some reason have failed in perfecting their plans. We feel that the sophomores should be encouraged to take the necessary steps to "start the ball rolling."

While they are in the beginning stage, is would be well for the sophs to consider the following questions: Who will be eligible for membership-former students, graduates of the college department, or graduates of the high school division? How often will there be meetings of the association? What will be the purpose of the organization? Will there be any dues?

Hinds Junior College has many prominent alumni, whom we feel should receive recognition at our college activities from time to time. An alumni organization could certainly contribute in "keeping up" with former students.

It is appropriate that the alumni association be organized this year, since next session the college will observe her twenty-first year of college work. In 1922-23, the first year of college was added with thirty college students enrolled. Not until 1926-27 was the second year of college wrok added. The high school division is observing her twenty-fifth anniversary this session. The Hinds County AHS was opened in the fail of 1917, with an enrollment of 117 and a faculty of

Poet's Corner

THIS YEAR

By Clara Frances Beazley

Time rolls down the mystic caverns Which within them seem to hold All the secret springs of happiness Of its treasures unforetold.

And with it rolls a man's desires Carved from out his fancies dreams, Taking with them as the sunshine All that's beauty, all that gleams.

And love too rolls along that pathway Serene with all its virtues true, And Friendship's ardor everlasting True to one to whom fidelity is due.

Thus we see a lifetime's patterns With the shine of an intermittent

Flash before a soul's own conscience Reflecting the wrong and the right.

Senior Prophecy

May, 1953

Dear Polly,

Well, after ten years I've run across William Brown, who is still quite a lady's man.

I am having such an exciting time on my concert tour. It is surprising how many of our old classmates I have run across.

The other day, while in Jackson, I saw Joe Moss and Permelia Williams, (now Mr. and Mrs.)

Hardie Hays is in charge of the musical appearances in Jackson.

Mary Glynn Williams is teaching music in Bolton, where Billy Harwood is principal of the school and Mildred Hardy is a teacher.

When I left New York, this fall, I read that Mary Alice Jones would soon appear there.

Bradley Dent and Jack Dent are both members of the same basketball team in Memphis, Tennessee, and Cedric Barr is a member of a baseball team there.

While in Yazoo City I saw Charles Crawford, the Delta playboy.

When I was in Raymond not long ago, I saw June and Jack Thorn; Ruby Clyde Husbands and her soldier husband; Shirley Herron, Josephine Bryant, and Haller Hutchins, who are

Hindsonian Wins "First Class" **ACP Honor Rating**

For the first time The Hindsonian has been rated by Associate Collegiate Press judges as "First Class" or "Excellent." This rating places the local paper in the class with the ten best weekly junior college publications entered in the ACP Critical Service.

The three highest, or those having "All American" honor rating, in the junior college division of weekly publications, are News of Wright College; Pirate Press of Ventura Junior College; and Stephen's Life of Stephens College.

The only other junior college publication of Mississippi to be mentioned in the list of ACP ratings for the first semester is the Whitworth Whistle which is published only twice a month. The Whistle also won a "first class" rating in its division.

In addition to The Hindsonian the junior college weeklies winning national recognition as "first class" are as follows: Modesto Collegian, Modesto; Hyphen, Ward Belmont; Tartar Shield, Compton: Viking, Long Beach (Cal.); Warwhoop, San Bernardino Valley; Wilson College Press, Wilson City.

In the senior college division the Mississippian and the Spectator won "first class," and the Student Printz "third class."

Alumnae Recognized In Washington

Two HJC alumnae, Ensign Miriam Steen and Ensign Florence Hutchison of the WAVES, were mentioned in Kathleen Sexton's column "Mississippians at the Capital" in the Sunday edition of the Jackson Daily News. Ensign Steen, located now at 2000 Connecticut avenue, is working at the Navy Department in Washington. Concerning Ensign Hutchison the columnist writes:

"Ensign Hutchison has her own pilot's license. She is working in the Bureau of Aeronautics where she has little time for flying these days, however. She taught ground school aeronautics (at HJC) before becoming a WAVE and that is certainly something, because few women, even in these advanced times, have qualified as teachers of aeronautics."

While teaching high school mathematics here, Ensign Hutchison began her career in aviation, and earned her private pilot's license with a local CPT group.
